SPEAKER CLARK ADDRESSES WOMAN SUFFRAGE DELEGATION

Tells Representatives From Thirty-eight States That "Woman Suffrage Is as Inevitable as the Rising of the Sun" and That He Will Vote For Cause in Missouri—Advices Women to Get Vote by States.

VICE PRESIDENT RECEIVES SUFFRAGETTES

Association Officers Declare Against Militant Methods—Strictly Non-Partisan—Numerous Petitions Are Presented to Senate and Filed by Senators Smoot, Lewis, Catron, Townsend, Hoke Smith, Bristow and Lippitt—Bryan Dodges Earnest Gesticulation.

Washington, D. C., June 27.—Speaker Clark today told a delegation of women from the National American Woman's Suffrage association that "woman suffrage is as inevitable as the rising of tomorrow's sun." "For one thousand years," said the speaker, "men have been trying to run the world and some think they have made a bad mess of it. I hope that when you men run it, you'll improve on it. I think woman suffrage is inevitable. The only question you folks have to consider is how to most expeditiously get what you are after. You can get it quicker by the states than by congress.

"In some places there is a great prejudice against woman suffrage. You want to remember one thing, that is, you lose the fight, you are out for years. Whenever the subject comes up for a vote in Missouri I am going to vote for woman suffrage. This is not because all women are fitted to vote, and I may add that I would not like to say that all men are fitted to vote. If you ever do vote, and I think it is coming certainly, I hope you will vote for the best principles and the best men."

The speaker was addressing a group of women from thirty-eight states, who had presented 300 petitions for woman suffrage in the form of resolutions adopted by suffrage organizations and mass meetings at the time of the nation-wide demonstration on May 2. There were also present Congressmen, Democrats, Republicans and Progressives, to whom petitions also were presented. These included Representatives Smith of New York; Taylor of Colorado; Baker of California; Fitzhenry, O'Hair and Foster of Illinois; Democrats, Mondell of Wyoming; Campbell of Kansas, Republican; New York; Walters, Pennsylvania, and Bryan of Washington, Progressives.

The woman suffrage leaders in the delegation included Dr. Anna Howard Shaw, Miss Jane Addams and Mrs. Antoinette Funk of Chicago. Mrs. Helena Gardner, Mrs. Glenna Smith Tinnin and Mrs. Raymond B. Morgan of Washington.

Vice President Marshall also received the suffragettes and later petitions to senators were left at the vice president's office.

The suffragettes requested that all petitions be laid before congress before July 8.

The suffrage association officers particularly emphasized that they were opposed to militant methods, were not fighting any party, but are seeking aid for the suffrage cause from individuals of every political faith.

Shaw called Speaker Clark's attention to the fact that under the initiative and referendum the suffrage question was being submitted to the voters in Missouri today. A telegram was sent to the suffrage leaders there, informing them of what the speaker had said. Dr. Shaw urged the vice president to take a more decided stand on the suffrage question because "she believed that he believed in suffrage."

"But I can't get away from my wife," returned the vice president, "and I don't want to."

"But you might persuade her, if you tried," said Dr. Shaw.

Woman Tackles Bryan.

One suffragist who wandered away from the throng about the vice president's office, fell in with Secretary Bryan on his way to the foreign relations committee. From her earnest gestures, Mr. Bryan had to use some vigorous methods to extricate himself. He finally took refuge in an elevator.

When the senate met, numerous petitions presented by the suffrage delegations were filed by Senators Smoot, Lewis, Catron, Townsend, Hoke Smith, Bristow and Lippitt.

CLAIMS POUR IN FROM ALL POINTS

Banks Holding Claffin Paper Sending in Statements to Noteholder's Committee.

Rejuvenation of Wholesale House and Thirty Retail Dry Goods Stores Assured.

New York, June 27.—With the noteholders' committee acting as a funnel for claims, pouring in from banks all over the country, there were today increasing hopes of regeneration for the H. B. Claffin company and its string of dry goods stores.

