MILLINERS AGAINST FAD FOR UNSEASONABLE HATS

By CORA MOORE, New York's Fashion Authority.

With summer's veils at their height, hat and milliners, New York has been busy with the fad for unseasonable hats. The fad is not a new one, but it is a fad that is still in the making, and it is a fad that is still in the making.

The fad is not a new one, but it is a fad that is still in the making, and it is a fad that is still in the making. The fad is not a new one, but it is a fad that is still in the making, and it is a fad that is still in the making.

MRS. M. E. SMITH, prominent Tampa, Florida, woman who says, thanks to Tania, she is now able to walk around without the help of a cane after eight long years of suffering.

"I am so glad my health is being restored after suffering for over eight years with rheumatism and neuritis that I feel like telling everybody about Tania." was the enthusiastic statement made recently by Mrs. M. E. Smith, of Tampa, Fla., who is now able to walk around without the help of a cane after eight long years of suffering.

The rheumatism from which I had suffered for over eight years before I had started using Tania, was so bad that I could not walk without the help of a cane, and I was so weak that I could hardly get out of bed. I tried many medicines but nothing helped me and I almost despaired of ever getting any better.
