Proprietor Examiner and Patron.

OFFICE TEXAS GRANGE, MANUFACTURING CO., KELLEYVILLE, October 5, 1875.

Ed. Examiner and Patron:

Owing to a failure so far, to obtain a correct list of the subordinate Granges in the State, we have concluded to say to the officers and members of the Granges who failed to receive the circular letters of the directors of the Texas Grange manufacturing Company, that they can act upon the matter by referring to the letter as it appears in the columns of your paper. We are turning out three hundred dollars worth of finished stock per pay, and on Wednesday next the 6th inst, expect to start on full time, from which date we will turn out six hundred dollars worth per day. This increase of production we deem necessary to meet the demand that the influence of the Order will create for our wares the approaching season. We will only add that so far everything is encouraging and feel assured that a united effort is only necessary to enable us to meet the high expectations of the members of the Order.

It is unnecessary in the effort of the Order to establish this enterprise, to make a very strong pull, but it is essentiall y necessary that they pull all together. As an investment no legitimate business can promise better returns. We have the requisite facilities for producing the best of articles and at as low figures as the same can be manufactured at in Louisville, Ky. It would be better for the interest of the business as well as for the general interest of the Order for the stock to be taken in small amounts by Patrons living in the various portions of the State.

Then we would suggest that every one who has the interest of the enterprise at heart, and the means to spare to take one, two, five or ten shares, should do so at once, so that the preparations may be extended and the business pressed to meet the wants of the farming interest, any reference or information desired will be readily furnished. Respectfully,

G. A. KELLEY, Gen'l Sup.

DR. C. M'LANE'S
Celebrated American
WORM SPECIFIC,
OR
VERMIFUGE.

SYMPTOMS OF WORMS.

THE countenance is pale and leaden-colored, with occasional flushes, or a circumscribed spot on one or both cheeks; the eyes become dull; the pupils dilate; an azure semicircle runs along the lower eyelid; the nose is irritated, swells, and sometimes bleeds; a swelling of the upper lip; occasional headache, with humming or throbbing of the ears; an unusual secretion of saliva; slimy or furred tongue; breath very foul, particularly in the morning; appetite variable, sometimes voracious, with a gnawing sensation of the stomach, at others, entirely gone; fleeting pains in the stomach; occasional nausea and vomiting; violent pains throughout the abdomen; bowels irregular, at times costive; stools slimy, not unfrequently tinged with blood; belly swollen and hard; urine turbid; respiration occasionally difficult, and accompanied by hiccough; cough sometimes dry and convulsive; uneasy and disturbed sleep, with grinding of the teeth; temper variable, but generally irritable, etc.

Whenever the above symptoms are found to exist,

DR. C. M'LANE'S VERMIFUGE

Will certainly effect a cure.

The universal success which has attended the administration of this preparation has been such as to warrant us in pledging ourselves to the public to

RETURN THE MONEY

in every instance where it should prove ineffectual: "providing the symptoms attending the sickness of the child or adult should warrant the supposition of worms being the cause." In all cases the Medicine to be given IN STRICT ACCORDANCE WITH THE DIRECTIONS.

We pledge ourselves to the public, that

Dr. C. M'Lane's Vermifuge

DOES NOT CONTAIN MERCURY in any form; and that it is an innocent preparation, *not capable of doing the slightest injury to the most tender infant.* Address all orders to

FLEMING BROS., PITTSBURGH, PA.

P. S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. C. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

A BOOK FOR THE MILLION.

Marriage Guide.

A Private Counselor in the Married, or those about to marry, on the physiological mysteries and revelations of the sexual system. With 44 plates illustrative in the science of reproduction, preserving the organs of life.

This is an interesting work of two hundred and sixty pages, with numerous engravings, and contains valuable information for those who are married or contemplate marriage; still it is a book that ought to be kept under lock and key, and not left carelessly about the house.

It contains the experience and advice of a physician whose reputation is world wide, and should be in the private drawer of every male and female throughout the entire globe. It embraces everything on the subject of the generative system that is worth knowing, and much that is not published in any other work.

Union Stock Yards---Chicago

THE UNION STOCK YARDS,

Chicago.

THE LARGEST AND BEST

Live Stock Market

IN THE WORLD.

The entire system of the railways of the West centers here, making the Union Stock Yards the most accessable point in this country; the capacity of the Yards; the facilities for reloading, feeding and reshipping, or for the sale of stock are unlimited.

There is no point in the United States where stock will find as satisfactory market and sale to the Shipper, as the Union Stock Yards.

The quality of feed and accommodations given cannot be surpassed at any point in the country. The great city of banking houses, that are located here; the large bank capital, and the large number of buyers for the Eastern market, constantly on hand, makes this a quick, active and independent market. Cattle from the North, West, Southwest and especially Texas, should reach this market without fail, in order to procure the best prices. This is strictly a cash market.

THE HOUSTON CITY MILLS

CAN BE REBUILT.

THE STATE WILL BE

Benefited by its Continuance!

The People Want the Goods!

They can be Manufactured out Of our Own Material, by Our Own People!

We have the experience and the results of over six years work, in addition to the grounds, buildings, machinery, etc., to start with.

The superior quality of our goods suited to the wants of our State has been established.

The further investment of *One Hundred Thousand Dollars* will place the Mills in a better shape than it was before the fire, and secure to stockholders a fair interest upon their money, besides the building up of an institution of direct benefit to this section, and of general interest to the State.

The present situation, with the improvements, machinery and fixtures, will be placed at its present cash valuation for stock in the new organization.

On the securing a like amount, say sixty thousand dollars, an organization will be effected under the general incorporation laws of Texas.

Shares of Stock.

Shares, *One Hundred Dollars Each*, in five installments, payable first of October, November, December, January and February next, are now offered to our citizens. Subscriptions will be taken payable in material or labor, at its cash value.

The books are now open at the Sales Room, 43 Main street, Houston, where any further information may be had on application to JAS. F. DUMBLE,
sep4d&wtf Agent.
