

FARMERS FEAR LANDS WILL BE 'JUMPED'

DENVER, Oct. 16.—(P)—An incipient land war troubled many Colorado farmers today, despite assurance from the department of the interior that they would not lose their property as a result of adjustment of the railroad land grants of 1867.

Assurance that farm families would not be evicted in favor of homesteaders was little consolation to the many who did not receive proper title or deed from the Union Pacific railroad when they bought the land more than a half century ago.

Land office attaches said these would have legal difficulty in resisting the claims of a "jumper." The area in question embraces nearly 20,000 acres, which the interior department held to be the excess of the 1867 grant to the Union Pacific.

Present owners of the land, the local land office announced, must either homestead their farms or pay the government \$1.25 an acre, the price at which government lands were allotted the railroads.

Many of the farmers who grew old on the soil have retired and rented their farms to others. To homestead their property they will have to return and begin again.

Farm leaders said the fee of \$1.25 an acre, because of present agricultural conditions, will prove an unbearable burden.

4 MURDERERS ELECTROCUTED

CHICAGO, Oct. 16.—(P)—Four murderers were electrocuted in the electric chair at the county jail shortly after midnight today.

A fifth was saved from death at the last minute by issuance of a stay based on an insanity petition. Those executed were:

Frank Jordan, alias Carlson, 30, convicted of slaying policemen Anthony Ruffy and Mounted Policeman Patrick Durkin.

Charles Rocco, 24, and John Popescue, 21, sentenced for the fatal stabbing of Courtney Merrill, south side banker, during a robbery.

Richard Sullivan, alias Davis, 35, who shot Christ Patras, restaurant proprietor.

Frank Bell, condemned to die for the same crime for which Sullivan was electrocuted, was granted a stay of execution thirty minutes before the time set for him to march into the death chamber. Warden David Moneypermy had sought clemency in Bell's behalf because he had helped to thwart a jail break in which a prisoner had planned to shoot his way to freedom with a smuggled pistol.

NEW CITIZEN

HARLINGEN—A girl, weighing 11 pounds has been born to Mr. and Mrs. L. W. Luttinger of Lyford at the Valley Baptist hospital.

PRIZE MILK-FED BABIES

These three milk-fed babies at a Sacramento, Calif., zoo have just celebrated their first birthday. They're just the size for pets now but within a few months they'll grow into real lions, too large and playful for the drawing room.

American Victory At Yorktown Celebrated

YORKTOWN, Va., Oct. 16.—(P)—On the battlefield where Cornwallis surrendered to Washington and Lafayette 150 years ago thousands of Americans gathered today to celebrate the sesquicentennial anniversary of the battle which made their national existence possible.

Yorktown, the tiny village of history, once more resembles an army camp. Far beyond the celebration area stretch the tents of the modern naval vessels ride at anchor. As a reminder of the fleet of Comte de Grasse which poured shot and shell into the British redoubts during the battle, the old frigate Constitution was to join the fleet later in the day and remain at anchor throughout the celebration.

As the thousands gathered to celebrate the beginning of the national period, the commonwealth of Virginia presented a testimonial of the affection of the state and nation for the mother country which had protected them through the 174 years of the Colonial period between Jamestown and Yorktown.

French allies of the Americans at Yorktown were likewise honored in a memorial erected by the Daughters of the Revolution to Baron Gaspard De Gallatin, an officer of

the Swiss guard of Louis the Sixteenth in the grenadier company of the Royal Deux-Ponts regiment in Rochambeau's first brigade.

Today was Colonial Day at the sesquicentennial. Among its interesting attractions was a fair with the amusements known to the colonists of the eighteenth century.

Texan Sentenced

SAN MARCOS, Oct. 16.—(P)—Andrew J. Wimberley, 64, father of 13 children, was under a five-year suspended sentence today.

Wimberley pleaded guilty to a charge of murder in the slaying of Riley W. Plant, San Antonio real estate salesman, here Oct. 11, 1929.

INCREASED AND DECREASED

Building permits issued in Canada during July, 1931, showed an increase of \$2,408,767, or 28.4 per cent as compared with the month of June, but a decrease of 4,945,276, or 31.3 per cent as compared with July, 1930.

MORROW LEFT \$20,000,000 ESTATE, SAID

NEW YORK, Oct. 16.—(P)—The American, quoting "an informed source," says the late senator Dwight W. Morrow of New Jersey left an estate of "close to twenty million dollars."

Only half of the total, according to the American is subject to inheritance taxes, the rest of the fortune being in the form of accounts carried in the names of members of his family and others. These accounts, estimated at \$10,000,000, are technically not part of the estate.

Mrs. Morrow Executor.

The newspaper understands Mrs. Morrow is named sole executor and to her will go a life interest in the estate after bequests to friends, servants and charities are taken out.

