HOT WEATHER SPECIALTIES.

The cool, dainty, tempting things being served at luncheon, dinner, and later in the evening at the Louvre, are in exact accord with all demands of the connoisseur during the summer season. We serve daily the finest of everything in the market, including genuine brook trout, bass, and sea foods, especially shipped to this restaurant. We also wish to call the attention of our patrons, both local and transient, to the great variety of fruits and vegetables now to be had, to our fine spring chickens, ranch eggs, and every delicacy that every city and country market affords.

It is a good plan when motoring or at the resorts to order your dinner or supper beforehand, so that it will be ready for you and your party upon your return to town. We serve a table d'hote lunch and dinner, and an a la carte service from morning till midnight.

FINE CAMPING PLACE.

A good many people would like to get out of town for a few weeks, but do not know where to go; that is, they do not know where they can go and have green grass and trees and a good place to camp without they select some expensive place.

Such people may be glad to know that right here in the valley, twelve miles from the city, a mile and a half below the mouth of Big Cottonwood, R. Knudsen has a park of fifty acres, with the Cottonwood running through it, lots of trees, lots of grass, cold water, which can be reached in two hours by team or forty minutes by automobile, where all the surroundings are pleasant, where all the usual necessities of life can be obtained cheaply—just a camping place—no beer there, no whiskey, no company except such as one pleases to select—all the comforts of a home if you please to live in a tent and take your tent with you.

Until a railroad is built, people without teams cannot get there, and we suggest to people when they are out driving or out with their autos that they run up and see this place, because it is one of the most beautiful natural parks in the entire valley.

THE EFFORT OF EVERY HOSTESS

Is to have her social functions as brilliant and sparkling as she can make them. The table of today presents a dull appearance unless enlivened by Cut Glass and Silver. They are counted the "Hall Mark" of gentility.

We are in our new store at No. 66 Upper Main street, and invite our friends to inspect the newest and prettiest things in fine china, glassware and silverware.

THE EARNING PERIOD.

Of a man's life is his season of plenty—his harvest time. It is then, if ever, that he must lay aside the stores for the winter of his life.

You—what are you doing with the proceeds of your harvest? Do you waste it all, or are you wisely saving a portion? These are pertinent questions—not impertinent. Let us help you to save. Make this bank your granary and keep safe the golden grain of your industry.
