

SALT LAKE DAILY HERALD

VOL. XV. SALT LAKE CITY UTAH: SUNDAY, NOVEMBER 16, 1884. NO. 140.

'T'S ALL OVER.

Nobody Doubts the Election of Cleveland.

THE EXCITEMENT SUBSIDED.

"We Only Await the Action of the Canvassers on Wednesday Next."

It's Hall Haver Hall Haver!

New York, November 15.—The national and State headquarters of the Republican and Democratic committees closed to-night. Chairman Jones, of the Republican national committee, left his rooms early. Secretary Fessenden and Committeeman Elkins remained during the early evening and were in conversation with Walker Blaine. All conceded Cleveland's election. Assistant Secretary Loomis says: "It's all over. We only await the action of the State board of canvassers on Wednesday next. But we have made a good fight, considering that we did not have one-third of the amount of funds controlled by the national committee in the Garfield campaign." The Democratic national committee headquarters were deserted. Senators Gorman, Jones and Barnum had left the city feeling that their war was ended. Chairman Smith of the State committee has gone home to Plattsburg and Secretary Binns left this evening. There was little to talk about the hotels and public resorts about the election, those few who knew that Cleveland's official plurality in this city was 43,094 alone speaking on that particular. Professional betting men have not settled their wagers, but await the decision of the Kelly & Bliss bookmakers, which will be given after the action of the State board of canvassers.

The Count.

New York, November 15.—The board of canvassers of the vote on the Presidential ticket in the First assembly district complete, gives Blaine 2,275, Cleveland 4,253. Butler 95, St. John 15. New York, November 15.—The board of canvassers completed the canvass of the 712 election districts of this city this evening.

First election district, eighteen assembly districts, by an error, returned 54 votes to the Blaine electors. The number should have been 81. The committee on corrections will rectify the error and report in favor of 81 votes on Monday morning. With that return, the official vote of the lowest Democratic elector in this city is 133,157 and for the highest Republican elector, 33, giving the lowest Cleveland elector a plurality of 43,094.

The following are the official and complete figures in the assembly districts named:

Seventh, Blaine 4,882, Cleveland 4,620, Butler 106, St. John 78.
Eighth, Blaine 4,281, Cleveland 5,273, Butler 135, St. John 124.
Ninth, Blaine 4,876, Cleveland 4,459, Butler 134, St. John 100.
Tenth, Blaine 4,172, Cleveland 6,446, Butler 216, St. John 44.
Eleventh, Blaine 2,718, Cleveland 5,319, Butler 167, St. John 117.
Twelfth, Blaine 4,841, Cleveland 5,255, Cleveland 5,255, Butler 214, St. John 59.
Thirteenth, Blaine 2,785, Cleveland 6,253, Butler 209, St. John 25.
Fourteenth, Blaine 4,580, Cleveland 6,580, Butler 162, St. John 59.
Fifteenth, Blaine 4,841, Cleveland 5,255, Butler 155, St. John 8.
Sixteenth, Blaine 4,080, Cleveland 4,640, Butler 63, St. John 59.
Seventeenth, Blaine 5,341, Cleveland 9,104, Butler 284, St. John 67.
Eighteenth, Blaine 4,841, Cleveland 5,255, Butler 283, St. John 132.
Nineteenth, Blaine 4,841, Cleveland 5,255, Butler 283, St. John 132.
Twentieth, Blaine 4,841, Cleveland 5,255, Butler 283, St. John 132.

The returns of the Twenty-second assembly district were canvassed without change. There were ten defective and seven blank votes.

The returns of the Twenty-third assembly district were canvassed without change.

At a meeting of the King's County board of canvassers, to-day, Supervisor Willis moved that no action be taken on the returns, so far as there were changes in the electoral vote, until Monday. Supervisor Jervis moved to amend, so as to include county towns. Supervisor Callard said: "This is a political move and is done for the purpose of holding these returns back until the 24th, when, by law, they would be thrown out. I know that some Republicans had a consultation, yesterday, at General Tracy's office. The motion was lost and it was decided to continue their usual custom of adopting the returns as they come in."

