CYCLISTS SET A NEW SPEED RECORD

New York, Nov. 18.—Rapid fire sprints that almost overlapped, held cyclists in the six-day race at top speed for more than an hour during the night and carried the new record nearly fifteen miles in advance of the old. Today fifteen of the eighteen teams that started still whirled over

the big bowl at Madison square garden. At the close of one of these bursts of speed, the Wohrab-Ryan team won back the lap they lost Monday night and again took rank with the leaders. During the early morning George Seres of the team of Seres and Dupy developed water on the knee and retired from the race. At the same time Frank Cavanaugh of the Piercy and Cavanaugh team retired because of a severe cold. Dupy and Piercy continued in a new team.

BASKETBALL GAMES PLAYED YESTERDAY

The "Misfits" basketball team defeated the National Guard team in a game played at the Armory last night. The score was 44 to 23 which, despite its look of one-sidedness, is not a good criterion of the game from the point of view of interest. The play was fast and a number of spectacular plays were made. The basket throwing of Bune was the feature, this player scoring 13 baskets.

The lineup follows:

SPILERS		GUARDS	
Horrocks	McMillan	Way	Warner
Kerns	Glasmann	Moyes	Fuller
Huss	Huss	Miller	Logan
Jansen	Jansen	Paine	Cherry

Field baskets: Bune 13, Ruby 4, Moyes 3, Way 4, Logan 2, Cherry 2, Fuller 1.

The Misfits will go to Layton Friday night to play the team from that town. They will take along as guards Fuller and Greenwell for this game.

substituting these men for Miller and Paine.

The Dee Panthers were defeated by the Twenty-second Street Tigers yesterday in a basketball game, the score being 20 to 15. Horrocks and Schade were the stars of the winning team, while the same honors were carried off by Rhodes for the losers.

The Roughnecks defeated the Tigers yesterday in a basketball game. The score was 17 to 15 and the lineup follows:

THANKSGIVING TO SEE GREAT BATTLE

Salt Lake, Nov. 18.—Interest is growing intense in the football game here Thanksgiving day afternoon between the teams of the University of Utah and the Agricultural College of Utah, and indications are that many turkey dinners will be kept waiting while the fathers and big brothers and even kid brothers are watching the warriors of the two great state schools battling for supremacy on the gridiron.

Both teams are training hard and the men are faithfully keeping the rules of training laid down by the respective coaches and trainers, and the wind-up game of the season bids to be one of the greatest and hardest-fought contests ever witnessed in Salt Lake. The rivalry between the varsity and the Aggies always has been keen, but so many unexplained reasons seem to have grown up year after year that now each school feels that a defeat at the hands of the other would be a disgrace beyond all repair.

SIDNEY MADE QUICK WORK OF THE EMDEN

London, Nov. 18, 10:18 a. m.—A dispatch from Melbourne, Australia, to Reuter's Telegram company contains part of the report which Captain J. A. Glossop of the Australian cruiser Sydney made regarding the fight in which the German cruiser was destroyed. It says: "The Emden's firing soon failed when the Sydney began to hit the mark. The Emden's rudder was destroyed early in the fighting, her speed suffering greatly in consequence. Her next loss was the No. 1 funnel, then the foremost and this was followed by the No. 2 funnel. Finally the No. 3 funnel fell."

Salt Lake, Nov. 18.—"If Salt Lake can convince the franchise holders in the Pacific Coast league that to take Salt Lake into that circuit would be a good financial move, then I believe that the Utah capital will be a member of the coast league." This was the statement of President Alan T. Baum at a luncheon at the Commercial club yesterday, at which nearly a score of representative business and professional men were present.

JACK JOHNSON TO FIGHT WILLARD

London, Nov. 17, 9 p. m.—Articles were signed today for a boxing bout of from twenty to forty-five rounds between Jack Johnson, the heavy-weight champion, and Jess Willard, an American "white hope." The fight will take place during the last two weeks in March at some place to be chosen February 15. It is said that the battle-ground probably will be Mexico. Each of the boxers deposited

\$1000 to guarantee his appearance at the ringside. Johnson is to receive \$30,000 for fighting.

