BLACKBURN.

He Doesn't Want the Speakership.

But Prefers a Senatorship.

Louisville, Ky., 29.—A special to  
the *Courier-Journal*, from Frank-  
fort, says: Hon. J. C. Blackburn  
was in the city to-day and made  
known his intention concerning the  
speakership to Colonel J. Stoddard  
Johnson, editor of the *Frankfort*  
*Yeoman*. He said, "Certainly I  
have no reservation when I speak  
to the people through the *Yeoman*,  
which I am always glad to make  
my medium of communication. I  
am not a candidate for Speaker.  
For some weeks I have made my  
determination known to my friends,  
and you are authorized to make the  
announcement public. My feeling  
for the success of the Democratic  
party in Congress, and for the or-  
ganization of that body upon a basis  
which will insure to the best inter-  
est of the country, is superior to any  
mere feeling of personal ambition.  
Ardent friends and fellow-mem-  
bers have urged me to proce-  
cute the canvass for the  
position, and have assured me  
of substantial strength in the cau-  
cus, but I am satisfied that, in order  
to defeat the machinations of the  
protectionists and secure the elec-  
tion of a Speaker who will reflect  
the true democratic theory  
of a tariff for revenue only,  
it will be necessary to con-  
centrate, rather than by hav-  
ing too many candidates, prosecut-  
ing similar views, to promote the  
chances of the common foe. By  
my withdrawal Kentucky will be  
united in the fight, and I shall lend  
all my energies to the success of the  
candidate who, representing the  
true principles of tariff reform,  
shall show the best prospect of de-  
feating Mr. Randall. These may  
be said to be the considerations of a  
public nature which have led me to  
this conclusion. There are, how-  
ever, personal reasons, which sup-  
plement them, and have also a con-  
trolling influence. Since the ad-  
journment of Congress I have been  
urged by many personal friends to  
permit the use of my name as candi-  
date for United States Senator. After  
mature consideration I have con-  
sented to become a candidate, and  
you are authorized to announce  
me in the canvass. I do not feel  
that I can, with propriety, stand for  
both places, and, therefore, decline  
the race for the Speakership to de-  
vote my energies to that of Senator."

The Northwest Underwriters.

Chicago, 29.—The fourteenth an-  
nual convention of the Fire Under-  
writers of the Northwest began to-  
day, and was attended by fully 200  
delegates from companies doing  
business in the northwest and in  
Ohio, Indiana, Tennessee, Kentucky,  
Iowa, Wisconsin and Kansas. In  
his annual address the President,  
W. M. Decamp, of Cincinnati, re-  
ferred to the beneficial rules of the  
organization of the State board of  
underwriters. After the appoint-  
ment of a standing committee for  
the ensuing year the convention  
took a recess.

Mr. G. A. Holloway, of Chicago,  
read a paper on risks, in which he  
deprecated the present tendency to  
broaden insurance contracts with-  
out a great compensation, and also  
the immediate allowance made on  
rates where novel appliances, which  
were untried, are kept in readiness  
for extinguishing fires.

Mr. Mulling advocated, in a paper,  
the compact system of making rates;  
he did not deem local agents com-  
petent, or free enough from prej-  
udice, to go to work for companies on  
the compact system, and contem-  
plated the appointment of compe-  
tent men to make rates of insurance  
for the several districts in which  
the companies do business, these  
men to receive their remuneration  
*pro rata* to the business done by  
them. Adjourned till to-morrow.

A Fatal Fracas.

Butte, M. T., 29.—The *Inter-  
mountain's* Deer Lodge special says:  
Two weeks ago last Monday, two  
Chinamen got into a dispute with  
two other Chinamen, who were  
working some mining ground about  
a mile above the town of Pioneer.  
The Chinamen were armed with  
shovels. In the fracas that ensued  
the assaulted Chinamen, who were  
at work upon the claim, were badly  
beaten by the assaulting parties.  
One of them managed to escape, but  
the other was so badly bruised  
remained until last Sunday at 3 p. m.,  
when he died. The verdict of the  
coroner's jury was that the beaten  
Chinaman "came to his death by  
blows from the shovels, or other in-  
struments, in the hands of unknown  
parties." Ah Nam Sing and Ding  
Hook are now in the custody of the  
sheriff.

Henry V.

Frohsdorf, 29.—The plate on the  
coffin of Count de Chambord was  
inscribed with the following words:  
"Henry the Fifth, by the Grace of  
God, King of France and Navarra."

THE JAMES' TRIAL.

Bad Showing for the Prisoner.

St. Louis, 29.—*Post-Dispatch* Gal-  
latin special: The court re-assem-  
bled this morning. Miss Ella Ken-  
dig and her mother, living four  
miles from Winston, identified Dick  
Liddell and Frank James as being  
together on the day the robbery.  
William Bray, the farmer who took  
Jesse James in a buggy to Hamil-  
ton at the time of the expedition  
was abandoned at Gallatin on ac-  
count of Jesse's sickness, corrobor-  
ated Dick Liddell's account of the  
affair. He positively identified  
Frank James. Mrs. Bray cor-  
roborated her husband's testimony.  
Frank Holtenberger, a young  
farmer living one mile from Gallatin,  
was one of the best witnesses ex-  
amined. It was at his house that  
the robbers stopped over night on  
their return from the second trip,  
when Jesse was taken sick. Witness  
accurately described the party, de-  
signating Clarence Hite as "Slouch,"  
Dick Liddell he recognized as one  
of the party. He detailed the move-  
ments of the party during the time  
they were at his house. Defendant,  
whom witness positively identified,  
showed unusual familiarity with  
celebrated racehorses.

