## To Our Subscribers.

The latest ruling of the Post Office Department is, that Uncle Sam will not carry newspapers at the present rate, if the subscribers are more than one year in arrears with subscriptions. The officials practically insist that subscriptions must be paid in advance. Uncle Sam does not pretend to dictate as to how our business shall be conducted, but he insists that he will not deliver papers to those who do not pay up their subscription, as he is not in the postal business for the pleasure of it altogether.

Now we do not want to lose your subscription. We need it and you ought, by all means, to have our paper, so lets get together and comply with the requirements of the government, thereby making life more pleasant for us all.
