

Mrs. Fairbanks tells how neglect of warning symptoms will soon prostrate a woman. She thinks woman's safeguard is Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Ignorance and neglect are the cause of untold female suffering, not only with the laws of health but with the chance of a cure. I did not heed the warnings of headaches, organic pains, and general weariness, until I was well nigh prostrated. I knew I had to do something. Happily I did the right thing. I took Lydia E. Pinkham's Vegetable Compound faithfully, according to directions, and was rewarded in a few weeks to find that my aches and pains disappeared, and I again felt the glow of health through my body. Since I have been well I have been more careful, I have also advised a number of my sick friends to take Lydia E. Pinkham's Vegetable Compound, and they have never had reason to be sorry. Yours very truly, Mrs. MAY FAIRBANKS, 216 South 7th St., Minneapolis, Minn." (Mrs. Fairbanks is one of the most successful and highest salaried travelling saleswomen in the West.)

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

"DEAR MRS. PINKHAM:—For over two years I suffered more than tongue can express with kidney and bladder trouble. My physician pronounced my trouble catarrh of the bladder, caused by displacement of the womb. I had a frequent desire to urinate, and it was very painful, and humps of blood would pass with the urine. Also had backache very often.

"After writing to you, and receiving your reply to my letter, I followed your advice, and feel that you and Lydia E. Pinkham's Vegetable Compound have cured me. The medicine drew my womb into its proper place, and then I was well. I never feel any pain now, and can do my housework with ease."—Mrs. ALICE LAMON, Kincaid, Miss.

No other medicine for female ills in the world has received such widespread and unqualified endorsement.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

PLANTS THAT DEAL DEATH.

Two Destructive Members of the Vegetable Kingdom.

There is a plant in South America, which has all the worst qualities of a melodrama villain, and infinitely greater success. It is called the "knotter," and is well known to, and avoided by scientists. On the approach of any living object the vine casts out its tentacles, and twines round it. It is then dragged into the heart of the foliage, while its flesh is burnt into by the clutch of the tentacles. When there, the creature's juices are drained in a manner reminiscent of the vampire of romance. The insidious villainy of the plant has been tried by sending a dog or other animal into its clutches, and, judging from the agony inflicted on the poor animal, the pain appears to be worse than it is possible to conceive.

Another vegetable murderer is a grain called "bhat." It is much like rice, and grows with it in the Orient. Trading on its resemblance to the popular grain, it gets mixed with it, and is devoured by the unsuspecting Oriental. A few grains of it are enough to bring on a most horrible death. The first symptoms of its influence are a state of virulent mania. At first the victim becomes drowsy, and, later, suddenly cheerful and gay. Then he goes raving mad, and experiences a form of self-cannibalism, tearing himself to pieces with his fingers, and seeking to devour himself.

Historic Chair.  
One of the chairs used by Bonnie Prince Charlie while in hiding in Scotland is still preserved in Glasgow.

The curious piece of furniture belonged to a Highland peasant who lived near the cave where the prince was in hiding. Relying on the loyalty of the Scotch farmer the prince spent considerable time in the little cottage. A special chair was set apart for him, and this has since been handed down from generation to generation through the family who originally entertained the distinguished fugitive.—New York Herald.

Kaiser's Filial Devotion.

The German emperor, in his filial devotion, pays annually a solemn visit to the splendid mausoleum at Potsdam, where lie the bodies of the Emperor Frederick and his English consort, the eldest daughter of Queen Victoria. The Empress Frederick died at Kronberg on August 5, 1901, and her funeral was attended by King Edward and Queen Alexandra, with other

Cat Likes Flowers.  
Mrs. C. M. Brocksteper of New London, Conn., has a big tiger cat, "Jack," that has a mania for eating cut flowers. "Jack" likes all varieties, and is particularly fond of palm leaf ends, but his choicest floral menu consists of violets. On Thanksgiving day he turned up his nose at turkey and devoured a large bouquet of violets that had been left in a vase on the dining table. He did not even leave the stems.

Statistics of Yale.  
The salaries for tuition at Yale college amount to \$417,000 this year, against the \$405,000 of last year. Assistance paid to students grows from \$63,000 to \$66,000, denoting the generous aid that Yale gives to her needy students, but, as yet, largely confined to the academic and theological departments and the graduate school.

GOVERNOR OF OREGON

Uses Pe-ru-na For Colds in His Family and Grip.

CAPITOL BUILDING, SALEM, OREGON.  
A Letter From The Governor of Oregon.

Peruna is known from the Atlantic to the Pacific. Letters of congratulation and commendation testifying to the merits of Peruna as a catarrh remedy are pouring in from every State in the Union. Dr. Hartman is receiving hundreds of such letters daily. All classes write these letters, from the highest to the lowest.

The outdoor laborer, the indoor artisan, the clerk, the editor, the statesman, the preacher—all agree that Peruna is the catarrh remedy of the age. The stage and rostrum, recognizing catarrh as their greatest enemy, are especially enthusiastic in their praise and testimony. Any man who wishes perfect health must be entirely free from catarrh. Catarrh is well nigh universal; almost omnipresent. Peruna is the only absolute safeguard known. A cold is the beginning of catarrh. To prevent colds, to cure colds, is to cheat catarrh out of its victims. Peruna not only cures catarrh, but prevents it. Every household should be supplied with this great remedy for coughs, colds and so forth.

The Governor of Oregon is an ardent admirer of Peruna. He keeps it continually in the house. In a recent letter to Dr. Hartman, he says:  
STATE OF OREGON,  
EXECUTIVE DEPARTMENT.  
The Peruna Medicine Co., Columbus, O.  
Dear Sirs—I have had occasion to use your Peruna medicine in my family for colds, and it proved to be an excellent remedy. I have not had occasion to use it for other ailments.  
Yours very truly, W. M. Lord.  
It will be noticed that the Governor says he has not had occasion to use Peruna for other ailments. The reason for this is, most other ailments begin with a cold. Using Peruna to promptly cure colds, he protects his family against other ailments. This is exactly what every other family in the United States should do. Keep Peruna in the house. Use it for coughs, colds, a gripe, and other climatic affections of winter, and there will be no other ailments in the house. Such families should provide themselves with a copy of Dr. Hartman's free book, entitled "Winter Catarrh." Address Dr. Hartman, Columbus, Ohio.
