Mr. Browning of Ogden, who has given to the world more than a dozen inventions than any other man, has won new honors for himself, and for Ogden as well, by the recent perfecting of a new automatic pistol and the design of the recently announced machine rifle.

The new automatic pistol, it is said, is an improvement over former models in that it promises to displace the .45 calibre in the U. S. S. army.

The new pistol design is not yet patented, it is said, but it will be of different design than the older models. It will be lighter in weight and has a larger repeating capacity. It will use more cartridges at one firing than the former automatic models.

The new pistol is said to have undergone some tests and will be of different design than the older models. It will be lighter in weight and has a larger repeating capacity. It will use more cartridges at one firing than the former automatic models.

CARL R. GRAY TELLS SHOPMEN STRIKE IS LOST

You Had Better Go Back
To Job, He Says in
Substance

OMAHA, Neb., Sept. 7.—Declaring the strike "irrevocably lost," a statement issued by Carl R. Gray, president of the Union Pacific system, here today, urged all striking men to return to work, under the promise that full pension rights will be restored to all returning to work before September 15.

The statement, made public by W. M. Jeffers, general manager, over Mr. Gray's signature, declared the cause of the men, so far as the Union Pacific railway is concerned, is lost, that there is no disgrace in defeat, that \$2 per cent of a normal force is now at work, and that it is a reflection on the strikers' intelligence "when he is not willing to look facts in the face."

Full seniority would not be restored under the terms of the statement.

CANT RESTORE SENIORITY.
"We cannot restore seniority rights," the statement says, "because it would mean a betrayal of faith and a manifest injustice to the men who have cast their lot with us. But there are conditions which we can restore which do not injure existing employees or take from them any rights. Principal among these are the benefits of the pension system."

"We have carefully refrained from this action," the statement says, "until we knew positively that we had a sufficient force to properly handle all locomotive, freight and passenger car repairs, so as to divert the action of any selfish consideration."

WORK LONG HOURS.
While asserting that the present force is within 18 per cent of normal, President Gray's statement points out that these men are working longer hours than ordinarily "longer than we desire, and longer than they would want to work under ordinary circumstances."

"We will get along if no more of the former employees return to work," the statement says, adding that "the Union Pacific can still afford employment for a considerable number of men who have remained out of the service."

BEAT MEN TO GET CONFESSION, UNIONS CLAIM

Frameup Charged In Case
of Alleged Express Train
Wreckers

GARY, Ind., Sept. 7.—Demands for the dismissal and punishment of policemen alleged to have beaten prisoners held in connection with the wreck of the Michigan Central railroad's "million dollar express" near here August 29, have been made to city officials by labor union leaders here.

Mayor R. O. Johnson was hissed and jeered by a heckling crowd Wednesday night when he appeared in platform to explain the situation. Women joined in the demonstration at a mass meeting in which speakers declared the men held for the Michigan Central wreck in which two of the train crew were killed, were victims of a "frame-up."

The prisoners, it was charged, were beaten to make them confess.

W. A. Wall, a former policeman, now a railway employe, said: "These men if they are guilty of wrecking a train, should not be hanged. They should be burned at the stake. But they are not guilty. They have been framed on."

YOUTHFUL QUARRELS BRING ON MURDERS

YORK, S. C., Sept. 7.—Leta Taylor, 16, and Newton Taylor, 12, died early today of gunshot wounds received at their home Wednesday when William Farris, a neighbor, is alleged to have shot and killed their cousin, Claude Johnson, and seriously wounding their sisters, Gertie and Dolly, and their brother, Fred Taylor. The shooting authorities stated, followed a series of quarrels between the Taylor and Farris children.

CONSTRUCTION TO BEGIN AT ONCE IS WORD

Papers of \$20,000,000 Steel
Corporation Filed In
Delaware

PLANS ANNOUNCED
Company Will Make Use
of Utah's Coal and Iron
Resources

SAN FRANCISCO, Sept. 7.—(By The Associated Press)—Construction at once of a \$20,000,000 pig iron plant in Utah will be the first step to follow formation of the Pacific Steel corporation, capitalized at \$20,000,000, whose incorporation papers are on file today in Delaware. The new concern, financed by San Francisco, Los Angeles, Seattle and Salt Lake banking institutions, will be a combination and enlargement of present steel manufacturing plants on the Pacific coast.

Complete transfusion of steel from iron ore to the fabricated product is one of the objects of the new corporation which already has acquired large iron ore and coal deposits in Utah. It was announced here by T. T. Gregory, the company's attorney.

The newly formed concern will take over the properties of the Pacific Coast Steel company, which has plants in Seattle, Portland and San Francisco, the Los Angeles plant of the Southern California Iron and Steel company, and those of other west coast steel companies, together with the iron ore and coal deposits of the Mliner coal fields in Iron county.