Confidence in the ultimate success of some reorganization plan which would put the crippled company on its feet was manifested in the attitude of Gregg and McGovern, counsel who filed involuntary petitions in bankruptcy for some of the creditors, at the same time the suits in equity brought about the receivership on Thursday. The lawyers have expressed no intention of interfering with Joseph B. Martindale and Frederick A. Juillard, the receivers named in the equity proceedings, so long as they are convinced their clients are being protected. The involuntary petition is pending in the courts.

A statement was issued today in behalf of the merchandise creditors, urging that assets of the retail stores be guarded wherever possible.

BALLOT RESULTS TO BE GIVEN OUT

Secret Vote of 55,000 Engineers and Firemen to Be Known Between July 10 and 14.

Cleveland, O., June 27.—Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, said today that the result of the strike vote taken by 55,000 engineers and firemen on 98 railroads west of Chicago will be known some time between July 10 and 14. It is a secret ballot, he said, and there is no indication at present as to the result.

The men asked for increased wages, shorter hours and better working conditions and the strike vote came when the railroads refused their demands.

BUSINESS MEN PRAISE WILSON

Washington, June 27.—At the White house today another quantity of letters and telegrams from business men in different parts of the country praising President Wilson's stand on business conditions and anti-trust legislation was made public. In the view of White house officials the correspondence fully sustained the president's position that anti-trust legislation must be passed during the present session of congress.

'FRISCO BANKER TO BE RUSSIAN ENVOY

George T. Marye.

George T. Marye, wealthy banker and lawyer of San Francisco, has been selected by President Wilson as ambassador to Russia and his name has already been submitted to the Russian government for its approval. Mr. Marye was mentioned for ambassador to France with William G. Sharp before it was settled that Mr. Sharp would get the place. He was born in Baltimore in 1856 and was educated in England, Germany and Italy. While his business interests are mostly in the west, Mr. Marye has for several seasons maintained a home in Washington.

THOUSANDS FLOCK TO SEE FIGHT

French and American Sportsmen Gather in Paris for Johnson-Moran Bout.

BETTING FOR JOHNSON

Negro Confident of Outcome—White Man Expecting a Tough Fight.

Paris, France, June 27.—French sportsmen and thousands of Americans and other foreign followers of boxing were gathered in Paris today, awaiting the fight tonight for the heavyweight championship of the world.

Frank Moran of Pittsburg and Jack Johnson, holder of the title since he defeated Jeffries on July 4, 1910, at Reno, Nevada, will meet in the ring at the great Velodrome d'Hiver at 10:30 o'clock tonight to fight for twenty rounds under Queensbury rules.

On every hand the question was discussed whether the white challenger was capable of wresting the title from its negro holder. Each combatant expressed strong confidence in his own chances of victory, but the betting odds were 3 to 1 in favor of Johnson.

Johnson Confident.

"I was never more sure in my life. It is now a question of true sportsmanship. If Moran wins tonight he will win by strength, skill and better generalship. If he wins I shall be the first to congratulate him and it will be from the bottom of my heart."

Johnson has made plans for a tour of Europe in an automobile after the fight. The journey will include visits to London and to Moscow and he says he will later return to the United States.

Fight Will Be Tough.

Moran said:

"It will be a tough fight while it lasts, but I do not think it will last long. I cannot figure it is going to last twenty rounds. I am in the best condition of my career and naturally don't expect to be the loser."

The Pittsburg fighter added that, whether he won or lost, he expected to be battered. He said he intended to return to his training quarters at Merl on the Oise for a quiet rest after the fight. Should he be the winner he will pay a visit to Rome. Much interest is displayed in Moran's style in the ring, which is not so well known as that of Johnson. The white fighter said his plans would be a cautious effort to win and he did not expect to effect a knockout by a chance swing. He declared he thought the longer he could drag out the fight, the better would be his chances for getting in decisive blows.

Sisters Send Message.

Moran declared he felt the responsibility rested on him of representing the white race. His four sisters in Pittsburg today sent him an encouraging message, while an uncle who is dying in Ireland, wrote him a farewell letter, in which he said he had prayed for his victory.

