Inspector Clark of the state board of health has returned from an official trip to Fielding, Box Elder County, where 30 people, 10 per cent of the entire population, were sick with scarlet fever. There is no doctor resident within ten miles, and the people being under no official restraint, ran from one house to another as they, so the disease spread. Dr. Clark established a proper quarantine, leaving a health officer in charge, so no further spread is apprehended particularly as the cases are not very serious—Deseret News.

Voice of Experience. A young girl recently went to her aunt on a momentous occasion. She explained that a gentleman was coming to see her.

"I am sure he likes me," she sobbed, "and—and I think he means to propose. I don't like to ask mother how I should act under the circumstances, but—"

"Do you like him?" interrupted aunt sternly.

"Very much," observed her niece.

"Enough to marry him?"

The girl blushed and replied in the affirmative.

"Then," said aunt, with an air of authority, "don't let there be any shilly-shallying. When he pops, don't turn red and look down at the carpet. Just throw your arms around his neck, look him full in the face and begin talking about the furniture."

Chamberlain's Cough Remedy Aids Nature.

The Frank Person. We all know—and respect—and avoid—such persons; the world is full of them—too full for the general comfort of its other inhabitants. And frequently what they call the truth is not abstract truth at all, but is merely the expression of their own particular (and frequently erroneous) opinions.—Womara's Life.

Muscular Pains Cured.

"During the summer of 1903, I was troubled with muscular pains in the instep of my foot," says Mr. S. Pedler, of Toronto, Ont.. "At times it was so painful I could hardly walk. Chamberlain's Pain Balm was recommended to me, so I tried it and was completely cured by one small bottle. I have since recommended it to several of my friends all of whom speak highly of it." NOTICE.  
United States Land Office,  
Salt Lake City, Utah,  
Nov. 1, 1907.

To Whom It May Concern:-  
Notice is hereby given that the State of Utah has filed in this office lists of lands, selected by the said State, as Indemnity School Lands, under section 6 of the Act of Congress, approved July 16, 1894, viz:

N 1/2 NW 1/4 Sec. 12, W 1/2 SW 1/4 Sec. 24, T. 12 N., R. 4 W., (List 1271); and NW 1/4 Sec. 12, T. 14 N., R. 9 W., (List 1274).

Copies of said lists, so far as they relate to said tracts, by descriptive subdivisions, have been conspicuously posted in this office for inspection by any person interested, and by the public generally.

This notice will be published for five successive weeks and during the publication thereof, under departmental instructions of April 25, 1907, protests or contests against the claim of the State to any of the tracts or subdivisions hereinbefore described, on the ground that the same is more valuable for mineral than for agricultural purposes, will be received and noted for report to the General Land Office at Washington, D. C. Failure so to protest or contest, within the time specified, will be considered sufficient evidence of the non-mineral character of the tracts, and the selection thereof, being otherwise free from objection, will be recommended for approval.