The Tribune gives Cleveland a plurality in New York State, of 1,076; the Sun makes it 1,067.

The Herald gives Cleveland a plurality in New York State. The Times' figures say 1,106.

More Railroad.

DENVER, Col., November 15.—Governor John Evans, of this city, to-day executed a contract, and will organize a syndicate, to build the Texas Central railway from Albany, Texas, north to a connection with the Denver & New Orleans railway. The work is to be completed in three years.

Bank Statement.

New York, November 15.—The weekly bank statement shows the following changes: Reserve increase, \$3,289,000; banks now hold \$7,484,000 in excess of the legal requirements.

France and China.

LONDON, November 15.—A dispatch from Shanghai to the Times states that rumors of the fall of Tamsui are current in that city.

SHANGHAI, November 15.—Certain European firms have received telegrams from Amoy stating that Tamsui had been captured by the French. The Chinese here have the same news from sources which they consider perfectly trustworthy.

LONDON, November 15.—A Shanghai correspondent of the Times telegraphs that he learned from European sources, dated Hoiphong, October 30th, that the Annamite auxiliaries of the French army had beheaded five hundred Chinese prisoners at Kep. Bacle is not occupied by the French. The French have fortified Kep Dang Tien and Kwang Yen on the northern edge of the Delta. The French will require large reinforcements in order to recommence operations. Several hundred soldiers were sick and had to be left in transports during the recent campaign. The losses of the French during the past few weeks have been five hundred men.

Tennessee Mormons.

St. LOUIS, November 15.—A large number of Mormons were at the Union depot this morning who had arrived from Chattanooga, Tenn., and were on their way to Colorado. The crowd was a promiscuous one in which the fashionably dressed mixed freely with those who were clad in clothes which were shabby. Nearly all the women of the party carried babies in their arms, and numerous other young ones hung to their mothers' apron strings. Elder Roberts, one of this party, said the reason why the Mormons were changing settlement was because Colorado and Utah offered more advantages to people of their sect. The Mormons have established a permanent settlement in Colorado and no doubt a great number of those who belong to that sect will follow the present emigrants, in fact, from Elder Roberts' conversation, it looked as if there was going to be a genuine influx of Mormons into Colorado.

Atrocious Murder.

CHICAGO, November 15.—An atrocious murder was committed near the village of Des Plaines, the knowledge of which was only disclosed late to-day. Two men called at the residence of Joachim Demlow, two and a half miles south of Des Plaines, at 9 o'clock last night, and called Demlow out into the yard, where they attacked him with a club and a corn cutter. His wife ran to his assistance, and was also attacked and killed. A boy of 10 years escaped from the house and told the story of the tragedy to the neighbors. When the latter returned the assailants had ransacked the house and fled. Mrs. Demlow was found dead and her husband in a dying condition. The purpose of the attack was robbery. Armed parties are now looking for the assailants.

Agonizing Experience.

New York, November 15.—Captain James Moore, of Rockville Centre, Long Island, received, yesterday, a letter from his nephew, Leonard Moore, first mate of the English steamship Nierva, wrecked on the coast of Sumatra, eighteen months ago. The entire crew of the steamer, twenty-eight men, were made prisoners by the natives and taken inland, where they were subjected to an agonizing experience. Seven died of starvation, three escaped to meet, possibly, a worse fate in the jungle, and the remainder were finally ransomed by the British government, which paid £8,000 to the Rajah for their release.

Pacific Coast Turf.

