Londonderry, Scene of Saturday's Rioting, Guarded by Heavy Cordons of Police.

NOTORIOUS COUNTESS IS BACK

Famous Woman Leader of Heliogent Organization Makes Dramatic Reappearance at Public Meeting in Dublin.

(By Associated Press.) DUBLIN, May 17.—Two police barracks in Limerick and one in Devonshire were destroyed today. Another barracks in Maynooth was damaged.

A large force of troops arrived Monday evening in Londonderry, says a London dispatch. The disturbed areas of the city are well cordoned, and crowds are not allowed to assemble. The dispatch adds that the magistrates have decided to proclaim a state of martial law.

Countess Georgina Markievicz, Sinn Fein member of Parliament for the St. Patrick's division of Dublin, whose whereabouts has long been a mystery, made a theatrical reappearance clad in a commandant's uniform at a meeting in an open-air meeting in Croker Park in memory of the members of the Irish Republican Parliament who were executed after or killed during the rebellion of 1916.

The countess delivered an address in which she appealed for support for high industrial wages. It is recalled that the police on March 12 raided the residence of Mrs. Lamont de Valera, wife of the Sinn Fein leader, in search of the countess.

The police barracks in Germanstown, a village of County Meath, near Balbriggan, were attacked and burned Sunday morning.

Mob Attacks Union Men

While unionist workers were leaving the Londonderry gas works this morning they were attacked by a mob and machine-gunned.

The magistrates have advised all public houses to close from 1 o'clock in the afternoon to 10 o'clock at night and have warned citizens to remain indoors at night.

A verdict of willful murder has been returned against unknown persons by the jury which investigated the killing of Sergeant Moroney yesterday.

RAIL EXECUTIVES READY TO ASSIST LABOR BOARD

(Continued From First Page.) mately 25 per cent, would if granted by the labor board, not only absorb the revenues expected from the increased freight rates asked of the Interstate Commerce Commission, but might force the carriers to ask for additional rate increases.

He pointed out on behalf of the rail executives that each \$100,000,000 in rail expenses represented a 3 per cent increase in freight rates. He said that for every cent an hour increase in wages to rail employees, \$20,000 was added to railroad pay rolls.

The increase in employees in 1919 over those of 1915, he said, was 611,500 or nearly 46 per cent. The railroad pay roll in that time increased \$1,695,344,925, or 141.9 per cent.

"That in 1915 the pay rolls were 39.51 per cent of the gross earnings, while in 1919 based on an estimated pay roll for the year, the percentage was 63.66 per cent, showing that labor received approximately 14 per cent more of the gross earnings than in 1915."

"We appreciate fully that the increases received by some employees in the last five years have not been commensurate with the increases in the cost of living and that due consideration to this fact must be given by the board in determining which of these employees are fully entitled to increases to enable them better to meet the burdens resulting from the increased cost of living."

BUCHANAN QUILTS GOVERNOR'S RACE

(Continued From First Page.) Virginia Democracy should agree in its leadership of the State and as its contribution to the thought and ideas of the nation.

Several names have been mentioned in this connection, among them being those of Hon. W. Duke, of Charlottesville; former Speaker Harry R. Houston of Hampton; State Senator E. Lee Trinkle of Wythe; and Lieutenant-Governor H. Frank Buchanan.

Wants Uninstructed Delegates

Senator Carter Glass, Virginia's newest Representative in the upper House of Congress, will be a conspicuous figure at the convention. Delegates from all sections of Virginia will go to the convention instructed to use their influence in making him the standard-bearer of the party in the presidential fight this summer, and party leaders agreed that he may have the Virginia delegation if he wants it. But it is said that he is not so anxious for an instructed delegation, and may request that the convention send an uninstructed one to San Francisco.

It is known that Senator Glass is a backer of former Secretary of the Treasury William Gibbs McAdoo for the Democratic nomination.

It is probable, however, that Senator Glass will be chairman of the committee on resolutions, and in that position, will have great influence in framing the platform which Democrats of the State will stand.

Expect Fight on Prohibition. Many delegates are of the opinion that a stiff fight will be precipitated in the convention when the question of national prohibition comes up. If the matter is brought to the floor at all, it will probably be in the form of a resolution asking that the Volstead act be repealed, or as modified to remove the more objectionable features and allow the individual States the right to handle any questions touching prohibition enforcement.

