Hon. W. H. Kelbaugh.

A Cold at Any Time of the Year, Especially in Hot Weather, is Very Depressing to the System. Peruna is an Unequaled Tonic for Such Cases. Read What People Say About It.

Hon. W. H. Kelbaugh, Ex-Member W. Va. Legislature, 204 9th street, N. E., Washington, D. C., writes:

"You can use my name and word at all times for Peruna as a medicine and tonic unequalled. I have tried it for a stubborn cold and badly run down system. I tried all sorts of other medicines and paid several expensive doctor bills. Peruna cured me, strengthened me more than ever, and saved me money."

Mrs. Clara Litterst, Seaford, Ind., says: "Last fall I took a severe cold. I took Peruna, began to improve and kept on so until I was able to do my work."

English the World Language. The new world language, Esperanto, seems to have already won more advocates than the older Volapuk. No manufactured language, however, seems to have much chance in competition with English, which long ago displaced French as the most useful and widely spoken language and which is gaining faster than ever in all parts of the world.

"NO TROUBLE"

To Change from Coffee to Postum.

"Postum has done a world of good for me," writes an ill man. "I've had indigestion nearly all my life but never dreamed coffee was the cause of my trouble until last Spring I got so bad I was in misery all the time."

"A coffee drinker for 30 years, it irritated my stomach and nerves, yet I was just crazy for it. After drinking it with my meals, I would leave the table, go out and lose my meal and the coffee too. Then I'd be as hungry as ever."

"A friend advised me to quit coffee and use Postum—said it cured him. Since taking his advice I retain my food and get all the good out of it, and don't have those awful hungry spells. I changed from coffee to Postum without any trouble whatever, felt better from the first day I drank it. I am well now and give the credit to Postum." Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in page. "There's a reason."

PEOPLE LACK ENTHUSIASM STRIKE LIKELY TO FAIL

From Present Indications the Russian Government Has the Situation Well in Hand and Will Win Out.

St. Petersburg.—With a general strike formally declared and the country apparently on the threshold of a gigantic struggle, minor issues fade in the background. If the strike inaugurated Saturday gathers sufficient headway to endanger the life of the state, it has virtually been decided that Grand Duke Nicholas Nicholaievitch will be named commander of all the troops in the empire "where martial law exists," which would be tantamount to the decreeing of a military dictatorship. It is possible, however, that the government will not be driven to this extremity, as the showing made by the St. Petersburg proletariat was not impressive.

Although nearly 70,000 workmen are reported to be out, many of the men appear to be entering the struggle with heavy hearts. The spontaneity with which practically the entire nation arrayed itself against the old regime last fall is lacking; the endurance of the people has been sapped by the long strain, the sympathy of the more conservative liberals has been alienated by fear of a revolution, and the lowest elements of the population have been organized into what are known as "black hundreds," and are ready to enter the fight on the side of the government if the signal is given.

SERIOUS RUNAWAY ACCIDENT.

Babe is Killed and Six Other Persons Injured.

Provo.—A very serious runaway accident occurred on the boulevard west of the city Sunday night, which resulted in the death of a baby and the serious injury of several other people. A Mr. Bodmer of Salt Lake, accompanied by two ladies, was driving a single buggy from the lake to town and collided with another buggy going in the opposite direction. Bodmer's buggy was tipped over, throwing the ladies and Bodmer out, injuring them all more or less. The horse then ran up Center street and at the crossing of Third West collided with a rig in which were Councilman John E. Bott, his wife and two children and Mrs. Herman Grinn. In this mix-up Bott's horse ran away, throwing all the occupants to the ground. The baby, about four months old, was killed instantly. Mrs. Grinn sustained a broken arm and was otherwise injured.

RESURRECTION OF FANATIC.

Papa Iolo Said to Be Alive and Preparing for Trouble.

Washington.—Papa Iolo, the bandit and religious fanatic who caused so much trouble in Occidental Negroes, is the latest claimant for posthumous existence. Reports have reached Washington that the much-feared insurrecto is still alive and has twelve followers, who are assisting him in preparing for further revolutionary movements. Army officers do not credit rumors of Papa Iolo's activity, and say he was unquestionably killed. At the time of the famous bandit's death his head was reported to have been put in brine for identification.

Rebellion in Morocco.

London.—A dispatch from Tangier says: "Highly sensational reports are being received here, causing the utmost excitement. Daily, almost hourly, comes information from the interior of the rapid spread of violent anti-French agitation. The rebels are concentrating their military contingents around Marrakesh (Morocco City), the southern capital, and there is no doubt that a formidable coalition of semi-independent vassals has been formed."

VAGRANT SETS FIRE TO JAIL.

Unknown Man Meets Horrible Death in California Town.

Oakland, Cal.—An unknown prisoner set fire to the town jail at Niles early Saturday morning, in an endeavor to escape, and before the blaze could be discovered or help arrive, was burned to death. Attempt to Assault President of Portugal's Council of Ministers.

Lisbon.—An attempt was made to assault Senor Jean Franco, president of the council of ministers, as he was leaving a political gathering at night. The Earthquake Clause to Be Inserted in All Insurance Policies.

San Francisco.—It is stated on good authority that all insurance companies which have not previously had the earthquake clause in their policies will henceforth insert it in all policies written on the Pacific coast. It is said that within a short time there will be none but earthquake clause companies doing business here. The organized policy holders are making a fight for a still more simple form of policy than was used in the past.

WHAT JOY THEY BRING TO EVERY HOME

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature, and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.

MEANING OF MOLES.

On the right side of the upper lip a mole promises great good fortune to both sexes.

A mole on the neck, in man or woman, promises a long and happy life, wealth and fame.

A science, or pseudo-science, of moles has existed among the Pennsylvania Dutch for many years.

A man with a mole in the middle of his forehead has a cruel mind; a woman with such a mole is foolish, idle and envious.

A man with a mole on the left side of the upper lip rarely marries, and such a mole in the case of a woman denotes suffering.

A mole on the right side of a man's forehead denotes wonderful luck; on the right side of a woman's forehead, gifts from the dead.

On the left side of a man's forehead a mole denotes a long term in prison; on the left side of a woman's forehead, two husbands, and a life of exile.

According to this science, no one is without a mole or two, and these are some of the prognostications that mole-wearers may draw from their brown ornaments.

He left his bed in Paris 53 hours later. It is remarked that at the end of the journey he was very dusty, hungry and thirsty, and possessed a capital amounting to five cents.
