

HAD TO GIVE UP.

Suffered Agonies from Kidney Disorders Until Cured by Doan's Kidney Pills.

George W. Renoff, of 1953 North 11th St., Philadelphia, Pa., a man of good reputation and standing, writes:

"Five years ago I was suffering so with my back and kidneys that I often had to lay off. The kidney secretions were unnatural, my legs and stomach were swollen, and I had no appetite. When doctors failed to help me I began using Doan's Kidney Pills and improved until my back was strong and my appetite returned. During the four years since I stopped using them I have enjoyed excellent health. The cure was permanent."

(Signed) George W. Renoff.
A TRIAL FREE—Address Foster-Milburn Co., Buffalo, N. Y. For sale by all dealers. Price, 50 cents.

It is as easy to draw back a stone thrown by the hand as a word once spoken.—Menander.

Overcrowded.

It is a pretty dangerous thing to allow your system to get overcrowded with undigested foods—poisons, bile poisons, bowel poisons. Get rid of them by taking Dr. Caldwell's (Laxative) Syrup Pepsin, and you will, right away, feel such a wonderful change for the better, that you will never let yourself get into that condition again. Safe and pleasant relief and cure, for headache, constipation, biliousness, etc. Try it. Sold by all druggists at 50c and \$1.00. Money back if it fails.

Last Tuesday night the grand opera people left an order for twenty bottles of beer, six half pints and two bottles of whiskey.—Augusta (Ga.) Herald.

COMMISSIONER GARFIELD'S REPORT ON BEEF INDUSTRY.

The report of Commissioner Garfield on the beef industry has at last been published. It must be somewhat of a surprise to those who have been indulging in wholesale adverse criticism upon the methods of the Chicago packers, as it discloses facts and figures which clearly show that the great food producers have been innocent of the serious offenses with which they have been charged. They have been for a long time accused by newspapers all over the country of extortionate prices demanded, and obtained, of depression of value of cattle at the various stockyards where their business is conducted, of enormous profits wholly disproportionate to the capital employed, and in general, of so carrying on their business that the public, under an organized system of spoliation, were being robbed for their exclusive benefit.

We find now, however, that not a single one of these charges has been sustained but, on the contrary, that rigid and searching investigation, officially made, has resulted in complete acquittal. Instead of extortion it is shown that no industry can be found where so narrow a margin of profit prevails—the actual records and original entries, to which the commissioner had free access, showing that the highest net profit any of the packers made on their sales of beef was two and three-tenths per cent in 1902 and in one instance that the profit realized in 1904 was one and eight-tenths per cent.

The variations in the market prices for cattle are exhaustively treated and no evidence of any kind was discovered, or even hinted at, tending to show that values of cattle are in the slightest degree improperly affected or controlled by packers at any of the chief centers of the industry.

On the whole, the report completely dispels the prevalent idea that great fortunes are being amassed by illegal and improper methods employed by western packers, showing that notwithstanding the high prices for beef prevailing in 1902 the business was less remunerative than in years characterized by normal values, both for cattle and product. He says "that the year 1902, instead of being one of exorbitant profits, as has been commonly supposed, was less profitable than usual. In fact, during the months when the prices of beef were the highest, some, at least, of the leading packers were losing money on every head of cattle slaughtered. It was not possible to advance the price of beef in full proportion to the great advance in the prices of cattle at that time."

After all that has been written reflecting upon the great business interest engaged in the marketing and distribution of the product of one of the greatest of our national industries, it is gratifying to all fair-minded people that the prejudiced attacks upon it have failed of verification; and the great western packers may be congratulated for having passed through such a searching and thorough official investigation unscathed. The results of this investigation, based as it is upon exhaustive data, officially obtained and verified by United States government experts, must be accepted without hesitation, as the investigation was made under circumstances that guaranteed complete accuracy with a possible disposition indeed, to arrive at entirely different results.

THINK THEMSELVES TO DEATH

Thousands Said to End Lives by Morbid, Unhappy Thoughts.

"Thousands of people actually think themselves to death every year," says Suggestions, by allowing their minds to dwell on morbid subjects.

The idea that one has some incipient disease in one's system, the thought of financial ruin, that one is getting on in life without improving prospects—any of these or a thousand similar thoughts may carry a healthy man to a premature grave. A melancholy thought that fixes itself upon one's mind needs as much doctoring as physical disease. It needs to be eradicated from the mind or it will have just the same result as a neglected disease would have.

