SOMETHING
EVERY LADY
ought to know.

There exists a means of se-
 curing a soft and brilliant
 complexion, no matter how
 poor it may naturally be.
 Hagan's Magnolia Balm is a
 delicate and harmless arti-
 cle, which instantly removes
 Freckles, Tan, Redness,
 Roughness, Eruptions, Vul-
 gar Flushings, etc., etc. So
 delicate and natural are its
 effects that its use is not
 suspected by anybody.
 No lady has the right to
 present a disfigured face in
 society when the Magnolia
 Balm is sold by all druggists
 for 75 cents.

A TERRIBLE PROPHECY.

The Red Sunsets, Cyclones and
 Earthquakes Forfeiting Com-
 ing Disaster—How to
 Meet It.

The recent mysterious appear-
 ances following sunset and preced-
 ing sunrise have attracted wide at-
 tention from students of the skies
 and the people generally. During
 the days of recent weeks the sun
 seems to have been obscured by a
 thin veil of a dull leaden hue which,
 as the sun receded toward the hori-
 zon, became more luminous, then
 yellow, then orange, then red; and,
 as night settled down upon the
 earth, a dull purple. At first it
 was thought these appearances were
 ordinary sunset reflections of light,
 but it is now certain that they are
 either the misty substance of the tail
 of some unseen comet, in which the
 earth is enveloped, or a surrounding
 stratum of world dust or very small
 meteors. Professor Brooks, of the
 Red House Observatory, Phelps,
 N. Y., has turned his telescope upon
 these objects and discovered what
 he thinks are myriads of telescopic
 meteors. If it is unorganized world
 dust, or decomposed vapors, as the
D. moer t. and Chr. nicle, of Ro-
 chester, N. Y., remarks: "How is
 this matter to be disposed of? Will
 it settle and form a deposit upon the
 earth, or remain a partial opaque
 shell upon the earth to cut off a por-
 tion of the sun's light upon it?"

Whatever the mystery is, there is
 no denying that some very strange
 forces are at work in the upper air.
 The terrible tornadoes and cyclones
 which have swept our own country,
 and the fearful volcanoes and earth-
 quakes which have destroyed so
 many cities and thousands of people
 —the tidal waves which mysteri-
 ously rise and fall on coasts
 hitherto unvisited by them
 —the tremendous activity which
 is evident in the sun by the
 constant revelation of enormous
 spots upon its surface—all indicate
 unusual energy in the heavenly
 bodies.

These circumstances recall Pro-
 fessor Grimmer's prophecies that
 from 1881 to 1887, the passage of
 the five great planets—Mars, Neptune,
 Jupiter, Uranus and Saturn—
 around the sun would produce
 strange and wonderful phenomena.
 He says: "The waters of the earth
 will become more or less poisonous.
 The air will be foul with noisome
 odors. Ancient races will disappear
 from the earth." He attempts to
 prove his prophecy by the fact that
 in 1720, when Mars and Saturn
 made their passage around
 the sun coincidentally, great
 destruction and mortality visited
 all parts of the globe. He
 also found the same results in pre-
 vious perihelion passages of the
 planets, and argues that these
 circumstances always produce
 epidemics and destructive diseases
 which will baffle the skill of the
 most eminent physicians; that the
 poor will die by thousands, the
 weak and intemperate falling first,
 those whose blood has been im-
 poverished by excess of work or
 dissipation next and only those who
 are in comparative vigor shall
 escape to enjoy the era of renewed
 activity and prosperity which will
 follow the period of destruction.