SAN FRANCISCO, November 15.—The opening of the fall running meeting of the Pacific Coast Blood Horse Association took place this afternoon. The Ladies' stake, three-quarters of a mile, 2-year-old fillies, was won by Las Calo, in 1:20. Sweepstakes, three-quarters of a mile, 2-year-olds, fillies won in 1:15 1/2. The Vestal stake, one and a quarter miles, 3-year-old fillies, Freda won in 2:15 1/2. Sweepstakes, 3-year-olds, one and an eighth miles, Phillip S. won, in two minutes. A purse of \$250, all ages, a dash of a mile, George Howson won, in 1:46.

From Gordon.

LONDON, November 15.—The latest letter received from General Gordon says: "My position is very secure; the troops are in excellent spirits." The general adds: "The Mahdi regularly receives copies of European newspapers, by which he learns of the movements of the British troops." General Gordon warns the French Consul-General that the Mahdi possesses the cipher code of M. Herbin, who was killed with General Stewart, and may make use of it.

Telling Head Lines.

CHICAGO, November 15.—The Times will not have an editorial on Sunday on Cleveland's election. In their head lines they will say: "Tidings of Joy," "Cleveland's Title to the Presidency Established by the New York Canvassers," "Official Figures Force the Tattooed Pretender to Pluck his Plume," "The Reform Governor's Plurality in the Empire State Stands Still at 1,078."

Pension Payments.

WASHINGTON, November 15.—The estimated payments from the treasury the present month on account of pensions will amount to \$13,000,000.

Cleveland's Plurality						1,469

The votes of the counties marked with stars are not the official returns, but have been made up from reports received at various times since the election. Little or no change will be made in the above figures.

A Demand Refused.

CAIRO, November 15.—The Egyptian government has refused the French demand for an embargo on 100 Krupp cannon recently sold by Egypt to a private German firm. The French demand is based on the suspicion that the cannon is destined for China. Egypt declares that this ground is insufficient, inasmuch as no declaration of war has been made by France against China.

Miss Van Zandt to be Investigated.

PARIS, November 15.—The journalists and composers present at the Opera Comique the other night, when Miss Van Zandt was obliged to retire from the stage because of a sudden illness, are forming a committee to investigate the nature of the young lady's complaint. If their report is unfavorable, Miss Van Zandt will be obliged to avoid the Paris stage for an indefinite period.

Distressing Explosion.

CHICAGO, November 15.—A number of young children started a bonfire to-night, and rolled into it a barrel containing resin and turpentine. The barrel exploded with terrific force, very seriously burning six children, five of whom are not expected to survive. All were children of poor people.

Egypt.

LONDON, November 15.—A dispatch from Cairo says a letter from General Gordon has been received by General Wolsley, which is dated Khartoum, November 4th. This letter states that the steamer which bore Colonels Stewart and Power, and Herber, the French Consul, and some Greeks, left Khartoum on September 10th. Messrs. Hansel and Lundie are safe at Khartoum.

Rate Cutting.

New York, November 15.—Ticket brokers are quoting the following rates: First-class: To Cleveland \$6.50, Columbus, Ohio, \$10.50, Cincinnati \$9.50, Chicago \$9, San Francisco \$107, New Orleans \$25. These rates applying to all roads except the Pennsylvania, are from \$1 to \$3 lower, as compared with the railroad companies' rates yesterday.

Casualties.

LONDON, November 15.—It is believed that the vessel which collided with the ship Henry Villard, Captain Perkins, from Portland, Oregon, was the British steamer Woodbury. This sank in the channel, with seven of her crew. All others on board were landed at Salcombe.

Official Vote of Ohio.

COLUMBUS, Ohio, November 15.—The official canvass of this State was completed to-night, showing a total of 786,170; Blaine 400,082, Cleveland 398,280, Butler 5,570, St. John 11,939. Blaine's plurality, 31,802.

A Good Jockey.

LONDON, November 16.—Fred Archer, the well-known jockey who recently lost his wife, has left England for America. He will not appear in the saddle in England next Derby day.

The Swaim Court-Martial.

