

SALT LAKE HERALD.

BY THE HERALD PUBLISHING CO.

WITH OUR COMPLIMENTS.

Every regular advertising patron of THE SALT LAKE DAILY HERALD will, by calling at the counting room, be given a service and hand some present.

BRIEF AND BREEZY.

THE races will commence tomorrow afternoon.

The Independent Citizens have opened headquarters in the Hooper block, and are preparing to make a vigorous campaign.

MR. JAMES SWIFT, of Denver, inventor of the Swem automatic switch, now in use on many of the western railroads, is in the city.

LARGE parties are still making arrangements to take advantage of the low rates to the fair, and railway ticket men are kept busy.

Mrs. A. E. MILLET, an old lady who has been blind for several years, died in the Fifth ward on Monday. The funeral will be held at 10 a. m. today.

STEPHEN PATTERSON, a 12-year-old boy, was arrested last evening on the charge of malicious mischief, but was allowed to go upon his own recognizance.

MR. SHONMAKER, of this city, has been engaged as editor for the Masti Messenger, a Republican paper which will appear in that thriving burg in a short time.

THE Women's Christian Temperance Union of Utah will hold its third annual convention at the First Presbyterian church on Thursday and Friday, Oct. 5 and 6.

THIS afternoon, the shooting match between Anderson, of the Salt Lake creek and Becker, of Ogden, took place. Local sportsmen are much interested in the result.

NEGOTIATIONS are pending for a glove contest between Frank Purcell, who has made such a good record on the coast, and Henry Williams, of the mill is arranged, it will be a hot one.

IT now looks as though W. P. Noble would be the Liberal candidate for mayor, and it is understood that D. P. Tarpey has been asked to be the Conservative candidate for the nomination for marshal.

WILLIAM K. McALLESTER, formerly traveling agent of the Burlington, with headquarters in this city, will be married today in Atchison, Kan., to Miss Gussie Hughes of that place. They will live in Denver.

LAST night an ex-policeman and ex-detective, who now figures as a politician, was "touched" for his watch by an acquaintance "just for the fun of the thing." The watch was stolen and returned to the owner, who was much chagrined at being caught napping.

THE monthly meteorological summary for September, issued yesterday, shows that the mean temperature was 63, the maximum 89, and the minimum 35. The greatest daily range of temperature was 58, and the least 9. The total precipitation was 1.30, and the number of cloudless days 22.

THE Y. M. C. A. debating club last evening discussed the question, "Resolved: That the House of Lords should be Abolished Without a Substitute." Messrs. Collins and Reed taking the affirmative and Messrs. Hovatt and Husted the negative. The decision was unanimously in favor of the negative.

IT now turns out that R. G. Thurston, the man who is supposed to have committed suicide here on Thursday, had no relatives in Denver. Colonel Taylor received a telegram from Mr. Ives, of the Ives Publishing company, Denver, for whom the deceased formerly worked, suggesting that he telegraph to Buffalo, N. Y. It is believed that Thurston was an assumed name. The remains will be interred in the city cemetery today.

ATTORNEYS BROWN & HENDERSON, the legal advisers of Contractor Bowman of the joint city and county building, are preparing a complaint, which will be entered in the Third district court in a few days by which Mr. Bowman claims damages from the city and county in the sum of \$57,000 for breach of contract. The defendants have failed to make the stipulated payments as they became due and for chances made in the original plans as defined in the contract.

AT 6 a. m. yesterday the thermometer registered 38 and at 8 p. m. 72, the maximum temperature being 82 and the minimum 49. Observer Salisbury's forecast for 36 hours ending at 6 p. m. today is: Fair weather and calm, with a light breeze; comparative report for yesterday was as follows: 8 a. m.—Salt Lake, 52; Baker City, 36; Cheyenne, 43; Helena, 40; Milwaukee, 32; Winnebec, 42; Idaho Falls, 36; 10 a. m.—Salt Lake, 56; Bingham, 46; Orford, 40; Logan, 46; Park City, 45; Provo, 45.

Large stock imported and domestic wools. Buckle & Son, Tailors.

