The Perfection of Union Pacific System Service

Is not a chance—it is the result of the ex-
 penditure of millions of dollars in money and
 the working-out of a positive plan of better-
 ments, which has extended over a period of
 many years.—

As a consequence, the Union Pacific System
 has been brought to a state of operating regu-
 larity—the effects of which are felt through
 every channel of the service; the work goes
 on from day to day, and the public is assured
 of the full benefits resulting therefrom.—

When you buy transportation, you buy it with
 the same economic conservatism you would
 use in purchasing government bonds or other
 dependable securities.—

In traveling you are entitled to stability-ser-
 vice, and protection, for every dollar you ex-
 pend.

The Union Pacific System has been termed
 "The Standard Road of the West"; it is "stand-
 ard" in everything the word implies.

Six trains east daily; two trains north and
 northwest.