Inasmuch as the entire world
 seems subject to the sway of the
 heavenly bodies, no part of the
 earth, he thinks, can escape
 scourging. He even predicts that
 America will lose over ten millions
 of people; that farmers will be
 stricken with fear and cease to till
 the soil; that famine will make
 human misery more wretched. That
 hundreds will flee to overcrowded
 cities for aid in vain. That sudden
 changes in ocean currents, temper-
 ature and surroundings will entirely
 transform the face of nature and
 climate of countries; that the air
 will be so foul with malaria and
 other noxious gases; that those who
 survive will be troubled with dis-
 orders of the digestive organs. That
 many who escape other ills will
 be stricken with dropsy and suddenly
 pass away, while others will grow
 thin and drag out a miserable
 existence in indescribable agony for
 weeks. Neuralgic pains in different
 parts of the body will torment them.
 They will easily tire and become
 despondent. A faint, hot feeling
 will be succeeded by chilly sensa-
 tions while hallucinations and
 dread of impending ill will
 paralyze all effort. "The
 birds in the air, the beasts of the
 field and even the fish of the sea will
 become diseased, poisoning the air
 and poisoning the waters of the
 globe." We are told on the other
 hand that those who shall pass
 through this period of trial will
 have larger enjoyment of life and
 health. The earth will yield more
 abundantly than ever before. The
 animal kingdom will be more pro-
 lific and life prolonged very materi-
 ally. This prolongation of life will
 be owing to the healthy electric and
 magnetic influences that will per-
 vade the atmosphere. It would per-
 haps seem that the present redness
 of the sun, and the presence of a
 belt or veil of cosmic matter, just-
 ified, in a measure, the prediction of
 Professor Grimmer, but disturbing
 as his prediction may be we are
 told for our comfort that the strong
 and pure blooded need have little to
 fear in these calamities, that those
 who are delicate or indisposed should
 adopt means to keep the system well
 supported and the blood pure and
 that the most philosophical and ef-
 fective method of accomplishing
 this is to keep the kidneys and liver
 in good condition. From the testi-
 monials of such men as Dr. Dig-
 Lewis and Professor R. A. Gunn,
 M. D., Dean of the United States

Medical college, New York, and
 thousand of influential non-pro-
 fessional people, it seems almost cer-
 tain that for this purpose there is no
 preparation known to science equal
 to Warner's Safe Cure better known
 as Warner's Safe Kidney and Liver
 Cure. This medicine has acquired
 the finest reputation of any prepara-
 tion that was ever put upon the
 market. It is a radical blood puri-
 fier, which soothes and heals all in-
 flamed organs, strengthens the
 nervous system, washes out all evi-
 dences of decay, regulates digestion,
 prevents mal-assimilation of food
 in a philosophical and rational man-
 ner, fortifies the system against
 climatic changes and malarial in-
 fluences and the destructive agen-
 cies which seem to be so abundant
 in these "evil days."

It is not our purpose to dispute
 the correctness of Professor Grim-
 mer's prophecies. As we have said,
 the marked disturbances of the past
 few years would seem to give a
 semblance of verification of his
 theory. It is certain, as above
 stated, that we are passing through
 what may be regarded as a crucial
 period, and it is the part of wise
 men not to ignore, but to learn to
 fortify themselves against the pos-
 sibility of being overcome by these
 evils. It is a duty which each man
 owes to himself and his fellows, to
 mitigate as much as possible the
 suffering of humanity, and in no
 way better can he accomplish this
 purpose than to see to it that he
 himself is fortified by the best
 known preparation in the strongest
 possible manner, and that he exert
 the influence of his own example
 upon his fellows, to the end that
 they, to, may share with him immu-
 nity from the destructive influences
 which seek his ruin.

RHEUMATISM!
 ITS CAUSE AND CURE.
 BY AN ENGLISH PHYSICIAN.

This painful malady was formerly
 considered to be entirely the result
 of age, cold or exposure, but medical
 science has now demonstrated that
 it is a disease in the blood, which
 may be inherited in so dangerous a
 form as to cause death in youth or
 middle age, and even in infancy.
 That the enemy courses through the
 veins, mixed in life fluid, in a liquid
 form for a certain length of time;
 that it gradually, through a variety
 of causes, becomes partially solidi-
 fied into a sort of clayey substance
 This accumulating in the joints of
 the fingers, toes and limbs, becomes
 an obstruction to the circulation, and
 in time stiffens the joints, causing
 in many instances great pain and
 suffering. It also materially affects
 the healthy action of the vital or-
 gans, interfering with the heart, the
 stomach and the kidneys. A rem-
 edy such as that known as Britannia
 is the best that can be taken to re-
 move the disease, and to give the
 proper tone to all parts of the sys-
 tem. No external application can
 remove rheumatism. Patients who
 use various oils, lotions and lini-
 ments, are dying every day from
 this disease. But no one has yet
 died of rheumatism to my knowl-
 edge who used Britannia, even
 when the disease was so far ad-
 vanced as to cause complete prostra-
 tion. This valuable family medi-
 cine can be obtained at Zion's
 Drug Store, Salt Lake City.
