

# CLOSELY AKIN *to the Story* of Evolution in APPAREL

For the modern well dressed man is the story of the development of

**HART SCHAFFNER  
& MARX CLOTHES**

The clothes in any color or fabric you desire--the clothes that always look well on every occasion--the clothes that are perfectly tailored and always fit--that may always be had in the latest weaves or the more conservative blacks and blues.

There is an air about these clothes--a style that is distinctive--a novelty in the weaves in accord with good taste, but never extreme

If you wear

**HART SCHAFFNER & MARX  
CLOTHES**

you won't see anyone better dressed than you are
