

## Take Good Care of What You Spend Your Life to Earn

The man who labors six days in the week for a living should make an effort to save a portion of his earnings for that time in the future when the rigors of age will reduce his earning capacity.

The man with a bank account is in a position to do this, for his plan of setting aside a regular amount each week or month from a salary is the ideal method of saving money.

Your deposit will be welcomed at this bank, and we will help you save.

### HANDSOME OFFICES FOR HOUSTON CO.

What is beyond doubt one of the finest and most elegantly furnished real estate offices in the west, is the suit opened Thursday by the Houston Real Estate Investment company on the ground floor of the Boston block at the corner of Main street and Exchange Place.

The location is on a corner which within a very few months will be one of the busiest spots in the city and the company has so arranged the interior of the suit that its reception room forms the quickest and most convenient means of egress from and ingress into the main lobby of the Boston block and the company has placed this facility at the disposal of the public. A private telephone booth has been conveniently installed for public use and handsome writing desks are at the disposal of those who wish to make use of them in the reception room.

The finishing of the suite is unusually rich, the fixtures being of African mahogany, with marble base and a floor of white marble blocks. The walls are finished in a soft moss green and the ceiling in old ivory. The heavy plate glass used in the fixtures with the initial "H" ground into each panel lends a very rich tone to the whole effect. The general offices of J. W. Houston, president of the company and C. W. Johnson, secretary and treasurer, their private offices, the offices of the company's cashier, bookkeeper and rental agent with the departments of insurance, bonding, real estate and others are beautifully furnished. The directors' room at the east end of the suit is particularly handsome. The company's main entrance is at the corner of Main street and Exchange Place. Another important entrance is provided on the east end of the suite opening from
