## CRAFTSMEN WALK OUT AT GLOBE MILLS

### Federal Troops Are Rushing To Butte

#### ONE GUARD AT BUTTE SHOTS HIS COMPANION

Colonel Hall of Camp Lewis to Command Troops at Camp

#### STAY OF TROOPS IN MONTANA INDEFINITE

Call for Soldiers Sent Following Disturbances on Wednesday

SPOKANE, Wash., April 22.—A detachment of the Twenty-first infantry left Fort George Wright, near here, for Butte, Mont., following receipt of orders late last night from western department headquarters.

The troops left under the command of Lieutenant Colonel Americus Mitchell, took with them full equipment with heavy marching packs, it was stated. Their stay, according to Colonel George B. Duncan, commanding officer at Fort Wright, is indefinite. He declined to state how many men were included in the detachment.

At Butte, Colonel Hall, from Camp Lewis, will assume command of the troops.

BUTTE, Mont., April 22.—Hugh B. Haran, a guard in front of the Daily Bulletin, said to be the organ of the Metal Mine Workers' Union No. 800, I. W. W., was shot and killed today by Joseph Papst, another guard. Papst, who was arrested, said the shooting was accidental.

BUTTE, Mont., April 22.—The Anaconda Copper mining company mines in the Butte district will resume work tomorrow after having been closed since Monday because of a strike, it was announced today. John Gillie, general manager of the company, said:

"All mines resume work tomorrow. Full protection will be given workers."

Strikers gathered at the headquarters in the I. W. W. hall today, but there was no demonstration and no attempt to picket the mines. Strikers and men attempting to go to work clashed at a downtown corner. No arrests were made.

Mystery surrounds today's shooting in front of the office of the Daily Bulletin, but the police said Haran was mistaken for an outsider and shot by Papst by mistake. Haran and Papst were with other armed men who crowded the Bulletin office in expectation of an attack following a mass meeting last night. At the mass meeting strikers' demands for higher wages, a six-hour day and release of political prisoners, were urged "to arm in self-defense."

Call for Protest.

The Bulletin in an extra edition called on all miners in Silver Bow county to "lay down their tools and stop the wheels of industry" in protest against the shooting of pickets.

Many special deputies and policemen today patrolled the avenues leading to the mines.

Troops from Spokane are expected to arrive before noon. Barracks have been prepared for them.

Of the fourteen men wounded in the fight between sheriff's deputies and assistant and I. W. W. mine pickets last evening, all will recover, it was said today, except two, Roko Lacus and Peter Marovich, whose condition is critical. Both were operated on last night. Two bullets were removed from Lacus' body. It was impossible to locate the bullet which had lodged in Marovich's lung.

Sheriff's Statement.

Eleven of the wounded men are of foreign birth and seven of them have lived in this country several years, but they are not naturalized.

## REPUDIATED STRIKE LEADERS RETURN TO JOBS

#### WOMEN REFUSE TO CONFESS TO WOMEN, IS CLAIM

LONDON, April 6.—Whether the church should provide women confessors is a question with which the Lambeth conference of the clergy of Great Britain, to be held in July, is threatened.

At a meeting of the National Union for Equal Citizenship, Miss Edith Picton-Turberville said letters had been received from girls pleading for women confessors in high Anglican churches.

The Rev. Henry Ross, vicar of a large London parish in a recent interview, said women would not confess to women.

"There is the psychological objection," he said, "that one woman would not trust another to keep a secret."

#### NATION LEAGUE FOR AMERICAS, DR. BRUM PLAN

Uruguay President Proposes Association for Common Protection

MONTEVIDEO, April 21.—Formation of an "American league" on a basis of absolute equality between American nations for common action against aggression threatening any one of them from outside nations and for arbitration of inter-American disputes was proposed by Dr. Baltazar Brum, president of Uruguay, in addressing students of the University of Montevideo tonight.

Dr. Brum declared other American countries should make a declaration similar to the Monroe doctrine to secure the solidarity of the American continent. He said should any member of the "American league" have a controversy with the league of nations that nation should ask for the co-operation of the "American league" in settling the controversy.

Doctrine Discussed.

Taking up the Monroe Doctrine, Dr. Brum pointed out how it had "constituted, on the whole, an effective safeguard to the territorial integrity of many American countries."

Dr. Brum asserted the entry of the United States into the war was "anticipated application of the Monroe doctrine," adding:

"Owing to the state in which European countries remain after the struggle, it may be said that fear of invasion by them in America has been removed for many years."

