

Consolidated

Druehl and Franken have consolidated their two drug stores.

We invite all of our patrons who have been in the habit of trading at lower our store to the Busy Corner drug store.

Smart Tailoring

Exclusive Spring Styles

High Class Tailoring for the Ladies of Salt Lake.

We are making \$60 Suits for \$35 for one week more, to introduce our quality tailoring.

All work is done in our own shop, under the direct supervision of

Ideals and Enterprise

Ambition is never satisfied with existing conditions; it continually strives for the ideal.

Enterprise cannot be content with the accomplishments of today; it must needs accomplish bigger things on the morrow.

Enterprise is ambition in action. It is the force that carries the ambitious toward the goal of their ideals.

Our Company is a company of ideals.

We have ideals of construction standards, ideals of service efficiency and ideals of our duty to the public.

To the enterprise of our army of five thousand ambitious men and women, with the ideals of their Company ever before them, is due the credit of building, maintaining and operating the comprehensive telephone system which serves the people of the Mountain States.

It is this enterprise that has connected 260,000 telephones together, from which originate over a million exchange messages every day, and more than six and a half million long distance messages every year.

The Mountain States Telephone and Telegraph Co.

UNIONS' DEMANDS ON RAILROADS

What the Exactions of the Employees Will Cost the Country.

REGARDING the demands made on them by the unions for increase in pay, the railroads have issued the following statement:

A dollar a year for every man, woman and child in the United States would have to be added to the present freight and passenger rates to pay the

\$100,000,000 a year increase in wages demanded by the trainmen and enginemen. This would be the equivalent of a 5 per cent general advance in freight rates and would amount to \$5 a year for the average family, counting five persons to a family.

The train service employees want a 25 per cent increase in wages. To give a 25 per cent advance to all the employes of the railways would cost \$332,000,000 a year. This would amount to \$16.60 for every family in the United States.