WASHINGTON, November 15.—The court-martial convened by direction of the President to try the charges preferred against Judge Advocate General Swaim met this morning. The following officers compose the detail of the court: Generals Scofield, Terry, Miles, Rochester, Holister and Newton, Colonels Smith, Andrews, Brooke, Bradley, Ayers and Black, with Major Gardner as judge advocate. General Swaim appeared before the court accompanied by Judge Shellabarger, of this city, whom he introduced as one of his counsel, stating that he would be assisted by Jere Wilson and General Charles H. Grosvenor, of Ohio. On opening the court General Swaim raised the question of jurisdiction. He presented a motion, stating in substance that he appeared before the court not assenting to its jurisdiction, but solely for the purpose of excepting to such jurisdiction and praying the court to dismiss the charges, and the prosecution thereof for want of jurisdiction. It also stated as its grounds that the accused being an officer of the army of the United States and judge advocate-general of such army, his commander being the lieutenant-general of the army, the President is not empowered to appoint a court-martial to try charges preferred against him unless charges are preferred by his commander, and that it appears from the orders convening the court that it was appointed by the President by special order to try the charges preferred by Major Scott and not preferred by General Swaim's commander. Following the presentation of this motion Judge Shellabarger addressed the court in support of the motion and claimed the court was illegally constituted. Major Gardner replied to Judge Shellabarger and then the room was cleared while the court considered the plea. On reopening the doors the judge advocate announced by direction of the court that the plea of want of jurisdiction had not been sustained. At the request of General Swaim the court took recess until Monday.

Cleveland's Policy.

WASHINGTON, November 15.—The Washington Star says the following reply to an inquiry sent to Mr. George William Curtis by a government employee here has just been received: WEST NEW BRIGHTON, N. Y., November 14.

Dear Sir:—I have your letter of the 12th. There is no doubt that Mr. Cleveland will encounter a tremendous demand for a clean sweep, but I think that while changes will be made and ought to be made for perfectly legitimate reasons, he will respect the letter and spirit of the reform law, and that honest and able officers who have been non-political in their conduct and effective in the discharge of duty and have not misused their positions for party or political ends, will not be arbitrarily dismissed for political reasons. Of course, I have no authority to speak for Mr. Cleveland. My faith is founded solely upon knowledge of his character and convictions. Truly yours, GEORGE WILLIAM CURTIS, Commissioner of Pensions.

Revised Figures—1,077.

NEW YORK, November 16.—The Sun's revised figures give Cleveland a plurality of 1,077.

SMILES AT DEATH.

Blaine "Cheerfully Accepts the Result." AND SAYS HE HAS NO REGRETS.

A Firm Faith of Republican Success in 1888—Four Long and Weary Years.

This Settles It.

Boston, November 15.—Special to the Herald, from Augusta: "Blaine regards the official count of New York as practically settling the presidential question. Blaine, it is stated on authority, received this afternoon a telegram from New York, announcing the completion of the official canvass of that city, and informing him that the plurality for Cleveland in that State would be 1,137. The same authority states that Blaine accepts the result very cheerfully, and has no regrets growing out of his connection with the campaign. He feels that he made a good fight and gracefully bows to the verdict of the American people. He believes the Republican party will prove true to the grand past and will increase its strength with the coming years. He expects that in 1888 it will again be called back into power. Blaine leaves for Washington the middle of next week, where he and family will spend the winter. He has leased the Sargent House, in Farragut square, and will shortly resume his work on the second volume of "Twenty Years in Congress." The volume will be ready June next for publication."

The "Old Guard" Marching.

