BROWNING AUTO SAFE CRACKED

Salt Lake Branch of Ogden Concern Is Robbed of \$600

SALT LAKE, June 12.—Safe crackers secured more than \$500 in cash and \$100 in checks from the Browning Automobile company, 750 South Main street early yesterday morning. This is the second time the Browning company's safe has been robbed, the last time being December 7, 1919. Money rarely has been left in the office safe, according to Arch Browning, and only exceptional circumstances prevented depositing the money in a bank Thursday.

The yeags opened the safe with a pinbar and sledge hammer, according to Detective Carl Carstensen, who investigated the case. Entrance was gained through a rear window. A Japanese porter discovered the robbers early in the morning.

According to Browning, employees of the company worked in the office until midnight.

Investigation revealed the crackers had turned off the office light which is left burning all night and used a light of their own. The safe which was blown open in December was rendered useless as was the safe which was cracked yesterday morning.

Detective Carstensen said he believed the job done by amateurs, despite the effective way in which they cracked the trunk box.

The only clues officers have to work on are finger prints and a flashlight left by the yeags when they departed.

Jury in Healey Murder Case Fails to Agree

ELY, Nev., June 12.—The jury in the case of the state against Mary E. Healey after sixteen hours deliberation notified District Judge C. J. McFadden that they had failed to agree.

It is understood that the jury was about equally divided. Mrs. Healey will be tried again in July.

Mrs. Healey was charged with the slaying of her husband. She alleged that she shot him by mistake believing him to be an intruder.

YOUTHFUL JOYRIDERS IN JOYRILERS COURT

BRIGHAM, June 12.—Six cases of juvenile delinquency were disposed of during a court session here by Juvenile Judge J. W. Gardner. Three young men from Elwood appeared in court charged with riding an automobile and joy-riding. They all entered a plea of guilty and were fined \$10 each.

Three boys from this city appeared charged with stealing lambs from a sheep herd belonging to Nichols Brothers, which ranged on the hills near this city during the spring months. The court held two of the boys for further investigation, but the third was released upon his promise to reimburse the owner of the lambs.

IDAHO LIBRARIANS ATTEND CONFERENCE

POCATELLO, Ida., June 12.—Miss Edith Gant, city librarian, returned yesterday from the forty-second annual conference of the American Librarian association, held at Colorado Springs from June 2 to 7. Miss Gant was accompanied by Miss Ruth Covill of Boise and Miss Marian Orr of Twin Falls. The three represented southern Idaho.

BUHL PHYSICIAN WEDS TEACHER AT POCATELLO

POCATELLO, Ida., June 12.—Dr. George B. Randall of Buhl and Miss Matilda Bohr, a teacher of the public schools in Pocatello, were married yesterday. The ceremony was performed at the Congregational church by Rev. C. H. Cleaves in the presence of relatives and immediate friends of the couple. The newly married pair will make their home at Buhl.

BOYDEN MAKES REPORT ON UTAH COLD STORAGE

SALT LAKE, June 12.—Failure of the Cache Valley Commission, company of Logan and of the Ogden Provision company to file with Walter M. Boyden, state dairy and food commissioner, the monthly reports required by the state law of the amount of foodstuffs held in cold storage warehouses has made it impossible to complete the monthly storage report, it was announced yesterday.

The reports of the two companies reported still missing, the totals as compiled by Mr. Boyden's office show that at the beginning of the month there was stored in Utah 12,230 cases of eggs, 32,125 pounds of butter, 7193 pounds of cheese, 48,860 pounds of poultry, 281,108 pounds of fresh meats, 29,116 pounds of cured meats, 1341 pounds of fresh fish, 4977 pounds of cured fish, 192,695 pounds of dried fruits, 149,431 pounds of nuts, 2000 pounds of olives, 32,090 pounds of lard, 2191 pounds of frozen egg meats, 52,157 pounds of candy, 4395 pounds of canned milk and 60,100 pounds of lard compound.

