

The most economical of all quick-leavening agents

SIGNED STATEMENT ISSUED BY THE COUNTY BOARD

The following statement to the taxpayers of the Hooper and Kaneville districts was issued by the commissioners this morning:

"As there seems to be a question in the minds of the taxpayers of the Hooper and Kaneville road district in regard to the attitude of the board of county commissioners with reference to road building in these districts, we have deemed it advisable to make the following public statement, that all who read may understand and be governed accordingly at the coming special road tax election to be held July 7, 1914.

"It was the intention of the board to begin road building in those districts several months ago, but there being no direct railroad line from the rock crusher to those districts some delay was necessary in obtaining transportation for the rock and owing to the stormy weather bad roads and other justifiable reasons, we have been unable to get started as planned. But now those difficulties have been overcome and the work we are now doing at Pleasant View being nearly completed we again promise you that we will be down in those districts in a very short time and spend the balance of the 1913 special road tax and should you again vote a tax at the coming election, will remain there until we have spent that also, which will mean the spending of about \$10,000 in those two districts and the building of about three miles of good macadam road. (Signed) Wm. C. Hunter, County Commissioner."

GATHERING OF THE SCOTTISH CLANS AT LAGOON, JUNE 23RD

Most elaborate Scottish event which has ever taken place in the state. Highland Sports, Highland Dancing, Scottish music and song. Valuable cash prizes. Train leaves 11 a. m. and every hour thereafter. Fare for this occasion, 25 cents round trip. Advertisement.

SUMMER COURSE OF M. I. A. OF ONE OF THE STAKES

The summer course of the Mutual Improvement associations of the North Weber stake has been fully arranged and the meetings will begin next Sunday night. In district No. 1 the circuit work, similar to that which was conducted last summer, will occupy two Sunday night meetings a month, the first and third.

This district is comprised of the Ogden Third ward, Tenth ward, Marriott, Lynne, Wilson and Harrisville. In the second district, the M. I. A. will have charge of all the Sunday night meetings. The first one will be the regular monthly conjoint session of the two organizations. The second will be for circuit work, the third for a lecture night and the fourth for the circuit again.

Next Sunday night will be a lecture night and the meetings will be as follows: Plain City, President James McWhorter; West Weber, Wells McIntyre; Farr West, President J. V. Bluth; Taylor, W. Z. Terry; Warren, Joseph H. Williams; Slaterville, W. C. Hunter.

NOTICE

The city cemetery gates will be closed against vehicles at 8:30 p. m. each evening and open at 7 a. m. until further notice.—Advertisement.

MANY KILLED IN CANADIAN MINE

Lethbridge, Alberta, June 19.—A terrific explosion coming without warning, today entombed 250 miners employed in mine No. 20 of the Hill crest Collieries, Ltd. Of the fifty rescued only fourteen were living tonight. Despite efforts of the two score mine experts laboring amid the poisonous gases and debris, hope of rescuing alive the 200 men yet in the mine is wanting. The effects of the disaster were: Men in mine when explosion occurred, 600, of whom 350 escaped. Number rescued, 50, of whom 35 died later.

Miners still entombed, 200, probably killed by fire which followed the explosion. At dusk a silent group of wives and mothers stood at the mouth of the mine, which had been closed by the explosion, still hopeful that rescues would be made.

The explosion, which occurred about 9 o'clock this morning, shook the countryside for miles, lifted the roofs from many miners' cabins and demolished numerous small buildings. A moment after the explosion a score of panic-stricken surface workers rushed from the mine, followed by a dense cloud of smoke and poisonous fumes.

Appeals for help were dispatched to many towns, and in the meantime residents organized an emergency crew and turned feeble and ineffective hands toward the work of rescue.

When the first rescue crew arrived this afternoon a large force of men set about to clear the shaft. Thousands of tons of rock have fallen into the mine, and it is feared that the men, even had they escaped death from the poisonous fumes, probably were crushed to death by the falling debris.

No information as to what caused the explosion has been obtained, but it is believed it was due to the forming of gases.

A Californian is the inventor of a machine into which a person in search of employment can drop a coin and get a card, visible from outside the machine, telling where work may be found and what kind.

LOOPER, WEEVIL AND ARMY WORM AFTER UTAH FARMERS

The Logan Journal says Dr. Titus of the Utah Agricultural college has been called to Sevier county by the farmers of that section who report that the looper is destroying whole fields of hay. He left Logan Wednesday. Out at Green river it is reported that the looper has climbed the trees and is eating the leaves and small fruit.

Box Elder county has its attention divided between that pest and at least three others. The weevil is doing considerable damage, the army worm has destroyed acres and acres of beets, while the apple leaf roller is out after its share of attention.

