

LABOR VOTES APPROVAL OF DRY CHANGES

—VANCOUVER, B. C., Oct. 16. (AP)—The American Federation of Labor has handed an officially approved unemployment relief program to America and ended its 51st annual convention here.

In a seven-point program to deal with the business depression, the convention yesterday reaffirmed its stand for modification of the Volstead act to permit the sale of 2.75 per cent beer. Resolutions advocating repeal of the eighteenth amendment and the Volstead act were sidetracked.

Ask Appropriations

William Green, re-elected president of the federation by acclamation, is pledged to "go to congress and demand appropriations to relieve every hungry man, woman and child in the country" if the nation fails to reduce unemployment in other ways.

Here are the chief points in labor's program:

1. Maintenance of the United States wage standard to keep up purchasing power.
2. Shorter working hours, on the ground that industry should share the benefits of the machine age with labor.
3. Prohibition of child labor.
4. National planning to balance production and consumption.
5. Employers to take on more workers, the idea being that industrial leaders should "care for their men as a father cares for his children."

Nation Obligated

6. Creation of work through public building and construction, on the theory that the nation is obligated to look to the welfare of all its citizens, although the convention voted down emphatically the unemployment insurance of "dole" system.

7. Strengthening of employment agencies, equitable distribution of all work, more even distribution of wealth through taxation in the higher brackets and stimulation of industry by resumption of brewing of mild beer.

MOVIE SIDELIGHTS

AT CAPITOL

"East of Borneo" is one of the most remarkable motion pictures ever shown in Brownsville.

This unusual drama opens an engagement at the Capitol Theatre today and tomorrow, as a picture which has something to offer in addition to a highly interesting story.

It concerns an Oriental rajah, an American woman and her former husband. The latter, embittered by his unsuccessful marital venture, has chosen literally to bury himself in the Malay jungles where he is the only white man, and where he acts as personal physician to the rajah of the district. The wife, feeling the return of her old love for her former husband, follows him to this tropical outpost, and it is after her arrival that the story takes on an unusual quality of tense drama. With the indigenous husband repulsing his former wife, and the rajah casting covetous eyes on her, a situation is created which leads to exciting events and a most thrilling climax.

The cast, headed by Rose Hobart and Charles Bickford, is excellent. These two players are ideally suited to their roles, as are also Georges Renavent, Lupita Tovar and Noble Johnson. The efforts of these artists are supplemented by several hundred native Malays, who supply the "finishing touch" to a screen production which is in every way

DITTMANN

A cast of the greatest comedy stars from both the stage and screen appear in the hilarious comedy sketches of "King of Jazz," the Universal super-extravaganza starring Paul Whiteman and his band which comes to the Dittmann theatre on Friday.

With Whiteman, Laura La Plante, Jeanette Loff, Glenn Tryon, Merna Kennedy, Kathryn Crawford, "Slim" Summerville and others from the screen, and Billy Kent, Grace Hays, the Sisters G. George Chills, Jeanie Lang and

SICK HEADACHE From Constipation

HERE is a purely vegetable medicine which has benefited thousands of men, women and children, and which you should try when troubled with constipation, or biliousness. Mr. H. H. Rogillo, of Lake Charles, La., writes: "When I let myself get constipated, I feel dull and sluggish and all out of sorts, not equal to my work. When one has this feeling it is time to take something before he feels worse. I certainly have found Black-Draught quick to relieve. I used to have severe headaches and suffer a great deal. I found this came from constipation, and that Black-Draught would correct it. That is why I began using Theodor's

BEHIND THE CURTAIN

Scene from "East of Borneo", Universal picture, showing today and tomorrow at the Capitol.

other musical comedy and vaudeville stars from the stage, the clever sketches provide laughs between the spectacle numbers of the picture.

There are six of these sketches in the revue, all photographed in Technicolor and recorded in all-Movietone just as are the colorful song specialties and the musical specialties are blended with spectacle, and comedy with both.

"King of Jazz" is Whiteman's debut on the screen, both as the world's most famous maestro of music and as a comedian in person. One of the sketches was especially written as a vehicle for his comedy talents.