"But is that sufficient reason for us to take no interest in the future, and turn away from the Monroe doctrine with the pretext it is now unnecessary," he asked. "I believe that today, more than ever, we should use foresight in searching for formulas that may assure forever the peace and full independence of American countries."

Room For Both.

Referring to his scheme for an "American league" as the same as President Wilson proposed organizing Dr. Brum thought it could co-exist with the league of nations without difficulty.

He pointed out that unsettled boundary questions were still embarrassing many American countries, and said settlement would be possible by the "American league" without appeal to the league of nations. Regarding the internal questions of individual nations, he thought no intervention should be permitted unless two-thirds of the allied countries decided to intervene.

President Brum expressed belief that the American political world should also declare against diplomatic interference by outside nations.

#### PLAN NEW TAX TO GET BONUS FOR VETERANS

All Stock Exchange Transactions Would Be Assessed by Republicans

#### PRICE OF TOBACCO LIKELY TO ADVANCE

Scheme Will Raise More Than Billion for Soldier Relief

WASHINGTON, April 22.—A tax on all stock exchange transactions equal to the brokerage charges of commission houses have been agreed on tentatively by the Republican members of the house ways and means committee as one of the new levies for raising money for the soldier bonus legislation.

Three other levies have similarly been recommended by the Republicans. These are a one per cent levy on the final sales to consumers, a new levy on incomes, probably in excess of \$5,000, and an increase of approximately 15 per cent of existing taxes on tobacco.

These four forms of taxes would remain effect two years and the Republican estimate that they would net about \$1,500,000,000 for soldier relief. They will be incorporated in the legislation to be presented in the house for adoption May 3.

Committees predicted that the four-fold plan of taxation would not be changed.

Committees declared that regardless of the form, the taxation ultimately would be borne by the consumer. They estimated that more than seventy exchanges, including Wall street, the Chicago Board of Trade and the New Orleans Cotton Exchange would be affected by the tax on stock transactions.

#### ACCUSED COUPLE TELL OF KILLING

ROCHESTER, N. Y., April 22.—James L. O'Dell and his wife, Pearl, each charged with the murder of Edward J. Kneip, on the night of January 7, last, testified in supreme court today at the trial of O'Dell. Mrs. O'Dell was excused before she told of the killing of Kneip, on the ground that further testimony would affect her defense when she herself came to trial.

O'Dell described how Kneip was handcuffed to a tree while Mrs. O'Dell attacked him with a file and of their dragging the body to a culvert nearby. When they returned to the scene later, he said, Kneip got up and struck him. He felt Kneip with a club then, he said. Mrs. O'Dell previously had testified that Kneip attacked her after giving her drugged candy.

#### GUNS, PISTOLS AND BULLETS STOLEN HERE

Ogden Sporting Goods Store Robbed of Weapons and Ammunition

Revolvers, automatic pistols and ammunition, together with camp axes and two pairs of shoes, were stolen last night from the Armstrong Sporting Goods store, near the corner of Grant avenue and Twenty-fifth street.

Claude Armstrong, proprietor of the store, reported the theft to the police this morning.

Entrance was gained by breaking a transom over the rear door, removing a heavy iron bar, and breaking the lock from the door on the inside.

Twenty revolvers and pistols were taken, guns of all descriptions being taken. Seven automatic pistols, calibers ranging from .25 to .45 were stolen. Half of a pearl-handled stock of a revolver was all that was left in the case in which the guns were kept.

Two suspicious looking characters were seen about the Armstrong place of business last evening by a man who rooms above the Armstrong store. He obtained a fairly complete description of these men, and the police are now on their trail.

The Armstrong store was entered in a similar manner several months ago by a Mexican having stolen several revolvers.

The robbers removed ammunition from their place on the shelves, carried it behind a counter and selected such bullets as would fit the guns. Mr. Armstrong stated, bullets having been strewn about the floor.

QUEBEC, April 22.—Mrs. Marie Anne Houde Gagnon was found guilty yesterday of torturing and murdering her 16-year-old stepdaughter, Aureole Gagnon, and was sentenced to be hanged October 1. The girl, after being beaten, burned with a red hot poker and made to walk barefoot in the snow was forced to drink poison, the evidence disclosed. The post mortem examination of the body revealed 54 wounds.

The defense pleaded insanity.

#### NEXT MOVE OF OUTLAW GROUP BEING AWAITED

Small Bands of Men Go Back With Repudiated Leaders

#### JOHN GRUNAU IS HOLDING CONFERENCE

Nearly 5000 Strikers in New York Refuse to End Walkout

CHICAGO, April 22.—Strike leaders who yesterday were repudiated by their followers when they advocated an end to the walkout of switchmen, today returned to work, followed by small bands of men.

