

A Young Husband Who Could Not Be Trifled With.

A couple left the train at the Union depot and walked up Jefferson avenue yesterday. She had long curls and a pink dress and a yellow sash, and he had a long collar saving his ears off, a button-hole bouquet and a pair of new boots...

The New Diplomatic Appointments.

Save under exceptional circumstances personal changes in the diplomatic corps of any nation have largely lost importance, since the connection of all the principal countries of the world by electric telegraph has enabled instantaneous communication between foreign ministers and their home governments...

President Cleveland yesterday displaced four Ministers of the first class—Messrs. Lowell, Morton, Kasson and Morgan—whom have been serving President Arthur...

President Cleveland, and of course Secretary Bayard also, show in these appointments independence of any political party or faction. The new Ministers all are of mature age, high character and acknowledged abilities and acquirements.

Dr. Foot's Institute. How can you tell whether or not you have any known or unknown disease lurking about your system? Fill a clean bottle with your urine...

GRANT'S CRITICAL CONDITION.

A Restless Night and Alarming Symptoms—'I Can't Stand It; I Am Going to Die.'

New York, March 29.—The usual weekly consultation on General Grant's condition was held to-day, Doctors Barker, Sands, Shrayd and Douglas being present. The irritation of the nose which had produced a train of symptoms which induced the family to send for the physicians last night, had been relieved, so that the General had a sleep of four hours, from 3 to 7 o'clock, and naps of more or less duration during the morning, making seven or eight hours sleep during the last twenty-four hours.

New York, March 30.—From the Tribune, Monday: Dr. Shrayd said after midnight: Dr. Douglas called for me about 1:30 o'clock Sunday morning; when on the way to General Grant's where he had been summoned by a messenger a short time before...

We immediately made an examination of the throat and found the palate considerably swollen and the throat inflamed and congested more than usual. The anodyne he took before going to bed was given in separate doses, but in consequence of the existing irritating substance in the throat as well as the distress caused by the inflammation, the anodyne failed to have its proper effect, and he was unable to sleep.

The patient was not alarmed, but wanted to have his physicians near him. He was not in a critical condition, and there was nothing to warrant the message, but he simply requested they be sent for, and Dr. Douglas remained with the General all night in accordance with the patient's wishes.

Central American Affairs. SAN JUAN, Del Sur, via Galveston, March 30.—General Preston, in Colon, refused to dispatch the outward mails to Cartagena, sent through the British consulate and National Postal Agency yesterday.

President Cleveland, and of course Secretary Bayard also, show in these appointments independence of any political party or faction. The new Ministers all are of mature age, high character and acknowledged abilities and acquirements.
