

In the Selection of Gifts for a Woman, Two Questions
Should Be Uppermost in the Mind of the Giver:

Is the Gift Useful? Is the Gift Beautiful?

It Is Both If Purchased at Hamilton's Smart Shop

¶ To the woman who knows, this store has been a boon. To the woman who previously did not know, it has been an educational force. ¶ From the handsomest and most stylish gowns and hats for street or evening wear to the dainty little accessories that mean so much to well dressed women, there is nothing combining the essential qualities of style, taste, beauty and usefulness that may not be found here.