ESTIMATES REBUILDING OF LIGHTING PLANT

BRIGHAM, June 12.—Estimated cost of rebuilding the Brigham municipal electric light plant will be \$129,000, according to a report of C. O. Roskelley, who has completed an investigation of the plant. The plan will develop the maximum of 390 horsepower. A bond election will be held soon in which the taxpayers will be asked to authorize the city to go ahead with the project.

At the regular meeting of the city council Tuesday evening the action of Mayor Peters in obtaining the high line power from the city was unanimously approved and the agreements were signed. The feeling of the administration is that the work should proceed with dispatch in the order that the city may be in a position as early as possible to supply the demands made for electrical energy.

In rebuilding the plant on the high line, it is the intention to dismantle the present plant and dispose of the equipment, which is all in first-class condition. This project seems to have the unanimous endorsement of all the people of this city.

MUTUALS OPEN STATE MEETING

Thousands of Delegates From Various Parts of State Attending

SALT LAKE, June 12.—Thousands of delegates from various parts of the state and other states attended the opening sessions of the annual convention of the U. D. S. church here yesterday. The principal address was made by Miss Clarinda Beesley, secretary of the U. D. S. Her subject was "The M. L. A. in Progressive Action."

Addresses were also made by Joseph M. McMurrin and Mary E. Connelly. The singing was conducted by B. Cecil Gates.

An annual report was made by Secretary Merton Snow presenting the following items: Number of associations, 753; total membership, 40,226; average attendance, 18,826; total of meetings held, officers and members, 30,997; number taking part in activities, 15,559; number having reading course books, 4999; number of members away from home at school, 1226; of missions, 1125; in service of country, 262; at work, 1852.

Contractors Against Further Arbitration

SALT LAKE, June 12.—The Utah Associated General Contractors having decided against further arbitration with the Building Trades council will inform the Building Trades council of their decision today and will immediately start work, according to announcements made yesterday.

George E. Merrill, who has been directing much of the work of the contractors during the present labor trouble, announced this decision.

Material yards, which have been closed for the past month, will open as soon as it is possible, it is stated. This means a resumption of building in Salt Lake, it is stated by Mr. Merrill.

He also said that the Utah Associated General Contractors cannot consent to any modification by omission or restatement of the principles and terms embraced in the agreement offered to the Building Trades council.

"And further, that inasmuch as the Building Trades council has declined to subscribe to this agreement and has offered no proposal, either officially or otherwise, which retains all of the essential principles of the proffered agreement, the Utah Associated General Contractors declare it to be their intention to proceed with their work without further negotiation and will conduct same upon the plan and principles of completing the contract."

That workmen shall be employed only on the basis of their ability and fitness for the work required and entirely without regard to affiliation with a union or other organization.

CONTRACTORS WASTE OF NATURAL GAS

Call on State Authorities to Provide Regulations for Distribution

WASHINGTON, June 12.—Comprehensive recommendations to curtail waste of natural gas, calling upon the public utility commissions of each natural gas consuming state to require issuance of strict regulations for its use by all distributing companies before October 1, were contained in resolutions adopted at a meeting here of the natural gas conservation committee appointed last January by the secretary of the interior.

Regulations prescribed by the committee would prohibit the burning of natural gas in "low set burners" or solid top stoves and in water heaters or furnaces having an efficiency of less than 75 per cent, and would require proper adjustment of all appliances. All day light burning of gas for illumination also would be prohibited.

The committee recommended the enforcement of the prescribed regulations by discontinuance of service to any consumer who failed within a reasonable time to observe them.

Recommendations made in direct recommendation as to increase in the price of gas to consumers, it declared the "placing of a fair price on gas in line with the cost of production and conservation methods, and the drilling and operation of gas wells."

Support of the committee's conservation program was pledged by members of the state utility commissions of Pennsylvania, West Virginia, Ohio and Louisiana.

SENATOR HARDING'S CANDIDACY FILED

COLUMBUS, O., June 11.—Senator Warren G. Harding's declaration of candidacy for the Republican senatorial nomination was filed at the secretary of state's office here two minutes before midnight, the hour when the period for filing for the August primaries expires.

