

## The Salt Lake City Brewing Company

beg to announce that it has increased facilities for bottling the American Beauty beer, which is admitted by all to be the best beer throughout this western country, having no equal in quality.

¶ The greatest attention has been given to the hygienic cleanliness of bottles and to the scientific sterilization of the beer, and all this same methodical care being used in every process of manufacture, has made the American Beauty Beer the favorite throughout the West.

¶ The fact that the bottling house is equipped with the finest and most up-to-date machinery can be demonstrated on inspection, and a cordial invitation is extended to all to come and see our up-to date plant.

Respectfully,

*The Salt Lake City Brewing Co.*

JACOB MORITZ,  
General Manager.

Corner Tenth East and  
Fifth South Streets

## Price River Valley

THE PAST YEAR year has witnessed the completion of the most important irrigation undertaking in the intermountain country, which is known as the Price River Valley project in Carbon County. Here all conditions are right for a great fruit and agricultural country, climate, soil, water and markets. Within the last two years hundreds of thousands of dollars have been expended on this project by our local capitalists who have faith in the country and know the right conditions for a great farming district.

We are all familiar with the Grand Valley, Colorado, where the conditions are the same as in Carbon County, under this irrigation project, the values have increased from \$250 to \$4000 per acre within the last eight years.

The Price Valley lands are now offered to the public at a very low price and on very long terms.

## Fitzgerald Bros. Land Co.

are the Selling Agents, and will furnish illustrated  
booklets upon application.

Salt Lake City

Imported German Beers on Tap. — Genuine Rhine and Moselle Wines

## The Heidelberg

KARL H. MAYER, Prop.

¶ In connection with our Imported Lunch-eon delicacies, wines and beers which have made the Heidelberg the rendezvous for a select coterie of Bohemian connoisseurs, we are now serving an excellent German lunch daily from 11:30 a. m., to 2:00 p. m.

The Heidelberg Annex is one of the most attractive places in the city to go with your friends after the theatre—good food, excellent service, and the best of cheer.

*In the heart of the new theatre district.*

THE PIONEER WHOLESALE GROCERS  
AND LIQUOR MERCHANTS  
OF UTAH

A Full Stock of Groceries, Liquors and Cigars Always  
on Hand

The first house in Utah with Commercial Travelers to invade adjoining States and Territories, thus extending the commerce of Utah, never dealing in seconds of merchandise, but always in A1 standard goods. We never buy job lots, only dealing in first-class and fresh goods.

We are the Agents and Distributors for the Pabst Brewing Company's Products, having acted in this capacity for 34 years.

We also are sole Agents for Carl Upmann Cigars, always the same, always uniform, and always first class. Have held this Agency for 26 years.

Next to this we are the distributors for the Natural Mineral Water Company, whose works are located at Soda Springs, Idaho. Their output "IDAN-HA" is now freely acknowledged to be the most healthful mineral water in the United States, as is attested by immense and unsolicited orders and applications for Agencies. It is bottled at an altitude of 6,000 feet above the level of the sea, and not in the swamps of Wisconsin, but at the Soda Springs in Idaho, celebrated as "BEER SPRING" by Washington Irving in his "Bonneville," by General John C. Fremont, by Halden and other eminent men, pioneers and writers.

This water is bottled as it flows from the 90 per cent Spring and by skillful appliances the carbonic acid gas of this 90 Per Cent and Mammoth Springs is united and there is procured that natural effervescence so healthful and pleasing, because nature's own production, at once a fine table and medicinal water, for the stomach, kidneys and healing to the mucous membrane of the intestinal canal, by reason of its high percentage of Magnesia, Lithia and Potash; also preservative of the tissues through the agency not of a chemical combination, but the Natural Carbonic Acid Gas, which penetrates every part of the human anatomy.

Respectfully,

THE FRED J. KIESEL CO., Ogden, Utah.