STEAMER GOES DOWN IN THE MISSISSIPPI

St. Louis, June 20.—One hour after putting ashore nearly 1000 telephone men at Alton, Ill., the excursion steamer Majestic of Peoria, Ill., carrying a crew of thirty-seven, sank in the Mississippi river just north of here at 1:30 o'clock this morning. A few minutes after running into the new intake tower of the St. Louis water-works now under construction.

St. Louis and all neighboring towns on the Illinois and Missouri sides of the river were thrown into excitement by early reports that the steamer had gone down with all the girls aboard. Ambulances were rushed to the scene along both sides of the river, but there were no available vessels to carry the would-be rescuers and newspaper men to the scene of the accident.

The men on shore for a few minutes after the collision heard faint calls. Later a dim light in midstream showed what appeared to be a few men clinging to the rigging of the boat which protruded out of the water.

DEADLOCK MAY YET BE BROKEN

Mexico City, June 19.—The opinion prevails in well informed circles that Pedro Lascurain, who was Mexican foreign minister during the administration of the late President Madero, is again to be appointed foreign minister.

It is reported that Lascurain at first refused to accept the post, but was later persuaded by friends to do so.

Washington, June 19.—Hope that the wavering mediation programme still might bring peace to Mexico, was expressed here late tonight by Argentine Minister Naon as he took the train for Niagara Falls after conferences with President Wilson and Secretary Bryan and Luis Cabrera of the Washington agency of the constitutionalists.

Neither Mr. Naon nor any of those with whom he had conferred would say whether any new plan had been devised to break the seemingly final deadlock at Niagara Falls between the American and Mexican delegates.

Position Unchanged. In official quarters, however, it was made known that there had been no change in the position of the United States government, as set forth in the declaration yesterday by the American delegates that only a constitutionalist could be accepted to head the proposed provisional government in Mexico City.

After the conference with the president and Secretary Bryan, Minister Naon stated that there still was encouragement for mediation and Secretary Bryan reiterated his declaration that mediation was progressing satisfactorily. No official word came from the president.

When Mr. Naon left his first conference with Secretary Bryan he was asked if there was still hope for mediation.

"I always look toward the light," he said. "I never look toward the dark." "What if the light is put out?" was suggested. "I never could grope in the dark."

SENSATIONS IN THE HILLSTROM MURDER CASE IN ZION

Salt Lake, June 20.—Sensation after sensation piled up yesterday in the Joseph Hillstrom murder trial before Judge M. L. Ritchie in the district court.

Hillstrom discharged his own attorneys, F. B. Scott and E. D. McDougall, in open court, declaring they were in league with the district attorney and that he could conduct his own defense better than they. He re-engaged them in the afternoon, and Soren X. Christensen also was entered as associate counsel, representing Judge Hilton of Denver, the famous labor advocate.

Two women entered the case yesterday, each shrouded in mystery, which counsel for the defense could not or would not clear up.

One is Mrs. Virginia Snow Stephen, who is prominent in educational, social and art circles. Mrs. Stephen, who is a daughter of the late President Lorenzo Snow of the Mormon church, has long been connected with the art department of the University of Utah, and stands exceptionally high as an instructor. Mrs. Stephen, it is said, has never seen Hillstrom, but has become so firmly convinced of his innocence that she will endeavor, while taking her vacation in the east, to raise funds for his defense.

Convicted of Innocence. The man who wrote the songs and composed the music that Joseph Hillstrom has, simply could not be guilty of so brutal a murder as the killing of the Morrises. Mrs. Stephens told F. B. Scott, of the defense, before she left for the east.

Discussing the interest that Mrs. Stephen has displayed in the case, Mr. Scott said yesterday: "Mrs. Stephen came to my office some time ago and talked to me about the Hillstrom case. I did not know her until she introduced herself but she seemed greatly interested in Hillstrom's defense. She said she had never seen Hillstrom, but that she could not believe the man guilty from what she had read and heard of the case. She appeared eager to render any assistance in her power. She told me that she was going east for her vacation and that she intended raising funds if possible while absent, to assist Hillstrom in getting his case properly before the courts. At that time, I might add, we did not know that Hillstrom would be called for trial at so early a date.

"Mrs. Stephen also asked me if I would like to have assistance in the case and I told her I would. Having been informed that she intended stopping in Denver, on her way to the east, I suggested that she might see Judge O. N. Hilton, the noted labor advocate in Denver, who was associated with me in the Sorenson case. That she saw Judge Hilton is evidenced by the telegram which came to Soren X. Christensen today."