Abstracts furnished, titles insured and E per cent. paid on deposits by Utah Title Insurance and Trust Co., 160 Main street.

See Union Pacific Conference rates ad. on page 4.

Removal. Mrs. Christy has removed to 48 Main st.

MAKING LIBERAL VOTERS.

Increasing the City's Employees for November 7.

TWO HUNDRED NOW ADDED.

Warm Springs Lessees Want Their New Lease Cancelled.

Will Cost \$28,000 to Make the Water Pipes Safe from Frost—Auditor Haybold Wants Help to Make Out Warrants—Notes.

The city council met last evening in regular session. All members were present and the chair was occupied by President Loofbourou.

There seemed to be a disposition on the part of the council to increase the number of men in all the departments where possible. The retrograde movement was not sign of entirely, although there does not appear to be any improvement in the city's finances. This near approach of Nov. 7, election day, may account for this desire on the part of Liberal councilmen to increase the city's employees so as to make a corresponding increase in Liberal votes.

It appears that through the grading down of streets or other causes over 17,000 feet of water pipes are laid so near the surface that they will be in danger from frost and fifty men were ordered put to work to cover them over or sink them to a sufficient depth to make them safe. This work, it is estimated, will cost the city \$28,000, but it appears it has got to be done to keep the pipes from freezing.

Mr. Simond introduced a resolution to the effect that Second South street and South Temple street from West Temple street to the depot be macadamized so as to afford a better approach to the city from the Denver & Rio Grande and the Union Pacific depots. This would necessitate the employment of a large number of men.

The resolution was referred to the street supervisor and the city engineer for an estimate of the cost.

An extra force of men was ordered put on the sidewalk paving on First South and West Temple streets. Although the city employees were increased by about 200 and if Simond's resolution is adopted, the streets leading to the depots, it will mean an increase of at least as many more, and as Mr. Moran said, every man would be a job for the prospect that he will find a job for, the prospect that he will find a job for, the prospect that he will find a job for.

Referred to the committee on water works with power to act.

POLICE JUSTICE'S REPORT.

The report of the police justice for September was read and showed:

Fines assessed during the month: \$870 50 Received old times: 2 00 Total: 872 50

Cash paid to city treasurer: \$379 50 Fines paid in later months: 493 00 Total: 872 50

NO USE FOR THE CATCH BASINS.

The health committee recommended that the present system of catch basins in the city streets be discontinued.

Whereas, There are many workmen in the city who have no means for the support of their families, and who are daily laboring, and the prospect is that there will not be sufficient work going on in the city during the coming autumn and winter to give employment to the laboring men of the city;

Resolved, That we believe it to be sound public policy for municipalities in times of depression to do all in their power to provide employment for the laboring men to give employment and means of livelihood to residents within their limits who would otherwise be unemployed and in danger of starvation, and

Whereas, The streets leading from our principal passenger depots to the paved parts of the city are in such condition as to be muddy and disagreeable to travel during the winter months, and

Resolved, That it is the sense of this council that Second South street from West Temple to the Rio Grande Western railway depot, and the Temple street from West Temple street to the Union Pacific railway depot, should be taken out of the paving districts in which they are now included, and macadamized with broken stone in a thorough and substantial manner, under the supervision of the street supervisor and the city engineer, and the cost therefor be paid out of the general fund of the city.

Resolved, That the resolution should commence with the words: "There are many working men white and colored."

Resolved, That the resolution should commence with the words: "There are many working men white and colored."

with the stipulation that we should expend in improvements on said premises \$10,000 within eighteen months from the date of signing the lease, together with a greatly increased rental for the property.

We now find that owing to competition encouraged by your body having granted a franchise to a rival establishment in the city and the increased facilities for reaching the lake resorts the revenue derived from our business will not justify us in depending on improvements the sum stipulated in the lease, and we respectfully ask the item of expenditure and its conditions be stricken out, that we may have time to improve the premises within the limit of time specified.

Referred to the committee on public grounds.

NEW BRIDGES WANTED.

The street supervisor stated that a new bridge was required at Eleventh North and Eleventh West, to cost \$50, and one at Eighth South and the Jordan river crossing, to cost \$300. Referred to committee on streets.