Meanwhile, federal and railroad officials awaited the next move of the outlaw strikers who revolted against the leaders, who declared "they could not fight the government."

John Grunau, president of the Chicago Yardmen's association, hurried to Chicago yesterday from the county jail in Joliet, Ill., after obtaining his release on bond, and was in conference today with the strikers. His recommendations to the men are looked to as the next step toward a settlement of the strike.

He announced several days ago that he would urge calling off the strike, but since the split of the strikers at yesterday's meeting, some doubt is expressed as to whether such an appeal would be heeded.

A steady improvement in traffic conditions throughout the middle west and on the Pacific coast was reported by railroads. Movement of livestock in the Chicago district was reported greater than shipments a year ago. The roads announced that 1,148 cars of coal were moved in Chicago yesterday.

Refuse to Go Back.

NEW YORK, April 22.—Approximately 5,000 railroad strikers, meeting in Jersey City today, were reported unofficially to have voted not to return to work, but to appeal to men on all lines who have not walked out to do so in their support.

Strikers unable to gain admittance to the meeting twitted newspaper men. "The strike is all over," they called. "All the men are back to work. Look 'em over."

Improvement Shown.

Some improvement in the movement of freight was reported by all the lines in the district today, but it was admitted that absence of switchmen and yardmen was hampering complete resumption of traffic. Passenger service was declared to be almost normal.

Proposal of striking engineers and firemen in the Hoboken yards of the Erie railroad that they return to work in a body and be guaranteed their seniority rights, was received by the railroad officials today.

#### PAGEANT AT WOMEN'S FOREIGN MISSION MEET

Dr. Victor C. Vaughn, of the University of Michigan, president of the association, asserted that "nearly 100 per cent of the adult inhabitants of our cities are already infected with tuberculosis."

Living conditions must be bettered to improve the situation, the speaker said, and this can only be effected by the migration of the masses to the rural districts.

## MEN STRIKE AS AMERICAN PLAN IS ANNOUNCED

#### Considerable Labor Trouble Looked for by Associated Industries Members

Union Craftsmen Hold Meeting to Discuss General Situation

W. P. Parry, in charge of the construction of the Speery flour mill, Twenty-ninth street and Pacific avenue, reported late this afternoon that 100 workers of the Speery plant had walked off the job.

A delegation from the Carpenters' union visited the plant just before noon, it was stated, and the men left immediately.

No demands, as far as could be ascertained, have been made by the striking craftsmen.

About 100 men of the building trades walked off the job at the Globe mill in West Ogden this morning when the company notified them that hereafter it would operate under the American plan of the Utah Associated Industries.

H. H. Wash, construction engineer in charge of the work at the plant, declared the men made no demands and gave no indications as to the cause of the walkout.

Reason for Strike.

Striking employes assert that the walkout was caused by the company's adoption of the "American" plan of labor, and that none of the men would work under the "open shop" system.

Information from the office of the Speery Flour and Milling company is that no break has yet occurred at the plant, but that a walkout is expected at any moment.

A strike at this mill will influence approximately the same number of men as the Globe trouble has affected.

Trouble Expected.

W. F. Bossner, secretary of the Utah Associated Industries, said considerable labor trouble was anticipated before the American plan of employment is instituted. He said cards announcing the adoption of the "American" plan of employment were being sent to each member of the Associated Industries in this state and said that about 43 local concerns would be displacing labor before tonight.

Following the walkout at the Globe mill, there was a meeting of union men of the building trades in the office of the union business agent under the Reed hotel.

"So far as were concerned the position is the same," said W. F. Rawson, manager of industrial relations of the Utah Associated Industries, "and so far as we know the strikes are protest against the 'American' plan of employment. We have not heard from any source that any material changes have been made or attempted by employers under our arrangement, in the wages, or hours, or conditions of the people in their employ. The strike, so far as we are concerned, is a protest against our aims, and we mean to stand by them in the interests of the employers, the workers and the public."

PORTLAND, Ore., April 22.—The entire Pacific northwestern clip of wool for the season of 1920 will be concentrated in Portland, already a second wool center of the country, if plans agreed upon yesterday by the wool growers of Oregon are carried to fruition, it was announced today.

The plan to abandon the practice of country sales has been approved by the Oregon state wool growers' association, meeting of the chamber of commerce with 40 representative shepherds of the state present.

Also in attendance and in agreement were representatives of the local wool mills and of warehouses where the shipments would be stored and handled for sale.
