

ST. PAUL'S CHURCH IS GOING TO BE THE "OLD TRINITY" *of* SALT LAKE

ALREADY it is beginning to look a little demure with the shadows of the big Newhouse building falling across it. It will only be a short time until the little church will be surrounded by other monuments to the progress of Salt Lake City. We have for sale 41 feet, situated 80 feet south of St. Paul's, which is growing more valuable every day. It will be high class retail property within a very short time. Come in and see us about it. We have moved to 351 Main street.

351 Main St.

Boston Building
