LOCAL BREVITIES.

J. L. Boyden made a trip to Salt Lake on business this week.

Mrs. William Parmley and children will leave for Scofield next week.

Mrs. Geo. Olson leaves to-morrow for Diamondville to join her husband.

Miss Leone Evans was in Salt Lake on a short visit the first of the week.

A couple of officers went through here yesterday in search of the escaped Salt Lake convicts.

A marriage license was issued yesterday to Owen Greenan and Mary Gustavison, both of Park City.

We are more than pleased to announce that L. W. Williams is considerably improved in health at this writing.

Mrs. T. J. Lewis and children have gone to Jasper, Mo., on a visit to relatives and old friends. They will be absent about one month.

Nice, neat invitations for the K. O. T. M. ball on the 28th inst., have just been printed at this office. The ball promises to be a grand affair.

The Orchestra from Salt Lake played to a large audience of ladies and a small audience of gentlemen at the I. O. O. F. Hall last Tuesday evening. Various reasons combined to cause a small attendance, yet, those who went were treated to a fine repertoire of dance music. Had the music been better known there is no doubt the attendance would have been large.

Wm. McLean, for a long time connected with the Wasatch mine as bookkeeper, has gone to Diamondville, where he has secured employment.

The program for Sunday evening, Oct. 17th, at the Stake Tabernacle is an address by J. A. Smith, a double quartette by Ella Fisher and others, and an essay by Ellen Copier.

A special to this morning's Salt Lake Herald announces that Benjamin Lambert died at his home in Kamas on Wednesday. He was a brother of Commissioner Lambert.

We heard a rumor yesterday which seems to have some pretty straight to the effect that R. C. Chambers had tendered his resignation as superintendent of the Ontario company, and that a Mr. Scarow had been appointed in his place; also that the latter would likely resume operations within thirty days.

Harry Wycherley writes us from Scofield that all those who went down there are at work, and that there is plenty of work there for many more men. A. Stokes arrived there the other day and went to work next morning. He also calls our attention to the fact that we committed the name of Robert Wilson in our list of those who went down with Mr. Parmley.

A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations it carried therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough remedy to anyone afflicted with a cough or cold in any form.—The Banner of Liberty, Libertytown, Maryland. The 25 and 50 cent sizes for sale by John Boyden & Son.

Certainly you don't want to suffer with dyspepsia, constipation, sick headache, sallow skin and loss of appetite. You have never tried DeWitt's Little Early Risers for these complaints or you would have been cured. They are small pills but great regulators. John Boyden & Son.

### Hamden's Minstrels.

I. O. O. F. Hall has been engaged for next Tuesday night by Senator Hamden's Colored Troubadours. We see from various press notices that they have given general satisfaction, and are a world of fun within themselves. They are all colored people, and said to be good singers.

The Dayton, Nev., Times, says that the show consists of negro melodies, plantation eccentricities, song and dance burlesque, jigs, clogs, etc., and those who did not attend missed a real treat in the way of a hearty laugh, and that these people had paid twice as much to see far inferior talent.

We have seen many more complimentary notices in the northern Utah papers. Their prices for Tuesday next will be 15, 25 and 35 cents.

To heal the broken and diseased tissue, to soothe the irritated surfaces, to instantly relieve and to permanently cure is the mission of DeWitt's Witch Hazel Salve. John Boyden & Son.

Those who believe chronic diarrhoea to be incurable should read what Mr. F. E. Grisham, of Grass Mills, La., has to say on the subject, viz.: "I have been a sufferer from chronic diarrhoea ever since the war and have tried all kinds of medicines for it. At last I found a remedy that effected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy." This medicine can always be depended upon for colic, cholera morbus, dysentery or diarrhoea. It is pleasant to take, and never fails to effect a cure. 25 and 50 cent sizes for sale by John Boyden & Son.

Call at our yards and we will take pleasure in showing you and quoting prices on the many beautiful monumental and headstones now on hand.

* * *

The ladies met this week at the pleasant home of Mrs. Annie Olson, and were delightfully entertained. The session was a decided success. Every member, except one, whom we are sorry to state was unable to attend through illness, answered to the roll call.

Mrs. Calia continued the review of English History, finishing the brilliant reign of good Queen Bess. The annals of Elizabeth are adorned with some of the greatest names of English literature. The majority of English poets was formed by the hand of Hooker, the harmony of English verse flowed from the lips of Spenser, the drama, the surest proof of the advanced civilization, had then its first beginning, and was perfected by the immortal Shakespeare, while Bacon opened up a new method of philosophy, whose practical fruits we may be said even now to gather.

Mrs. Annie Olson related an historical event connected with this reign, the causes which led to and the execution of the Duke of Essex.

Mrs. Cora Hodson gave an interesting description of the Massacre of St. Bartholomew.

Mrs. Lottie Stevens read a poetry and interesting selection.

Mrs. Hosner gave an excellent article from The Literary Digest, "Niagara and Lord Kelvin." This great English engineer proposes to utilize this wonderful cataract to turn the wheels of vast machinery. He estimates the total power of Niagara to be 5,000,000 horse-power.

Mrs. Northcott read an interesting article from the Cosmopolitan Magazine, "Japan's Stage and Greatest Actor," Danjuro.

An amusing selection, "Quacks" was read by Mrs. Cora Wheadon.

The president arose and gracefully made a brief eloquent address, expressing the regret of the club to lose one of its members. She spoke enthusiastically of Mrs. Olson's work in the club. A beautiful immortelled dressing set was then presented to Mrs. Olson by the president in behalf of the club. Mrs. Olson responded in a happy and appropriate manner.

Mrs. Olson opened the car leading to the dining room and graciously invited the ladies to enter. The room was beautifully decorated with autumn leaves. Small tables decorated with autumn leaves were placed around, upon which were served dainty and delicious refreshments, consisting of chicken salads, biscuits, olives, cakes, fruits, etc.

The ladies voted Mrs. Olson a most charming entertainer, and are indeed sorry that she is to leave Coalville. The best wishes of the club go with her.

Club adjourned to meet next Monday with Mrs. Pa nsley. N.