QUEEN

The romance of the old West, not yet faded before the sweep of civilization and industrialization, lives again in vivid, thrilling moments of action and adventure as Hoot Gibson's latest and most realistic production, "Clearing the Range," is screened at the Queen theatre tomorrow only. The western special, dealing with life on the limitless plains.

Gibson's ability for humanizing the usually stagey and h-o-o role of the cowboy makes the character of Curt Prentiss a likeable and interesting one. Thrilling fights, clever comedy and amazing intrigue create high entertainment, but through it all the main character is real, rather than movieque.

Sally Eilers is pretty and convincing as the scornful girl whose flashing eyes brand the "peaceable" cowboy as a coward. She only knows what she sees—and Hoot, for reasons of his own, doesn't care to be seen in his true light as a reckless, fearless adventurer. Juan, his Mexican partner in nocturnal "banditry," is played splendidly by George Mendoza.

When M. H. Hoffman, Jr. produced "Clearing the Range" for Allied Pictures, he remembered that magnificent scenery and good photography are an element in outdoor stories not to be ignored. And the producer didn't forget, either that a long-suffering public is tired of the ceaseless chatter of too much dialogue. "Clearing the Range" is free from the excess of talking which has seemed so painfully present in many pictures of the past two years.

RIVOLI—SAN BENITO

The first American college story authentic in all its details, "Confessions of a Co-Ed," has been brought to the screen by Paramount and will open a two day showing at the Rivoli theatre, starting today.

"Confessions of a Co-Ed," based on the intimate facts in the day-to-day diary of an anonymous co-ed, whose own highly dramatic and intensely emotional experiences reflect the thoughts and actions of all modern college youths, deals with

INSANITY ON GROWTH WITH CIVILIZATION

NEW YORK, Oct. 16. (AP)—The price of civilization is an enormous amount of insanity, says Dr. Charles H. Mayo, of the Mayo Clinic, Rochester, Minn.

In an address before the American College of Surgeons on "Adding years to your life," he said: "The world has moved ahead so fast in material civilization that man has almost got behind in his power of adaptation. Every other hospital bed in the United States is for mentally afflicted, insane, idiotic, feeble minded, or senile persons. There is an enormous number who are almost fit for the asylum."

"Many people live to an age when they are dependent and senile. Only 5 per cent of our people at the age of 65 have independent means. I would rather die when my brain fails than to live on." He said we passed through more

wonders of life in 40 years than was possible for old people in the past.

Good health, he said, rested with the individual, who must learn to take care of his health early in life.

Dr. George W. Crile of Cleveland said emotions, fear, worry, hate and jealousy affect every cell in the body.

MARRIED ON A DIME

ROSWELL, N. M.—Mr. and Mrs. William Blair have more courage than most people. They got married here with only ten cents between them. Both are cross-country bikers, and on reaching Roswell were married gratis by Magistrate W. C. Winston. With ten cents, a change of clothing and packs, they left town for most any destination.

WINK COSTS \$5

LANCASTER, Pa.—Five dollars a wink. That's the rate which is charged in Judge Groff's court. While testifying at a trial, Helen Seville suddenly winked at the defense counsel. The judge interrupted the testimony and asked the girl why she winked. She admitted the wink with the statement that she had done it for no purpose and had winked at no one in particular. The judge fined her \$5.

The TRUTH ABOUT BRAN

WITH so many opinions about bran, it is well to know the facts. Here are the results of laboratory tests with bran:

Bran is a good source of Vitamin B. This vitamin helps tone up the intestines and keep them regular.

Bran also supplies "bulk" which further aids intestinal action. The "bulk" in bran is much like the "bulk" you eat in lettuce or other leafy vegetables.

This "bulk" absorbs moisture—like a soft sponge—and gently cleanses the intestines of wastes. Bran also brings the body needed iron for the blood.

A pleasant, safe bran cereal is Kellogg's ALL-BRAN. Millions of people have used it with satisfactory results over a period of ten years.

Two tablespoonfuls daily of this delicious ready-to-eat cereal are usually sufficient to prevent and relieve both temporary and recurring constipation. If you suffer from intestinal trouble not relieved this way, consult your doctor.

Kellogg's ALL-BRAN has a wonderful nut-sweet flavor. Enjoy with milk or cream, or use in cooking. Sold by grocers. Made by Kellogg in Battle Creek.