THE CATCH BASINS IN PARKLEY'S CREEK.

The city engineer reported that the catch basins in City Creek and Parkley's canyons, which have been filled with gravel should be cleaned out to make room for the gravel which is carried down the creek during down. Street supervisor and supervisor of waterworks combined.

STOCK OF SEWER PIPE.

The superintendent of sewers reported that the city had at present on hand sewer pipe to the value of \$1,307.34.

EXPOSED WATER PIPES.

The superintendent of waterworks sent in a communication stating that there was a large amount of water pipes, aggregating 17,800 feet, within the frost limit owing to the grading of streets, and stated that he had recommended that the pipe be covered to a sufficient depth before frost sets in.

Hardy—We ought to have an estimate of the cost of the job. It may cost \$100,000 to lower the pipes.

Simond—it cost only \$65,000 at the beginning and a few hundred dollars expense now is necessary to preserve it a few hundred dollars will be enough.

Folland—I have seen pipes being laid only eight inches deep. All the water pipes have been covered.

Moran—The boulevard pipes will cost about \$3,000 to put down, but it is work which will have to be done or the whole water works system will be ruined.

Referred to the committee on water works with power to act.

POLICE JUSTICE'S REPORT.

The report of the police justice for September was read and showed:

Fines assessed during the month: \$870 50 Received old times: 2 00 Total: 872 50

Cash paid to city treasurer: \$379 50 Fines paid in later months: 493 00 Total: 872 50

NO USE FOR THE CATCH BASINS.

The health committee recommended that the present system of catch basins in the city streets be discontinued.

Whereas, There are many workmen in the city who have no means for the support of their families, and who are daily laboring, and the prospect is that there will not be sufficient work going on in the city during the coming autumn and winter to give employment to the laboring men of the city;

Joseph Lippman for services and recording, \$50. Total, \$138.20.

EXTRA POLICE PROTECTION.

The committee on police reported in reference to the resolution of Mr. Wantland to the effect that forty additional police be appointed at a salary of \$20 a month each to be employed at night in the outlying district. The committee stated that they would not be justified in recommending the appointment of such patrolmen at this time to be paid in part by the city, but do recommend the appointment of patrolmen without pay whenever the citizens of any district petition for such.

Wantland—It is of the utmost importance that extra police protection be given the people outside the business district. I earnestly request that if the council cannot strike out the \$10,000 clause that the former lease be given back to them with all its privileges and that they be allowed to surrender up the new lease. Referred to the committee on public grounds.

F. MORSE'S PETITION GRANTED.

The committee on licenses recommended that the running of Frank Morse's license at the People's theatre be suspended during the time the place will be closed for making repairs and improvements.

SMALL PEDDLERS PAY A LICENSE?

The committee on licenses recommended that peddlers of fruit, butter, milk and egg peddlers should be charged a license and that the ordinance be amended to include such parties.

Laid over for one week.

THE LIQUOR DEALERS' PETITION.

The committee on license referring to the petition of the liquor dealers for temporary reduction of license by 50 per cent. for two quarters—that is, from \$300 to \$150 per quarter—stated that they could not agree on the matter, and returned the petition to the committee on streets.

Moran moved that the petition be referred to the city attorney to report on the legality of the reduction being made.

Whereas, Owing to the present financial depression, the present license rates are burdensome to all classes of business, therefore, be it

Resolved, That a reduction of 25 per cent. be made on merchants' and liquor licenses for the three months ending December 31, 1893; provided said payments are made in cash.

Referred to the city attorney and the petition to the city attorney was carried.

President Loofbourou asked to be excused from the remainder of the evening.

Simond offered the following:

Whereas, There are many workmen in the city who have no means for the support of their families, and who are daily laboring, and the prospect is that there will not be sufficient work going on in the city during the coming autumn and winter to give employment to the laboring men of the city;

Resolved, That we believe it to be sound public policy for municipalities in times of depression to do all in their power to provide employment for the laboring men to give employment and means of livelihood to residents within their limits who would otherwise be unemployed and in danger of starvation, and