CHICAGO, November 15.—The Inter-Ocean will print to-morrow: "With Colors Flying"—"The Counties Completed and the Old Guard Marching Off the Field"—"But it Goes with Colors Flying and with Step as Firm and True as Went the Men from Sumter. Unshakable and in Splendid Fighting Trim"—"The Old Guard Goes with Measured Stepping to the Old Refrain of Blaine and Logan, Blaine and Logan, Blaine, Blaine." The official count of New York gives the thirty-six electoral votes of that State to Cleveland, and being secured 219 of the 401 electoral votes Mr. Cleveland will be the next President of the United States. We have never been slow to take up the party flag, nor laggard in urging its cause, nor eager to pull it down under the threat of defeat or disaster. We have, in this campaign, stood by our guns to the last, and we contend now that the party is in good shape for whatever it may be called upon in the future to perform. We have endeavored, in the last two weeks, to be conservative without being cowardly, cautious without being timid, and true to the party without raising false hopes. We refused to accept the dictum of those who, through menace, attempted to close the case in New York against the Republicans, because we believed that in so close a vote the official figures only could determine who was elected. We have the official figures and we yield without one word of resentment or of bitterness.

The Congo Conference.

BERLIN, November 15.—The Congo Conference was formally opened to-day by Bismarck, in the dining hall of his residence, being the same room in which the conference of 1878 was held. After the usual preliminaries, Bismarck delivered a short speech to the delegates, pacific in tone and evidently giving general satisfaction. At the suggestion of Count Delarney, the Italian delegate, Prince Bismarck was unanimously elected president of the conference. The next meeting of the delegates will probably be on the 18th inst. The conference is likely to continue several weeks. A huge map of Africa hangs upon the wall. The tables are covered with pamphlets, books and maps relating to Africa. Stanley will not be admitted to the deliberations of the conference.

Positively Grand.

PHILADELPHIA, November 15.—The Democratic parade to-night, in celebration of the election of Cleveland and Hendricks, was one of the largest demonstrations ever held in the city. The streets along the line through which the procession passed were densely packed and the paraders were enthusiastically applauded and cheered. An incident which increased the good nature of all was that the Republican organizations saluted the procession as it passed the Club house by exploding guns and fireworks. The Union Republican Club brilliantly illuminated its building during the entire time the procession was passing. It is estimated that 20,000 men were in the parade.

Insane Asylum Buried.

CHICAGO, Wis., November 15.—At 11 o'clock to-night, a fire was discovered in the boiler room of the northern hospital for the insane, four miles north of this city. Engines were dispatched from the city, but the fire increased rapidly, and there seemed little hopes of saving the institution. Five hundred inmates were confined in the asylum. By diligent work the fire was confined to the engine room and laundry, and at midnight it was brought under control. Wild excitement existed among the inmates, but they were well handled, and none were injured. Two or three escaped during the excitement. Searching parties are now after them. The origin of the fire is a mystery.

Cholera.

WASHINGTON, November 15.—The Department of State has directed the United States consuls general at London and Paris to appoint medical examiners to inspect all vessels leaving England and French ports for this country with the view to preventing the introduction of cholera. PARIS, November 15.—The municipal council, yesterday, voted an appropriation of 50,000 francs for the furtherance of the adoption of sanitary measures in private houses. A nun who had been faithfully attending patients at asylums succumbed to the epidemic yesterday. The Russian embassy announces that a quarantine of twenty-one days will be required at the Russian frontier in the case of all persons arriving from infected countries. Many officials are paying visits to cholera hospitals. There was a sharp frost last night, and morning brought brilliant sunshine. It is thought that this weather will have a good effect against the epidemic. M. Lemoine, police inspector of disinfecting, died this morning.

Dr. Warren Bey has written to the papers in the same strain as that adopted by Dr. MacGibbon in his letter to the Gallopian Messenger. He thinks there is no occasion for strong and healthy people to take fright and flee from the city. There are two suspicious cases of illness at Lill. It is thought they may be cholera. Refugees arriving at Marseilles yesterday were terrified when informed that cholera had broken out afresh at Toulon.

LONDON, November 15.—Reports are current in Paris of the spread of cholera to this city, where the reports state the disease is raging. The Temps says there were 187 cases in London yesterday. Last week the Anglophile journals of Paris announced an average of ninety cases daily in London, but nothing is made known here concerning the outbreak of the disease in the metropolis. The report created a great sensation in Paris.