BEETS NEAR BRIGHAM IN GOOD CONDITION

BRIGHAM, June 12.—That beets in this vicinity are in prime condition is the report of Superintendent A. C. Pierson of the local sugar factory. The factories are busy husking and cultivating this crop. While a rain would be of assistance, the beets are not suffering from dryness, it is stated.

TO DISCUSS QUARTERS FOR KAYSVILLE CLUB

KAYSVILLE, June 12.—Selection of permanent headquarters for the Kayville Commercial club will be among the important features to come before a meeting to be held Monday evening in the court house. The committee report in regard to rooms will be submitted and the matter of selection will be decided by the club members. Arrangements whereby the newly organized band will give free open air concerts at the playground will also be discussed.

The United States imported raw silk valued at \$54,000,000 from China last year.

EUROPE MEETS TROUBLES WELL

Brighter Outlook of Various Nations Described by New York Banker

NEW YORK, June 12.—Difficulties arising from the war are being dealt with satisfactorily in England, France and Italy, according to Gustav H. Kahn, banker, who returned from Europe. Prediction that they will be overcome is justified, he said. For the last year Mr. Kahn declared Europe had been suffering less from the effects of the war than from peace.

England is prosperous and is going ahead, Mr. Kahn said, and felt that this country can displace her as the world's financial center is idle.

"In saying this," he added, "I am far from under estimating the leading part America will play in the world's work and the boundless scope of our opportunities. But we should seek to supplement our own resources."

France is also hard at work, but the French are "somewhat disillusioned and disappointed that American capital remains conspicuous largely by its absence." Italy has a surplus of labor, he said, and is making good progress, curtailing imports and increasing exports.

Mr. Kahn said the European labor situation is not very different from here and under existing conditions is being "acted to an serious extent by Bolshevists or kindred motives."

Russians with whom the banker talked in Paris "give for the collapse of the Bolshevist régime within six months, but they believe Russia will remain a republic," he asserted.

In the opinion of Germans, Frenchmen, Englishmen and Americans with whom he discussed the German situation, Mr. Kahn said nothing is to be feared from the Junker militarist or Hohenzollern party.

CURTAIN WASTE OF NATURAL GAS

Call on State Authorities to Provide Regulations for Distribution

WASHINGTON, June 12.—Comprehensive recommendations to curtail waste of natural gas, calling upon the public utility commissions of each natural gas consuming state to require issuance of strict regulations for its use by all distributing companies before October 1, were contained in resolutions adopted at a meeting here of the natural gas conservation committee appointed last January by the secretary of the interior.

Regulations prescribed by the committee would prohibit the burning of natural gas in "low set burners" or solid top stoves and in water heaters or furnaces having an efficiency of less than 75 per cent, and would require proper adjustment of all appliances. All day light burning of gas for illumination also would be prohibited.

YANKEE AIDS IN CAPTURE OF RED ARMORED TRAIN

WARSAW, June 12.—Another Bolshevik armored train, captured and manned by Germans with German machine guns, has been captured by the Poles near the Kiev bridgehead. Its capture is attributed to the performance of Captain Edward J. Corsi, of Brooklyn, a member of the Kosciusko aero squadron, who they say flew beyond the train and cut the track by means of bombs. Polish infantrymen later captured the crew.

ASHURST OPERATED ON, KEPT FROM CONVENTION

A FRIEND RECOMMENDED THEM

A person often does more good than he realizes when he tells a suffering friend how to get well. J. N. Tobill, clerk Lottie hotel, Evansville, Ind., writes: "For weeks I suffered constantly with pains in the muscles of my thigh. I was treated by the doctor for rheumatism but found no relief. Upon recommendation of a friend, I tried Foley Kidney Pills and began to get relief almost immediately." Good for backache, rheumatic pains, stiff joints. A. R. McIntyre Drug Co.—Advertisement.