The crowd at the arena tonight will be in full dress, as Parisians regard the match in the same way as they would an important night at the opera. The reservations made today included a great many for women. Among the prominent personages of France who will be present are Duke Louis d'Uzes, the premier duke and peer of France, and former Premier Louis Barthe.

GRAVE WARNING FOR ROOSEVELT

Physician Orders Four Months Absolute Rest—Must Abstain From Campaigning.

COLONEL DETERMINED

Specialist Says Obey or Physical and Mental Vigor May Be Permanently Impaired.

Oyster Bay, June 27.—Four months of absolute rest has been prescribed for Colonel Roosevelt by his physicians, who informed him that he was suffering from an enlargement of the spleen and a loss of vitality as a result of the malarial fever he contracted in the South American jungles.

"But in four months the campaign will be over," the Colonel said today. Consequently, he added, he considered it an impossibility for him to follow his physicians' advice.

Colonel Roosevelt has abandoned his campaign trip across the continent, which had been arranged tentatively for September. He also telegraphed to Pittsburg that he would make only one speech there on Tuesday night. Two had been arranged.

Physician Gives Grave Warning.

The change in the ex-president's plans came after an examination made last night by Dr. Alexander Lambert of New York. Dr. Lambert came to Oyster Bay and spent more than an hour in inspecting the patient. Then he told him he must rest for four months. He urged the colonel to give up his trip to Pittsburg, to make no speeches during the campaign and as far as possible to give up everything that would tax his strength. He explained, the colonel said, that it would require a long period to shake off the effects of the malaria and that if this were not accomplished, the disease might become so securely fastened on him that he would never recover his full strength. It might even impair his mental vigor, the physician said.

Colonel Roosevelt declined to heed the warning. He said it would be an impossibility for him to give up his campaign work.

Col. Roosevelt Determined.

"I think Dr. Lambert took a gloomy view," Colonel Roosevelt said laughingly. "But I shall take care of myself as well as I can and I'll see that the malaria does not get settled in my system."

Upon his return from Pittsburg, Colonel Roosevelt is to see a throat specialist. But whatever the physicians say of the possible consequences, he is determined, he said, to go on with the campaign in a limited way.

HEAT CAUSES FIVE DEATHS

Temperature in St. Louis Rises Three Degrees an Hour to High Mark.

St. Louis, June 27.—Five deaths from the heat last night and today were reported in St. Louis up to noon. The temperature at 11 o'clock this morning was 93 degrees, a rise of three degrees in an hour, and indications were that the mercury would nearly reach the high mark of yesterday when 101 was recorded.

A strong wind, however, served to reduce the suffering from the high temperature.

MEXICO BECOMES TOO HOT FOR HIM

Enrique Creel, who was one of the richest men in Mexico before General Villa confiscated his vast property holdings, has just left for Europe. It is believed that his departure was hastened by a belief that General Huerta, with whom he sympathizes, is about to fall. Creel was ambassador to the United States in the days of President Diaz.

U. S. BEATEN BY SUGAR LOBBY

Postoffice Department Loses \$57,600 in Revenues—Literature Circulated Under Senator's Frank.

MAY BE INVESTIGATION

Sugar Interests May Be Compelled to Pay Government—Franking Privilege to Be Regulated.

Washington, June 27.—Chairman Overman of the senate lobby committee had before him today a special report of postoffice inspectors alleging the government was deprived of \$57,600 in postal revenues under the frank of Senator Lodge of Massachusetts.

Whether steps will be taken to compel the sugar interest concerned to pay that sum, has not been decided, but Mr. Overman declared today the investigation would be the basis of legislation to regulate the use of the franking privilege.

SALEM FACING HARD PROBLEM

Sanitation of Great Tent Colony to Be Arranged by Militia and State Health Board.

Salem, Mass., June 27.—To insure sanitary conditions in the camps established for the homeless was the most pressing problem confronting those in charge of the relief work in the first-stricken city today.