Every melancholy thought, every morbid action and every nagging worry should be resisted to the utmost and the patient should be protected by cheerful thoughts, of which there is a beautiful store in every one's possession. Bright companions are cheaper than drugs and plasters.

The morbid condition of mind produces a morbid condition of body, and if the disease does happen to be in the system it receives every encouragement to develop. We need more mental therapy.

Found at Last.

Alston, Mich., March 13th.—(Special.)—After suffering for twenty years from Rheumatism and Kidney Troubles, and spending a fortune in doctors and medicines that brought him no relief, Mr. James Culet of this place has found a complete cure for all his aches, pains and weakness, in Dodd's Kidney Pills.

Naturally Mr. Culet feels much elated over his cure and gives great credit to the remedy that gave him health.

"Yes," Mr. Culet says, "my rheumatism and Kidney Troubles are all gone and I feel like a new man. Dodd's Kidney Pills did it. Before I used them I spent a small fortune on doctors and one remedy and another. I cheerfully recommend Dodd's Kidney Pills to anyone suffering from Rheumatism or Kidney Trouble."

Dodd's Kidney Pills always cure sick kidneys. Healthy kidneys take all the uric acid—the cause of Rheumatism—out of the blood. That's why Dodd's Kidney Pills always cure Rheumatism.

A girl who lived out at Luzerne had a po who was crabbed and stern. He'd startle young men. By appearing at 10. And saying: "I move we adjourn."

DISFIGURED BY ECZEMA.

Wonderful Change in a Night—in a Month Face Was Clear as Ever—Another Cure by Cuticura.

"I had eczema on the face for five months, during which time I was in the care of physicians. My face was so disfigured I could not go out, and it was going from bad to worse. A friend recommended Cuticura. The first night after I washed my face with Cuticura Soap, and used Cuticura Ointment and Resolvent, it changed wonderfully. From that day I was able to go out, and in a month the treatment had removed all scales and scabs, and my face was as clear as ever. (Signed) T. J. Soth, 317 Stagg Street, Brooklyn, N. Y."

"It always makes me tired," said Uncle Allen Sparks. "To hear a man say he's trying to 'square himself' when he's talking all around the subject."

How's This?

We order One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known Mr. Cheney for the last 15 years, and believe him perfectly reliable in all business transactions and financially able to carry out any obligations made by him.

W. A. HARRIS, Kirkman & M'Kewen, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

Some men, who take the fidgets at the prospect of an hour in a church pew, can sit all night on a nail keg at a card game.—Dallas News.

Macaroni Wheat.

Salzer's strain of this Wheat is the kind which laughs at droughts and the elements and positively mocks Black Rust, that terrible scourge!

It's sure of yielding 50 bushels of finest Wheat the sun shines on per acre on good Ill. la., Mich., Wis., O., Pa., Mo., Neb., Ind. and 40 to 60 bushels on arid lands! No rust, no insects, no failure. Catalog tells all about it.

JUST SEND 10c AND THIS NOTICE to the John A. Salzer Seed Co., La Crosse, Wis., and they will send you free a sample of this Wheat and other farm seeds, together with their great catalog, worth \$100.00 to any wide awake farmer. [W. N. U.]

Some married women not only have the last word but all the rest of them.

Doctrs., 10250 Hunt Crayon Distc., Send your photo and name and we will make a free Hunt Crayon. Best Western Artists' Association, Dallas, Texas.

When hypocrites meet the devil has time to eat.

SHOE SHOPS OF JAPAN.

Sandals and Clogs the Only Commodities in Demand.

Like all other shops in Japan, a shoe shop opens a broad side to the street.

It seems a misnomer to call it shoe shop, a place where you can only buy sandals or clogs, things we are not accustomed to call shoes.

There is a low platform in front upon which the customer sits and drinks tea while making his or her purchases, the shopkeeper meanwhile squatting on his heels and discussing the news of the day.

The sandals worn by the rickshaw coolies are called warabi; they are woven of rice straw, and are sold for a halpenny a pair. They are made in the country villages, and the foreigner watches the weaving with amused interest.

The prehensible big toe of a Japanese is of great assistance, as it is used for catching and holding the straws, leaving the hands free to weave.

The pack horse wears straw shoes, as well as the farmer who leads him. New pairs are strung around the high saddle, and the slow moving beast is reshoed every few miles.

In the Japanese shop one will find many varieties of clogs; a few with caps, others plain. A few years ago the social position of a man, woman or girl was indicated by the kind of clog worn and the decoration on it.—London Chronicle.

