

ENDEAVORERS WAKE UP 'FRISCO Big City on the Bay Gets a Taste of Christianity. GIRLS ARE PRETTIER THAN WHEN HERE NINETEEN MORE TRAINS BETWEEN OGDEN AND 'FRISCO.

President Clarke Experiences What Christian Endeavor Means—Average Expenses of the Society for the Last Eight Years Have Been About \$18,000 per Annum—Several Meetings Held in San Francisco Yesterday.

San Francisco, July 10.—All the Christian Endeavorers now assembled within the city's gates are here for a purpose, and that purpose is not one of recreation or pleasure. That all the assembled Endeavorers take a deep and passive interest in the proceedings of the convention is manifested by the attendance at the daily sessions at the big convention hall.

All roads seemed to lead to the headquarters at Mechanics' pavilion. By 8 o'clock they came pouring in from the east, west, north and south, on foot, in street cars, until the broad entrance to the big frame structure were congested with humanity.

No definite figures have been given out today as to the total registration, but it is understood that something over 22,000 have appended their names to the roll of attending delegates.

SATURDAY'S WORK. President Clarke Explains What "C. E." Means. San Francisco, July 10.—There was

no decrease in the size of the audience at this morning's session of the Christian Endeavor convention.

At Mechanics' pavilion the audience of 10,000 was called to order by Rev. L. Hill of Salem, Mass. The devotional exercises were conducted by Rev. D. C. Hanna of Springfield, Ill.

Mr. Giles Kellogg of San Diego, Cal., then made an interesting address on "The Floating Society of Christian Endeavor," showing what is being done by the association among mariners.

Dr. Little and wife sang a duet, after which there was a symposium by state secretaries on "How Can We Make the Committee Work in Our Local Societies More Effective?"

The principal speakers were Secretaries Tucker of Nebraska, Carrie A. Holbrook of Minnesota, Miss Calvert of Washington, Miss Parsons of Michigan and Amos R. Wells, editor of the Golden Rule.

Then followed a few practical suggestions from the trustees of the society and from President Clarke. Treasurer William Shaw of Boston then spoke on "The United Society of Christian Endeavor: What It Is and How It Works."

SMALL, BUT ENTHUSIASTIC. The Rev. Ralph W. Breaker, of Springfield, Mass., presided over a small but enthusiastic assembly of Endeavorers at Woodward's pavilion this morning.

The symposium by state presidents on the topic, "How Can We Interest the Pastors and Churches in the Organization of Junior and Immediate Societies?" was participated in by the Rev. W. J. McKittrock of New York; the Rev. W. K. Spencer of Michigan; H. D. Cole of Oregon; Charles A. Force of Massachusetts; the Rev. Ralph Lamb of Indian Territory; Lyle A. Dickey of Hawaii; John P. Hartman of Washington; C. H. Phelps of North Dakota; T. N. Hunt of Minnesota; T. G. Langdale of South Dakota; the Rev. F. L. Nash of Nevada.

The concluding feature was practical suggestions from General Secretary Baer and several trustees of the United society, after which adjournment was made for an open air demonstration on Van Ness avenue.

At the noon hour Van Ness avenue, the finest thoroughfare in the city, presented a splendid sight. It is 125 feet wide, smoothly paved, and for four blocks of its length was crowded from curb to curb by Endeavorers and others congregated around the stands erected for the Junior and Immediate Societies.

At the third stand General Secretary Baer conducted the services. The first speaker was Rev. Robert Johnston of London, Ont., whose subject was "Better Citizenship."

Rev. George F. Pentecost then spoke and was followed by Rev. E. L. Howell of Louisville, Ky. At the fourth stand Treasurer William Shaw of Boston presided, and earnest addresses were delivered by Rev. Courtland Myers of Brooklyn, Rev. J. C. R. Ewing of Lahore and Rev. B. B. Tyler of New York.

Physician Scidides. Springfield, Mo., July 10.—Dr. Roswell D. Valentine, one of the best known physicians in this part of the state, committed suicide by shooting himself in the chest today by shooting himself in the chest.

JAPAN GROWING VERY INSOLENT Serious Danger of Diplomatic Friction. REPLY TO SHERMAN'S NOTE KEPT SECRET IT IS NOT AS AMIABLE AS HOPED FOR.

Generally Understood That the Japanese Still Contend That They Have Equal Rights With the United States With Hawaii, and Attempt at Annexation Without Consultation Would Be a Breach of Good Faith—We Will Be Ready.

Chicago, July 10.—A special to the Times-Herald from Washington says: There is serious danger of diplomatic friction between the United States and Japan over Hawaii. Although the reply which Japan has made to Secretary Sherman's note concerning the intentions of this government has been received, the state department holds it in secrecy.

The reply of the Japanese government is of such a tone and there is such a suspicious movement of certain Japanese warships that the administration is afraid Japan may be meditating some coup de force in Honolulu. It is understood that in their reply the Japanese still contend that they have equal rights with the United States in Hawaii, and that the attempt of the United States to annex the islands without consultation with Japan is a breach of good faith.

One thing is certain, and that is that no matter which way the diplomatic matter turns the United States do not propose to be caught napping. If the Japanese make a show of force at Honolulu with or without an announced intention of demanding that the Hawaiian government comply with their demands for reparation which the government will do the same thing.

War is not expected by any member of the Washington government familiar with the facts; but it is admitted the mobilization of naval craft at Honolulu would be sufficient to produce a hazardous situation.

Advantage would all be on our side in case of trouble. May Soon Reach the SeLaTe. Washington, July 10.—Mr. Hoshi, the Japanese minister, late this afternoon sent to Secretary Sherman his reply to the note of the secretary of state written in answer to Japan's original note of protest against the Hawaiian annexation treaty.

The note was sent after full communication with the Japanese home government. It doubtless will be transmitted with the other correspondence. At the Japanese legation here it is said that the Japanese newspapers, whose comment was quoted in the dispatches from San Francisco yesterday, and all of which spoke either in a contemptuous tone of the United States, abounded in criticism of the position of the Japanese government toward Hawaii, belonging to the opposition press in Japan.

ELBOWED ROYALTY. Duchess of Sutherland Gives a Ball Many Americans Present. New York, July 10.—A special to the World from London says: Half a dozen Americans have been in close juxtaposition to England's royalty. It was at the ball given by the Duchess of Sutherland at Stafford House (the town residence of the Duke of Sutherland), a ball on a much more magnificent scale than the Duchess of Devonshire.

Cost over \$100,000 to publish. Contains nearly 300 full-page engravings of our Savior by the great masters. Every picture is reproduced from some famous painting. Agents are taking from three to twenty orders per day. The book is so beautiful that when people see it they want it.

AGRICULTURE. July Returns to the Department of Agriculture. Washington, July 10.—The July returns to the statistician of the department of agriculture indicate the following average conditions: Corn, 82.5; winter wheat, 81.2; spring wheat, 81.2; combined spring and winter wheat, 84.9; oats, 85.5; winter rye, 85; spring rye, 80; barley, 88.5; tobacco, 78.3; Irish potatoes, 81.2.

crave of about 1,000,000 acres, Illinois, Missouri, Kansas, Nebraska, Texas and one or two less important corn producing states showing an increase acreage, but this is more than offset by the shrinkage in Iowa, Indiana, Ohio, Kentucky, Tennessee, and other states. The average condition of corn is only 82.5 or 8.5 points lower than in July of last year.
