

THE DESERET FARMER.

Modern Sheep: BREEDS AND MANAGEMENT.

BY "SHEPHERD BOY."

This is a book that every sheepman should have. It is undoubtedly the best book ever written on sheep, as it is from the pen of a practical shepherd, whose experience has been wide and varied. It contains nearly 350 pages of packed (not padded) matter, which means an equivalent to 700 pages of some similar works. It is beautifully illustrated with over 100 half-tones, and its subjects are treated in eight parts: History and Breeds; General Management; Sheep Management in the Western States; Fitting for Show;

The Raising of "Hothouse" or Spring Lambs; Dressing Sheep and Lambs for Market; Pasture, Forage Crops, Etc.; and Diseases. No matter what books you have on sheep, your library is decidedly incomplete without this splendid work.

Secretary Wilson, Dep't of Agriculture, says of this book: "I have looked over 'Shepherd Boy's' book on modern sheep, and believe it would be valuable for ready reference to the teacher, editor, lecturer and farmer."

It can be secured through this office at its published price of \$1.50, postpaid.