Recess was taken at noon. The  
prosecutor announced that the State  
would close at the afternoon session.  
It is admitted on every hand that  
the State has made a very strong  
case.

When the court met this after-  
noon, Sheriff J. R. Timmerlake tes-  
tified to having kept a bay mare for  
Mr. Roberts for several days, about  
the time of the Winston robbery.  
The mare was then turned over to  
one Graham, who came and  
claimed it.

The state here rested the case. The  
defense then asked the Court to ad-  
journ until morning, in order to  
give them time to complete their  
statement and gather their wit-  
nesses. This was granted and the  
Court adjourned.

The testimony of the State's wit-  
nesses to-day was intended to sup-  
ply the missing links and complete  
the chain of evidence which the  
State has been forging for the past  
four days, and when the State re-  
sted its case to-day there was  
little doubt left in the minds of  
those who have heard the evidence  
from the beginning, of its comple-  
teness. The State has woven a net-  
work of circumstances around the  
accused from which it will require  
the most direct and positive testi-  
mony in rebuttal to extricate  
them; but all that can be  
done by the able lawyers will be  
done. The witnesses for the defense  
bear good characters and their tes-  
timony will be entitled to great  
weight. The defense will doubtless  
be conducted upon two theories.  
First it will be shown that James  
was not a participant in the Win-  
ston robbery and that Liddell swore  
falsely. The other position will be  
that if the defendant was at Win-  
ston, it has not been shown that he  
took an active part in the affair, or  
that he killed McMillan or robbed  
the express car.

Foreign.

Berlin, 29.—The Reichstag was  
opened to-day. The message of the  
Emperor at the opening of the ses-  
sion declares that the Reichstag is  
called to notify the Spanish treaty  
and secure, beyond doubt, the pay-  
ment of the indemnity granted the  
government by the Bundesrath, for  
carrying the provisions of the treaty  
into immediate effect. Two hun-  
dred and sixty deputies were pre-  
sent. The President and vice-Pres-  
ident of the previous session were re-  
elected.

Vienna, 29.—The anti-Magyar  
riot at Segowitz has been quelled.  
The peasants participating fled to  
the mountains. Martial law has  
been proclaimed in Egerseg and  
the troops have been reinforced.

Paris, 29.—It is reported that  
the Emperor of Abyssinia, having  
heard that King Menelik, of  
Shoa, intended to send an embassy  
to France to solicit for a protectorate  
over Shoa, has declared war against  
King Menelik, and the Abyssinian  
army has already invaded Shoa.

The Regular Thing.

St. Louis, 29.—The Wabash train  
known as the "Cannon Ball," which  
left Council Bluffs last night at 5  
o'clock, when near Clifton, Mo., at  
2 o'clock this morning, ran over a  
cow. The engine, baggage car and  
a coach were derailed and the en-  
gine upset. Engineer Hoel, one of  
the oldest employees of the road,  
was killed. No passengers were in-  
jured.

California Cotton Mills.

San Francisco, 29.—The Califor-  
nia Cotton Mills company has been  
incorporated, with a capital stock  
of \$800,000. The factory will be  
located at Oakland. The spinning  
and weaving of cotton marks a new  
era of progress in California.

Gored too Much.

Omaha, 29.—A dispatch received  
here, to-day, from Fort Fetterman,  
states that Harvey Boyd was gored  
to death by a cow. Deceased was  
the son of John Boyd and nephew  
of Hon. John E. Boyd, ex-mayor of  
Omaha, and recently went out to his  
uncle's cattle ranch.

The President's Party.

Camp Campbell, at the foot of  
Yellowstone Lake, Wyoming Territ-  
ory, 27.—The President and party  
arrived at this camp about noon to-  
day, having marched from the  
upper end of the lake, a distance of  
twenty-two miles. The trail we came  
over wound around the borders of  
the lake, almost entirely through  
the timber, and the agreeable shade  
and absence of dust made our ride  
one of the most enjoyable of the  
whole journey. At the point where  
we remain to-night there is abun-  
dant and nutritious grass. Our  
camp is in the fringe of the fine  
pine timber which covers the moun-  
tain sides and is elevated enough to  
overlook the splendid meadow upon  
which our animals are feeding, and  
to command a comprehensive view  
of the beautiful lake whose waters  
wash the precipitous cliffs of the  
Shoshone mountains beyond. Many  
of the peaks are snow-capped, which,  
in the light of the setting sun, are  
made visible for many miles. The  
President, accompanied by Captain  
Clark, went fishing this afternoon,  
whilst the rest of the party were  
contented to rest and enjoy the  
panorama spread out before them.  
The President caught thirty-five  
fish, weighing forty five pounds.  
The head of an extinct species of  
rhinoceros, and two veterans of a  
large fossil in an excellent state of  
preservation, were found on the  
bank of the lake, near our camp, by  
our surgeon and naturalist, W. H.  
Toowood. The specimens are inter-  
esting and will be sent to Profes-  
sor Cope at Philadelphia.

eral Land Office, has returned to  
Washington and reports the land