Groesbeck Journal: Four railroad damage suits were disposed of at the present term of court. In two of which, the only cases contested, the railroad won before the jury. The other two were not tried, but compromised. It is beginning to look as though the old-time prejudice against the railroads and other corporations is disappearing. Much of this is due to the work of the newspapers that have been diligent in their efforts toward directing public sentiment to the great injustice that has been meted out to the railroads through the medium of the damage suit industry.

Justice will triumph in the end. The old theory that whatever could be gouged off a railroad company was legitimate spoil had its foundation in immorality and prejudice. Good jurors will not knowingly assist in the spoliation of a great corporation any more than they will help in any other kind of robbery.—Dallas News.

Liver Disease.

THE liver is the great filtering apparatus of the alimentative, or digestive, system. It filters the poison-loaded bile out of the blood.

When the liver loses active capacity to do this work, then the bile passes through into the general circulation and begins its poisonous work. Through the circulation of the blood it is disseminated throughout the body, gradually sapping the strength, clouding the brain, weighing down the energies, weakening the heart's action, infecting and undermining the system. Eventually the poison begins to accumulate at the skin, the kidneys, the bronchial tubes, or the lungs, until at last it settles and fastens itself at some point, which location may be far away from the liver; yet it is stagnation or congestion of the liver which is the immediate cause of the whole trouble.

SYMPTOMS OF LIVER COMPLAINT.

Not infrequently, in liver disease, the complexion becomes pale and sallow, there may be frequent attacks of bilious or sick headaches, bitter taste in the mouth, tongue coated white, or covered with a brown fur, unnatural, dry, harsh, or scaly condition of the skin, or branny eruptions, pimples, dark blotches, and troublesome itching. There are likely to be "backache," and tired feelings, lassitude and a sense of debility. There is depression of spirits and a decided tendency to be discouraged and despondent. There is loss or irregularity of appetite, uneasiness in region of the stomach, oppression, sometimes sour stomach, "heart-burn," nausea and "water-brash," flatulency, and acid eructations; the bowels become irregular, usually constipated, and occasionally subject to diarrhea, attended with colicky pains. The foregoing symptoms are not all present in any one case, nor are any two cases alike in every respect.

The only way to help a disordered liver is to treat it as it is—the great, organic, human filter. Doctor Pierce's Golden Medical Discovery cleanses and clears it; invigorates and revitalizes this most important organ by its wonderful alternative power. For biliousness, indigestion, weak stomach, and kindred ailments, the "Golden Medical Discovery" is a most efficient remedy.

Dr. E. V. PIERCE, Buffalo, N. Y.: Dear Sir—In the year 1890 I had an attack of indigestion and got so bad that my home doctor said he could not do me any good. I wrote to you and you advised me to use Dr. Pierce's Golden Medical Discovery, so I bought six bottles and when I commenced using it I was so weak could hardly walk about the house. By the time I had used one bottle my stomach and bowels commenced to heal. There were stripes of the lining of my stomach or bowels (I don't know which) as large as a man's two fingers passed and I had a great deal of misery in my stomach and bowels, and also in the rectum, especially. I could not eat anything without having much distress afterward, but by the time I had taken eight bottles of the "Golden Medical Discovery" I was cured and well, and could eat anything I pleased without suffering in the least. Could also do as much work in a day as I ever could. I have not suffered from the trouble since, and it was four years ago that I was so sick.

G. TAMER, Gordonville, Texas. If you are looking for a perfect laxative try Dr. Pierce's Pleasant Pellets.

YOU KNOW what YOU want. It's the dealer in medicines business to supply that want. If he urges upon you something else, he's thinking of the larger profit he'll make, not of YOUR welfare. Shun such a dealer.

This Pretty Girl Saved From Catarrh of the Lungs By Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 434 Maria street, Ottawa, Ont., writes: "A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently. I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since. I now have the greatest faith in Peruna."

Florence E. Kenah.

WOMEN SHOULD BEWARE OF CONTRACTING CATARRH.

The cold wind and rain, slash and mud of winter are especially conducive to catarrhal derangements. Few women escape.

Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh.

Pe-ru-na for Colds and Catarrh.

The following interesting letter gives one young woman's experience with Peruna.

Miss Rose Gerbing, a popular society woman of Crown Point, Ind., writes: "Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh and I bought a bottle to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I consider this money well spent. You have a firm friend in me, and I not only advise its use to my friends,

but have purchased several bottles to give to those without the means to buy, and have noticed without exception that it has brought about a speedy cure wherever it has been used."—Rose Gerbing.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.
