

cars, the Pope Toledo and for the institution here of a big jobbing and supply house. The company received two Traveler models of the American car early this week and they have caused any amount of comment among owners, dealers and prospective buyers. The big forty-inch wheels, the underslung frame of the new car and the unusually large clearance of over twelve inches, are the features that have caused the most interest in the cars. The machines are powerful and fast and with their low build they are capable of great speed together with an unusual degree of safety and comfort. The car is being pushed by the manu-

on an American Traveler, purchasing the car from the Rooklidge-Gilmer company on Thursday.

The Studebaker company broke all records for the season with the sales of the Studebaker electric phaetons, received ten days ago. The cars proved to be a very decided novelty and were quickly spoken for. The announcement carried a week ago of the intention of the Studebaker company to immediately place a new gas car on the market, selling for \$750, including magneto and other equipment, has started gossip on motor row as to just what effect these cars will have on the market for cheap cars when they arrive.

CORRECT DRESS FOR WOMEN
216 SOUTH MAIN ST.

Summer isn't over by several weeks.

But the dainty gowns that were purchased early in the season have been worn long enough to cause them to look a little the worse for wear.

Wouldn't it be a good plan to let us help you freshen up your wardrobe during the dog days?