DEPEND ON EAST.
"At the present time there is no pig iron manufactured west of the Rocky mountains," said Mr. Gregory, "and plants here are dependent upon the east for their supply of both pig iron and coke. The new corporation will undertake the complete manufacture of steel from raw material products on the Pacific coast."

The \$20,000,000 capitalization is in gross stock. In addition there are 200,000 shares of common stock of no par value.

BUY UTAH HOLDINGS.
SALT LAKE, Sept. 7.—The iron and coal holdings of the Mliner corporation which are to be made the basis of the Pacific Steel corporation's program for the development of the steel industry in Utah, are in Iron and Carbon counties. The iron ore bodies held by the corporation in Iron county cover an area of about 4000 acres, while its coal properties in Carbon county, where it is the second largest owner of such land, total 8000 acres.

WANTED TO DIE BUT CHANGES HER MIND

NEW YORK, Sept. 7.—Donnie Harrison, actress, who attempted suicide on Tuesday by taking poison, regained consciousness for a few minutes there over the Siberian situation, long enough to say that she would try to kill herself again if this attempt proved unsuccessful. Physicians said she probably would recover.

Miss Harrison's mother, to whom the young actress addressed a farewell note, was said to be hurrying here from her home in Detroit.

Later on being told that her chances for recovery were good, Miss Harrison said she was glad, because she wanted to "begin all over again."

Gompers Pledges Support of Federation in Plan
To Impeach Daugherty and Judge; Hopes
Held for Rail Settlement; Car Load-
ing Shows Increase

CINCINNATI, Ohio, Sept. 7.—John J. Wall, member of the national policy committee of the federated shopcrafts, today expressed the belief that the meeting of the policy committee in Chicago Monday would be for the purpose of discussing "means and terms of a general settlement," but refused to disclose his basis for such a belief.

Mr. Wall said that from indications he believed that a settlement was imminent. Local officials of the Baltimore & Ohio railroad striking shopcrafts union also concurred in this belief. Wall, in addition to being a member of the national policy committee is general chairman of the sheet metal workers of the Baltimore & Ohio railroad for the Cincinnati district.

WASHINGTON, Sept. 7.—Attorney General Daugherty today sent for Senator Borah, Republican, Idaho, chairman of the senate labor committee, and after a conference regarding the Chicago injunction it was indicated that the government would not insist in next Monday's hearing on the permanent injunction, on the provisions alleged to curb freedom of speech.

NEW YORK, Sept. 7.—Support of the American Federation of Labor in its efforts to bring about the impeachment of Attorney General Daugherty and Federal Judge Wilkerson of Chicago for their part in the issuance of the rail injunction, was pledged by Samuel Gompers, federation president, in a telegram received from Atlantic City today by the central trades and labor council.

UNION CABINET PLANS ATTACK ON INJUNCTION

Federation of Labor Bitter
Toward Five Railway
Brotherhoods

ATLANTIC CITY, Sept. 7.—American Federation of Labor chiefs, led by President Samuel Gompers, today prepared to draft a plan of attack upon Attorney Daugherty's injunction against the railroad shop craft strike. A series of secret conferences ending late Wednesday night, it was unofficially announced at labor headquarters in the Ambassador hotel that it had been almost decided to attempt through the courts, to have the Daugherty act vacated.

No fixed plan for a legal campaign has been evolved so far, it was said by the labor leaders.

SOME HOPE HELD.
CHICAGO, Sept. 7.—With the railway shopcrafts policy committee of 50 summoned to meet in Chicago next Monday hope of an early or partial settlement of the rail strike was renewed today for the first time since railroad executives and union chiefs broke off peace negotiations in New York three weeks ago.

The call for the policy committee meeting issued at Chicago strike headquarters by John Scott, secretary of the railroad employees' department of the American Federation of Labor, went out to the general chairman of the shopcrafts organization over the name of E. M. Jewell, head of the department, whose whereabouts had remained unknown since the government's strike injunction was granted by Federal Judge James H. Wilkerson last Friday. However, it became known that Mr. Jewell, as well

**LARGER RETURNS
FOR WESTERN WHEAT**

SPOKANE, Sept. 7.—Lower handling charges and correspondingly higher net returns to the growers in the 1922-1923 marketing season are predicted by Walter J. Robinson, general manager of the Idaho-Washington Wheat Growers' association.

Mr. Robinson says that prices are running a few cents lower than in 1921. He adds "The association is in a much better position to serve the growers during the coming year than it has been before. Its export wheat will be placed directly on European markets this year. During the coming year, I believe that we can materially reduce the association expenses."

The final returns on the 1921 pool have not yet been announced, but the bulk of the money has already been paid to the growers. The clerical force is busy on the final adjustments.
