A MISSOURI WOMAN

Tells a Story of Awful Suffering and Wonderful Relief.

Mrs. J. B. Johnson, of 603 West Hickman street, Columbia, Mo., says:

"Following an operation two years ago, dropsy set in, and my left side was so swollen the doctor said he would have to tap out the water. There was constant pain and a gurgling sensation around my heart, and I could not raise my arm above my head.

The kidney action was disordered and passages of the secretions too frequent. On the advice of my husband I began using Doan's Kidney Pills. Since using two boxes my trouble has not reappeared. This is wonderful, after suffering two years."

"OLD MAN" LIBBY'S DEER.

Remarkable Story of Killing Told by Blind Guide.

"Old Man" Libby is one of the best known guide camp keepers in the state of Maine, and for years has been totally blind. Four years ago he carried into Bangor the carcass of a deer, and had it taken to the office of Fish and Game Commissioner Carpenter. Libby expressed the wish that the venison be given to the Bangor hospital.

Carpenter wanted to know who killed the deer, and was much surprised when Libby claimed to have been the destroyer.

"Why, Libby," he asked, "how did you, a blind man, manage to kill this deer?"

"Wal, you see," drawled Libby, "I was standing outside my tent yesterday morning, ax in hand, just going to chop a little wood, when I felt this darned critter rushing onto me, and thought 'twas a bar, so I hauled up and soaked him."

The commissioner always has a grin on tap when telling this story, for he has doubts as to who killed the deer.

CHINA THE LAND OF DUCKS.

Staple Article of Food for Residents of Celestial Empire.

There are more ducks in China than in all the rest of the world. China, literally, is white with these birds, and day and night the country resounds with their metallic and scornful voices.

Children herd ducks on every road, on every pond, on every farm, on every lake, on every river. There is no back yard without its duck house. There is no boat, little or big, without its duck quarters.

Even in the cities of China ducks abound. They dodge between the coolies' legs. They fit squawking out of the way of the horses. Their indignant quack will not unsend down the roar of urban commerce.

All over the land there are great duck hatching establishments, many of them of a capacity huge enough to produce 50,000 young ducks every year.

The Chinese duck is extremely tender and delicate—the best tame duck for eating in the world. Duck among the Chinese is the staple delicacy. It is salted and smoked like ham or beef, and duck eggs are eaten as chicken eggs are in America.

COFFEE IMPORTERS

Publish a Book About Coffee.

There has been much discussion as to Coffee and Postum lately, so much in fact that some of the coffee importers and roasters have taken to type to promote the sale of their wares and check if possible the rapid growth of the use of Postum Food Coffee.

In the coffee importers' book a chapter is headed "Coffee as a Medicine," and advocates its use as such. Here is an admission of the truth, most important to all interested.

Every physician knows, and every thoughtful person should know, that habitual use of any "medicine" of the drug-stimulant type of coffee or whiskey quickly causes irritation of the tissues and organs stimulated and finally sets up disease in the great majority of cases if persisted in. It may show in any one of the many organs of the body and in the great majority of cases can be directly traced to coffee in a most unmistakable way by leaving off the active irritant—coffee—and using Postum Food Coffee for a matter of ten days. If the result is relief from nervous trouble, dyspepsia, bowel complaint, heart failure, weak eyes, or any other malady set up by a poisoned nervous system, you have your answer with the accuracy of a demonstration in mathematics.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CUREY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Boston Society Fad.

Dealers in pet stock say that suburban residents of Boston are adopting as the latest fad the raising of game chickens. The stately carriage and brilliant plumage of these beligerent fowls make them valuable for decorative purposes on the lawn to people who would, however, never dream of putting their combative qualities to the test. The dealers are prophesying that before long the old-time fancy of keeping gamecocks chained with silver chains on the lawns of country houses will be revived.—Boston Record.

A Well-Known Remedy.

One of the oldest, safest and most favorably known remedies in the world today is Brandreth's Pills—a blood-purifier and laxative. Being purely vegetable, they can be used by old or young with perfect safety, and while other remedies require increased doses and finally cease acting altogether, with Brandreth's Pills the same dose always has the same effect, no matter how long they are taken. One or two pills taken each night for a while is the best thing known for any one troubled with constipation, indigestion, dyspepsia or any trouble arising from impurity of the blood.

Brandreth's Pills have been in use for over a century, and are for sale everywhere, plain or sugar-coated.

FEARFUL PAINS

SUGGESTIONS HOW WOMEN MAY FIND RELIEF.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. This is a severe strain on a woman's vitality. When pain exists something is wrong which should be set right or it will lead to a serious derangement of the whole female organism. Thousands of women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes woman's special pains and irregularities. It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases. The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes, of 540 N. Division Street, Buffalo, N. Y., writes:

Dear Mrs. Pinkham:—Your medicine is indeed an ideal medicine for women. I suffer from years with painful periods, headaches, and bearing-down pains. I consulted two different physicians but failed to get any relief. A friend from the east advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and no longer suffer as I did before. My periods are natural, ever ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound.

Mrs. Tillie Hart, of Larimore, N. D., writes:

Dear Mrs. Pinkham:—I might have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Vegetable Compound.