Accounts totalling \$1,500,000, the newspaper was told, were carried in the names of Morrow's four children. Other accounts are believed to be in the names of Amherst college, the late senator's Alma Mater, and Smith college, where Mrs. Morrow studied. Each institution received large gifts from Mr. Morrow during his lifetime.

Property Holdings.

Heavy real estate holdings are included in the estate. The home at Englewood, N. J., where Sen. Morrow died early this month, is valued at half a million dollars, and the summer home at North Haven, Me., is estimated to be worth \$100,000. Mr. Morrow's equity in a New York apartment building was fixed by the American's informant at \$1,500,000. The will probably will be filed for probate next Wednesday or Thursday.

Akron Up Again

AKRON, O., Oct. 16.—(P)—The U. S. S. Akron, world's largest airship, today began her longest and probably her final cruise before being turned over to the navy. The ship took off at 5:50 a. m. Central Standard time, for a 48-hour endurance flight that is expected to cover 2,000 miles.

Navy's Budget Cut Reported Accepted

WASHINGTON, Oct. 16.—(P)—Pres. Hoover believes the navy department has succeeded in trimming millions of dollars from its 1933 budget without impairing the efficiency of the service.

Receiving the curtailed estimates, which reduced by almost \$61,000,000 the planned \$401,000,000 expenditures of the navy, the White House said they were acceptable. It added that the effort had been strong and successful.

Sec. Adams, however, emerged from the chief executive's office, after delivering the new estimate, without his customary smile. His only comment was that the naval budget had been discussed.

Pres. Hoover demanded the curtailed program for the navy several weeks ago after pointing out that the \$401,000,000 figure was \$40,000,000 more than appropriated this year.

Curtailed of the fleet's construction program is not favored by the president. The presumption is that the decreases have been effected through reduced fleet activities and enlisted men of both the navy and the marine corps, and by the elimination of some naval yards.

The statement of Sec. Adams that rotation of the fleet, through laying up a fifth of the vessels, was one of the curtailment proposals under consideration also was widely discussed.

WATCH CALUMET'S DOUBLE-ACTION start autumn appetites cheering

TRY THIS on your family some frosty morning soon. Make a batch of Calumet biscuits. Just use the easy recipe given—and use Calumet, the Double-Action Baking Powder. Then set your biscuits on the table—and discover—the grandest biscuits ever!

How tempting they look—how fragrantly golden! Break one open—it's light and fluffy as a cloud. Then watch your family go for them! And you, too, will be praising Calumet's Double-Action for life.

What do we mean—Calumet's Double-Action? How can it make such a difference in baking? . . . Listen Calumet acts twice. The first action, in the mixing bowl, begins the leavening. Then, in the oven, the second action continues the leavening. Up! . . . up! . . . it keeps raising the dough or batter and holds it high and light. Biscuits, cakes, quick breads—everything you bake turns out perfectly—beautifully!

AND SEE WHAT A SAVING!—The easy, tested recipe given here is a Calumet recipe—specially designed for the Calumet proportion—only one level teaspoon to a cup of sifted flour. That's the usual Calumet proportion and should be followed for best results—a splendid economy! And remember, it's the perfect efficiency of Calumet's Double-Action that makes this economical proportion possible.

And when you see the transformation Calumet's Double-Action causes in your baking—you'll know it's the real bargain baking powder. A bargain—because it prevents disappointing failures, wasted time and ingredients. A bargain—because it brings you unfailingly the kind of baking you can take real pride in. And that's the bargain that counts most in baking! Get Calumet at your grocer's to-day. See why it is the world's largest-selling baking powder! . . . Calumet is a product of General Foods Corporation.

CALUMET BAKING POWDER BISCUITS

2 cups sifted flour
2 teaspoons Calumet Baking Powder
1/2 teaspoon salt
4 tablespoons butter or other shortening
1/2 cup milk (about)

Sift flour once, measure, add baking powder and salt, and sift again. Cut in shortening; add milk gradually until soft dough is formed. Roll 1/2 inch thick on slightly floured board. Cut with floured biscuit cutter. Bake in hot oven (450° F.) 12 to 15 minutes. Makes 12 biscuits.

(All measurements are level.)

GET PROOF! See Calumet act twice!

These pictures illustrate the famous Calumet Double-Action Test. You'll find full directions for making this easy test inside every Calumet can. Try it! See for yourself how Calumet acts twice to make your baking better.

a little goes a long way because it's CONDENSED

White King Granulated Soap is Condensed. That's why there is greater value in the White King package. It means economy for you. All possible moisture and air is removed when it is made, and no artificial fillers or bulk are added. It is just all mild, pure condensed soap—packed with suds and washing power in every grain.

Mild and efficient; the pure vegetable and nut oils that go into White King make this soap fully efficient

in the lukewarm and cool water that modern fabrics demand. Cool water spares tender hands from irritation. Hot water that ordinary soaps require is just as hard on your hands as it is on your clothes.

White King works equally well for every household use from dish pan to washing machine. You'll save money on the soap bill when White King is used—the modern, condensed soap that gives greater value.
