Harlingen Glee Clubs On Program

HARLINGEN, Oct. 16.—A splendid program was given at the high school assembly Wednesday at 9 o'clock by the boys' and girls' glee clubs. Mrs. F. L. Crown, director. The girls, in modish white uniforms, were a most attractive group. Miss Elizabeth Chaudoin was accompanied for part of the program and Mrs. Al Jones played for her sister, Blanche Baker, in two lively tap dances. The program opened with the singing of a group of favorite songs. The girls' glee club sang two beautiful numbers. Madeline Rudy gave a humorous reading and Cloyce Parsons sang. Elizabeth Chaudoin was pianist. The boys' club made a hit with two songs.

MRS. McINNIS CLUB HOSTESS
Twenty four members and two guests were assembled at the home of Mrs. C. R. McInnis in the Briggs-Coleman tract Wednesday afternoon when she was a delightful hostess for the Clio club.

Corona was the keynote of the decorations and the color scheme. Bouquets of pink canna and pink and white shaded hibiscus were attractive.

The president, Mrs. Otto Ingerdof, presided at the business session. It was decided to begin work on year books.

Miss Dorothy Porter, Cameron county home demonstration agent, was present and took charge of the program. Subject for demonstration next month will be wardrobe accessories. Programs for the coming year that will be taken up are: use and care of the pressure cooker, time for planning, clothing, pictures and their proper hanging and foundation and screen plantings. It was decided to send the educational loan fund dues for the Home Demonstration federation.

A social half hour was devoted to singing old time songs and favorite hymns. The hostess served delicious refreshments.

The next meeting will be in the form of a Halloween party. Mesdames D. R. Bowden, A. W. Dixon and J. D. Rose are the social committee. The club sent their names to the band and Mr. Lyday in appreciation of the splendid concert given Monday. Guests present were Mrs. C. D. Craig, Mrs. G. P. Grace, who are members of the Briggs-Coleman school faculty.

IN NEW RESIDENCE
Mr. and Mrs. Gerald McKenna are now located at 1218 E. Taylor street, having moved there this week.

SHAKESPEARE PROGRAM
TOPIC THURSDAY

The study club had Shakespeare as the subject for their program Thursday afternoon at the Women's Building. The course outlined for the year is on English literature. This phase is the Elizabethan Period. Mrs. Finley Ewing will be director of the program. Quotations from Shakespeare will answer for roll call.

Mrs. Polk Hornaday will present Shakespeare, The World's Drama.

"Drink All the Coffee You Like Within Reason," Doctors* Now Say!

Watch the Kind...That's All!

Rare Mountain Coffees Of Central America Are Safe, Far Finer Flavor, Too, Because Nature Herself Leaves Out Rank, Noxious Oils

Drinking Samples of Rare Mountain Coffees in Central America. Experts agree no other coffee grows so free of rough offensive oils.

Native Minstrels serenade a Folger Coffee buyer in Central America.

NOW comes the highest scientific opinion to upset completely all our old ideas about coffee drinking.

You often hear, for instance, even those who love coffee most say they can't drink it at all. Or can drink only a cup a day. Or can drink it only in a "denatured" form. This because of the effect it has on the digestion and nerves.

Now doctors tell us we can escape all this. Anyone, they say, can drink coffee. And as much as one likes within reason.

For they now find that it's not how much coffee you drink, but the KIND of coffee you drink, that influences your digestion and nerves.

Avoid Doubtful Coffees!

The so-called coffee ills of nervousness, indigestion, headache, etc., they now tell us, come from certain rank, noxious oils. It's not coffee itself, but these oils that upset your nerves and stomach, and they are not found in FOLGER'S Coffee.

Mountain Coffees Are Safe

In Folger's we use a coffee that is grown on the western slopes of mountains in Central America. A region where Nature produces probably the finest coffee known today. It has a rare tangy flavor and mellow rich body not duplicated anywhere else in the world. And in this rare coffee, Nature leaves out the noxious, offensive oils that abound in rank and doubtful coffees.

Endorsed by Doctors

2,571 doctors* recently tested actual samples of Folger's Coffee. They report that, in their opinion, it can be drunk by any normal person without anxiety. And that its fine stimulation is actually beneficial to the average, normal person.

Folger's is packed in key-opening vacuum

tins. Any can you buy is always fresh. As fresh as it was 30 minutes after it left the roaster.

Try Folger's for a week. You'll enjoy a flavor that experts concede is not duplicated by any other coffee grown. Note its wonderful invigoration. Note its after-effect.

And you'll realize why tens of thousands of housewives are discarding cheap, ordinary coffees for this richer, finer kind that is safe.

*Signed statements to this effect, from 2,571 physicians who have actually tested Folger's Coffee, are on file in our offices.
