It would be to laugh—long and loudly—if it wasn't for the fact that the mayor has obviously been considering the appointment of this political loop-the-looper seriously. However, he evidently kept his ear to the ground on his way to California, for Tuesday back came a wire to Sandy holding up the appointment of Saint Devine for awhile. The removal of Vail and Crosby was unquestionably due, just as Pitt's removal has been due ever since he was made police chief, but the removal might better have never been made than to have resulted in the Devine hunch. Bywater would be bad enough, but Devine is about the end of the limit.

If Devine goes in, let's make it good all the way through. Remove Pitt and stick Harry Joseph in to boss Hemple. It would make a large-sized hit with Hemple.

A half dozen men have been mentioned for fire chief who are entitled, in one way or another, to the place. Of them all Johnny Hoffenbock stands as good a show as anyone and in all probability he will land the job, unless someone makes the mistake of taking the worse than foolish Devine and Bywater talk seriously.

The town needs a fire fighter and needs one bad, though it may take about one big disastrous conflagration to impress the fact on some people's minds.

### GOLF.

Fred Hale, with a handicap of five strokes, waded through the field in the first month's play for the Director's handicap cup, the main handicap trophy of the season, in succession defeating Holman, Gemmel and Walker Salisbury, the latter in the finals after a hard contest. It is the first time this season that Hale has played anywhere near the gold he is capable of, and if he holds his present form, his handicap is due for a pruning.

Most of the games in the play for the first leg of the big trophy were decidedly close, and some mighty good golf was shown at times. Walker Salisbury, with four strokes handicap, disposed of Walcott Thompson, but it took the 18th hole to decide the game, and in his game with the writer, the result also decided on the last hole. Salisbury showed steadiness rather unusual in a comparatively new player in both of his games against the scratch men, his midiron shot after a topped brassy for the 18th hole in the second game being

### LUNCHES AT THE LOUVRE.

The question of lunching down town at noon-time brings to busy men and women, and to shoppers these questions—convenience, comfort, reasonableness of charges and excellence of menu.

We want you to try a lunch at the Louvre.

We determined weeks ago to make our noon-day lunches as popular as our dinners and after-theater suppers and we have succeeded in making this cafe the rendezvous of the greater part of those who lunch downtown. The menu we serve for 40 cents is selected from twenty or more prepared by our chef and we are very sure that you cannot get as good for the money anywhere else.

If you are back from an Eastern trip or from a run to the coast drop in and see if our service, our music and the quality and preparation of everything we serve doesn't compare more than favorably with the finest cafes you visited in the larger cities.

We have the finest cuisine department of any cafe in the west. It is the most modern and sanitary money could put in.

In every way we are prepared to give our patrons the best of care.