Officials of the state militia and of the state board of health co-operated in this work. Two official camps were in operation and preparations were made for the establishment of a third, into which could be brought many persons, at present scattered in various open places in the city.

In each of the tents provided for shelter there were four cots. In some cases nine or ten persons occupied a single tent.

The militia found no difficulty in maintaining order throughout the night.

HUNTSVILLE, THE ONE PATRIOTIC TOWN IN WEBER

Captain W. E. Kneass and Lieutenant Lindquist of Company B, Utah National Guards, were in Huntsville yesterday arranging for camp and ground for their company which will participate in the Fourth of July parade and celebration in the Ogden Valley town.

According to P. L. Orth of the Huntsville Commercial club, the guards will arrive in Huntsville on the evening of July 3, and will go into camp for the night.

The committee which has charge of the program for the day has arranged a number of events that will be in full accord with the "safe and sane" plan of celebration that is being advocated throughout the country and also will be of such a nature as to hold the interest of both the children and adults for the day and evening.

CHILDREN'S GARDENS ARE SOON TO BE INSPECTED

The director of gardens of the agricultural department of the Ogden High school states that the first visit to the vegetable gardens and porch boxes which are being kept by students of the city schools who have entered the garden contest, will be made between July 1 and July 5. The prizes will be awarded at the time of the Fashion Show, next September.

The plan of having the school children keep gardens in Ogden this year is meeting with marked success and hundreds of youngsters are busy looking after garden spots with a view to becoming prize winners. It is said that the work done that is surprising to note the skill with which some of the children, many of them having a pretty good knowledge of farming at this time. A number of the boys have learned much about irrigation and they water their lands almost as per-

ONE TIME COPPER KING IS VERY ILL

F. A. Heinze.

F. Augustus Heinze, who made millions in Montana copper mines, and lost them in New York bank and stock deals, is dangerously ill in New York. Abdominal hemorrhages and liver troubles are declared to be responsible for his condition.

fectly as do some of the experienced farmers.

The directors wish to encourage self effort on the part of the students, but they do not object to the parents teaching the children how to farm. It is thought that it would not be beneficial to the child nor would it be fair to other children who are competing for prizes, for the parents to actually do the farming and it is urged that the children be required to personally do the work. It is also said that in keeping a garden the child should be led to understand that the instructions given them should be carried out to the letter.

It is contemplated that each child in the contest shall raise sufficient vegetables for the home and it is said that if they take proper care of the little plot of ground they have, there will be little difficulty in accomplishing that. The children are urged to keep their gardens free from weeds, keep the soil loose at all times and use just enough water to keep the ground moist, to the extent that the plants do not wilt. It is said that too much water spoils the crop in many instances. All transplanted plants should be shaded during the heat of the day until such time as they have become firmly fixed in the ground and begin to mature.

The children must keep their work so as to advise the directors of the progress that is being made and also show the manner of farming that has been practiced.

Entries for prizes should be reported to the secretary, Mrs. Philip Warren Knisely, 2513 Adams avenue. Slips for exhibit work will be furnished September 1, and the names and class entry will be noted on them.

GAMES WITH HELENA TO BE PLAYED IN THIS CITY

President A. P. Bigelow of the Ogden Baseball club announced today that arrangements had been made to have the Helena-Ogden series of next week played in Ogden instead of Helena, as originally scheduled. In order to do this the directors of the local club were obliged to advance a guarantee of considerable size to the Helena club, but this was deemed a better proposition than for the local team to go north. On the northern trip just completed the patronage at the games was so small that the tour was made at a loss to the club.

Ogden is classed as the best baseball town on the circuit and it is believed that the series here next week will be well patronized. The club is arranging to make next Thursday a "booster" day and later will announce the program for that event later.

The Boise-Ogden series will close with only one game tomorrow, as the expected extra game—as far as is now known—will not be played. The pitchers announced for tomorrow, though the announcement may be changed, are Couch or Ballinger for Ogden and Tomes for Boise.