NEBRASKA WOULD PLAY HARVARD FOR CHARITY
Lincoln, Neb., Nov. 17.—The University of Nebraska athletic board this evening took steps looking to the possibility of a post-season game between Nebraska and Harvard university, the proceeds to be donated to the Red Cross. The board authorized E. O. Stehm, director of athletics, to send a telegram to T. L. Richards, manager of the Harvard athletics at Cambridge, to that effect.

The one reservation made by Nebraska is that the Cornhuskers' eleven win next Saturday's game with Iowa which will give them a record of going through the season without a defeat. Should Harvard accept the proposal, the suggestion is made that the game be played in New York City.

VARISITY'S LATERAL PASSES BEAT SCRUBS

New Haven, Conn., Nov. 17.—In the fiercest football scrimmage seen here this year, the Yale varsity eleven today scored two touchdowns against the scrubs in the new bowl. Several players were hurt, but none seriously. The touchdowns were the result of sensational forward and later passes. The second score came on three long passes that netted 70 yards. Pumpelly, whose field goal at Princeton two years ago saved Yale from defeat, practiced drop kicking with great success. He booted the ball between the uprights eighteen times out of twenty-five.

BRESNAHAN OUT OF LUCK; TWO BIG DEALS OFF

Chicago, Nov. 17.—Roger Bresnahan stated that two deals regarding his future—one by which he would have been manager of the Brooklyn Federals and another by which he hoped to win the Cleveland association franchise and transfer it to Toledo, are off. He is now, he said, "just catcher of the Chicago Nationals."

BUSINESS CREW BEATS L. D. S. U. JUNIORS

The sixth game of the L. D. S. U. basketball series yesterday afternoon resulted in the business college team winning over the juniors by the score of 19 to 15. The game was very much in favor of the juniors during the first half, but the basket throwing was poor on both sides. As soon as the second half began the business men showed proper form and one by one the points were rolled up.

GOV. SPRY IS BACK FROM CONVENTION

Salt Lake, Nov. 18.—Governor William Spry returned late yesterday from the conference of governors in Madison, Wis. While there he made a considerable investigation of the "Wisconsin idea" of state government, which, he asserts, he found richly endowed with commissions and costly to the taxpayers.

"In some respects," said the governor, "they do things better in Wisconsin than we do here in Utah, but on the other hand, we have some things that they might do well to copy, notably our mothers' pension law."

At the conference Governor Spry spoke for "sane conservation" in the

west, pointing out the fact that the eastern and middle western states may progress from the fact that their entire area, practically, is taxable and therefore revenue producing, whereas the western states are held back for the reason that so much of their area is withheld by the government.

Commenting on this, the governor said last night:

"Our cry in Utah is that we must get the revenue out of 70 per cent of the land of our state that now constitutes the drone in the hive. Thirty per cent of the land in Utah pays the expenses of our state government. We must have the revenue from at least half of that 70 per cent not now taxable if we are to have adequate advancement of our state."

"Another thing, we need more factories in Utah. We need more pay rolls."

Governor Spry and his secretary, John K. Hardy, visited all the important state offices in the Wisconsin capital. Among other officials, he interviewed the chairman of the Wisconsin public utilities commission, who is going to forward for the governor's information complete data of the workings of the commission. He commented on the fact that the Wisconsin utilities commission costs about \$134,000 annually, an amount that this state, with its present revenue, could not pay.

"It seemed to me," said the governor, "that the Wisconsin idea runs too much to commissions. They seem to have commissioners for everything, and it is my observation that the practice is too expensive. Where the state government formerly cost the taxpayers \$5,000,000 a year, it now costs \$13,000,000."

Governor Spry said that while attendance at the governors' conference was small, representation from the west was good and that the western executives found good opportunities to discuss their own affairs.

On his way home the governor visited in Minneapolis a boyhood friend whom he knew in England.

Shrapnel is seen here and there scattered on the plain. Bombs are bursting in the air. Coming down like rain. Tons of shattered iron and steel

On all sides are found. Bits of lock and stock and wheel. Everywhere abound. Business, as we may suppose, in most lines has shrunk. But it must be good for those men who deal in junk.