Attorney O. N. Hilton, when interviewed in Denver last night regarding the connection of Mrs. Virginia Stephen with the Hillstrom murder case, said: "I know nothing of Mrs. Stephens further than that she stated to me that she represented the defense committee of the I. W. W. She was anxious, she said, to see that Hillstrom secured justice, and in case he was convicted by a jury in the present trial she wanted to be assured that he would secure a new trial and, if necessary, carry the case to the highest court. I was unable, by reason of other duties, to represent Hillstrom, and recommended Attorney Soren X. Christensen of Salt Lake, who is now conducting Hillstrom's defense."

DECISION IN FREIGHT RATE CASE DELAYED. Washington, June 19.—The interstate commerce commission's decision in the eastern advance rate case will not be announced tomorrow as has been expected in some quarters, and the indications today were that it would not be made public for several days at least. Some of those best informed on the commission's procedure would not be surprised if it

THE LEADING MEN. "This land lies well," said the visitor. "Yes, but you ought to hear the real estate agents," said the victim—Livingston Lance.

Rewards totaling \$7500 have been offered for the arrest and conviction of the murderers.

Grand Rapids, Mich., June 19.—Lawrence P. ("Chippy") Robinson is wanted in Grand Rapids in connection with the robbery of the Thomson jewelry store last September, in which three men were shot and killed by two robbers, who escaped with about \$2200 worth of diamonds.

Walter Lawrence, arrested in Covington, Ky., three months ago, is being held here to answer to the same charge. The police allege Lawrence and Robinson were in Grand Rapids together when the jewelry store was robbed.

Neither Mr. Naon nor any of those with whom he had conferred would say whether any new plan had been devised to break the seemingly final deadlock at Niagara Falls between the American and Mexican delegates.

Position Unchanged. In official quarters, however, it was made known that there had been no change in the position of the United States government, as set forth in the declaration yesterday by the American delegates that only a constitutionalist could be accepted to head the proposed provisional government in Mexico City.

After the conference with the president and Secretary Bryan, Minister Naon stated that there still was encouragement for mediation and Secretary Bryan reiterated his declaration that mediation was progressing satisfactorily. No official word came from the president.

When Mr. Naon left his first conference with Secretary Bryan he was asked if there was still hope for mediation.

THE FILTHY, DIRTY, DISEASE BREEDING FLY

If you found a fly in your soup you would not eat it.

But what about the fly which crawls all over your meat before you buy it?

If you knew it, you would not eat that either, but you don't know.

You are safe only when you purchase U. S. Inspected Meats.

The Fly has no access to them—It cannot carry the filth, dirt, disease and bacteria from the mire and corruption of its haunts into our U. S. Inspected Meats; because they are thoroughly protected by being completely wrapped in knitted white cotton bags, protecting them against flies and dirt from the time they leave our plant until delivered at the markets.

This feature of our method of delivery is in line with the cleanliness and sanitation existing throughout our entire establishment. By noting the contrast between our neat, clean and sanitary manner of handling our meats and the way the uninspected kind of meats are exposed to the flies and dirt of the streets, you will have somewhat of an idea of the differences in sanitary conditions between Government Inspected Plants and uninspected Slaughter Houses.

You are vitally interested in this propaganda; it is being done for YOUR PROTECTION. You may easily learn whether your market is handling meats that are properly protected, by stepping down town some morning early and watch the meats delivered to your dealer. Or—Still better, call us up and we shall cheerfully tell you.

FOR YOUR OWN PROTECTION PURCHASE YOUR MEATS AT MARKETS WHO HANDLE U. S. INSPECTED MEATS EXCLUSIVELY.

WATCH FOR THE U. S. INSPECTION STAMP ON ALL YOUR MEATS.

OGDEN PACKING & PROVISION CO.

Wholesalers of meats that are sound, wholesome, clean and free from disease.

Blankenship, Manager

were not announced for at least two weeks.

NOTICE KINDLY RETURN:

The party who carried away a canvassing-sample, case from the counter of "Munsey, Mayflower Cigar Store," at corner of Hudson and 25th will kindly return same to the store or Creston hotel, no question will be asked. The most value of same consisted in the collection of photographs and pictures for use by the owner. To save trouble to the party who took this sample case its prompt return will stop further proceedings for his arrest.—(Advertisement).

DELEGATES ARRIVING FOR BIG CONVENTION. Houston, Tex., June 19.—Houston is preparing to entertain the International Association of Rotary Clubs, and hundreds of delegates, including those of Utah, are expected to arrive Saturday afternoon. A few delegates

have already reached the city, among the most prominent being Chesley R. Perry of Chicago, international secretary, and Thomas H. Stephenson of Edinburgh, Scotland. An elaborate program of entertainment has been prepared, and prominent Houstonians have left the city to meet special trains at St. Louis, New Orleans and other points to escort the delegations to Houston. Following the completion of the local program, a swing around the state in special trains is planned.