The battery announcement for today's game was Knight and Seaborn for Ogden and Jensen and Weaver for Boise. Bert Spencer, the fielder who was brought from Salt Lake Wednesday to replace Murphy, was released last night and returned to his home in Salt Lake. Raedel, who made home a good showing in right field yesterday, will be held in that position until Murphy is on his feet again.

VERDICT IS GIVEN MYRTLE SPALDING

Last evening the jury in the case of Myrtle Spalding against Ogden city rendered a verdict in favor of the plaintiff, awarding damages in the sum of \$2,750.

Miss Spalding sued for \$10,925 for personal injuries.

GREAT STORM IN THREE STATES

Wisconsin, Minnesota and Iowa Devastated by Third Violent Rain of Week.

STREETS ARE FLOODED

Rivers Overflow and Fields for Miles Covered With Sand and Mud.

Chicago, June 27.—Large sections of Wisconsin, Minnesota and Iowa were early today devastated by the third violent storm of the week. Water ran from two to four feet deep in the streets of LaCrosse and practically all the railroads in the vicinity experienced severe washouts.

At New Albin and Lansing, Ia., the rivers overflowed their banks, and fields for miles were buried under sand and mud. The business district of Mandan, N. D., was today covered with water three feet deep in many places and residents, fearing another cloudburst, moved to places of safety.

MEDIATORS SEND NOTE TO WILSON

Meeting Between Constitutionals and Huerta Delegates Assured—End Will Be Failure.

Washington, June 27.—President Wilson early today received a lengthy message from the American delegates to the executive expressed the opinion that a meeting between the Huerta and Constitutionalist representatives was practically assured.

The message received today is said to have reported the results of a conference between the American delegates and Minister Naon. While it is intimated in some quarters that an informal conference between the opposing Mexican factions will terminate in failure, it was made clear that President Wilson is viewing negotiations with interest.

The state department today notified through the Brazilian embassy that General Huerta was willing to have Vice Consul Silliman return to his post at Saltillo. The request to Huerta to return the American consul, whom his troops imprisoned and threatened with death, to a territory over which he now has no control, was merely a formality and to preserve the good faith of the United States in respect of a promise it made when it secured the release of Silliman from his precarious position. The Constitutionals now entirely control Saltillo and the surrounding territory.

MILLIONS OF FLIES BEING CAUGHT BY SMALL BOYS

The fly killing contest that was inaugurated about three weeks ago by the city sanitary inspector is bringing gratifying results according to a statement made by Sanitary Inspector George Shorten this morning.

There are 288 girls and boys already registered as contestants and nearly 7,000,000 flies have been brought in. From this showing it is expected that the 1914 record of 15,000,000 flies killed will be exceeded.

The department is being greatly aided in obtaining contestants by the Alhambra Theatrical company, which has donated 1000 tickets to its three moving picture houses, to be given to the persons bringing in the dead flies. One ticket is given for each 500 flies and, when the 1000 are gone the company stands ready to donate some more.

A number of boys who have enlisted in the work are displaying considerable ingenuity in their efforts to catch the flies. Many of them have made flytraps and inveigle the house pests into them with different kinds of bait. The more sportsmanlike hunters, however, use the deadly fly-swatter to good effect.

The boy who has brought in the largest number of flies thus far is Armand Friedlander, who is employed at the plant of the Ogden Packing & Provision company. He delivered five ten-pound lard buckets full of dead flies yesterday. From the ratio of 2500 to the canose it was figured that the consignment contained 12,500 flies. Friedlander, however, has the "edge" on the other contestants through using the large patented fly traps at the packing plant.

Benny Bingham has brought in 221,000, most of his being caught in a trap with a piece of beef for bait. The next two on the list are Rex Wintle with 22,000 and Howard Davidson with 15,000.

New York, June 27.—The statement of the actual condition of clearing house banks and trust companies for the week shows that they hold \$21,357,850 reserve in excess of legal requirements. This is a decrease of \$7,482,400 from last week.

Baseball Sunday OGDEN vs BOISE

GLENWOOD 3:30
NEXT WEEK—OGDEN vs. HELENA AT GLENWOOD PARK.