The bulk of Richmond's seventy delegates will leave tonight on a special train. Ten of them, however, including John M. Purcell, a member of the State Democratic Committee and chairman of the city committee, left last night. Governor Davis will save some time today, as will Assistant Attorney-General J. D. Frank.

DEFEAT RESTRICTIONS AGAINST IMMIGRATION

House Rejects Conference Report, 2 to 1, Opponents Asking if United States Is to Refuse Asylum to Persecuted Refugees From Foreign Lands.

(By Universal Service.) WASHINGTON, May 17.—Sweeping immigration restriction legislation written into the diplomatic and consular bill by the Senate and House conference was overwhelmingly defeated by the House today.

Because of the action which the opposition charged, would have abrogated the right of asylum to persecuted refugees from foreign lands and other foreign lands the entire conference report was rejected. The vote was 192 to 98, or exactly two to one.

According to the parliamentarians and other members, this was the first time in the history of Congress that the House has rejected a conference report by so large a majority.

The action of the House marks another serious blow to the Republican organization. Republican Leader Charles McNamara, in his speech, in which he aroused the friends of Ireland. Former Republican Leader Charles McNamara, in his speech, in which he aroused the friends of Ireland.

BODY OF RICHMOND MAN RETURNED FROM FRANCE

Transport Nereus Brings Back 150 Corpses of Navy's Dead From Overseas.

NEW YORK, May 17.—The navy today brought back to the homeland the first of its dead to perish overseas during the world war. The naval transport Nereus, docking at the naval supply base in Brooklyn, carried below decks more than 150 flag-draped coffins. As each casket was borne ashore, it passed through a double line of sailors and marines standing at salute.

Among the bodies was that of Lieutenant-Commander Jennifer Garnett, of Richmond, Va., who died of pneumonia, which will be sent to his home.

The body of Ensign Edwin Smith, son of Representative Pou, of Southfield, N. C., also will be sent home.

The bodies of Second Lieutenant Marcus A. Jordan, of the marines, who died in an airplane accident, and Second Lieutenant Earnest A. Perkins, of the marines, will be buried with other officers and men at the National Cemetery at Washington.

Religious and patriotic services will be held next Wednesday afternoon. Secretary of the Navy Daniels, Rear-Admiral John H. Glennon, commandant of the Third Naval District, and the navy yard chaplain are expected to speak.

Was Son of Late G. P. Garnett. Lieutenant-Commander Garnett was the youngest son of the late G. T. Garnett, and his mother is living at 619 Brook Road. He was for a year a student at Richmond College and from there went to Annapolis, where he graduated in the class of 1911.

Commander Garnett was in the convoy service on U. S. S. Woolsey, which acted as convoy to President Wilson on his first trip to France. He died at Brest, France, January 1, 1919. He was 29 years old.

SENATE PEACE RESOLUTION IS LAID ON TABLE BY HOUSE

Foreign Affairs Committee Seeks Acceptance of Measure Without Conference With Senate. WASHINGTON, May 17.—The peace resolution, adopted by the Senate Saturday, was formally presented to the House today and laid on the table.

Contrary to announced plans, it was not sent immediately to conference. Members, however, said they preferred the House resolution.

Before leaving here tonight for Pennsylvania, Chairman Porter announced that he would not be able to arrange a meeting with Senate leaders until Wednesday or Thursday.

\$3,000,000 INCOME TAX PAID BY FIELD INTEREST

Attorney Answers Charges That Estate is Rapidly Becoming Menace to Public. (By Universal Service.) CHICAGO, May 17.—Answering charges that the estate of Marshall Field, former merchant prince, is piling up millions so rapidly it is becoming a public menace, John S. Wilson, attorney for the trustees, stated today that 73 per cent of the gross income of the estate goes to the government in the form of income taxes.

Wilson is fighting the efforts of Captain Marshall Field III, to break his grandfather's will. The net income of the estate in 1917 before the present income tax went into effect was \$4,224,775, Wilson says.

The following year, it dropped to \$2,883,799. Last year the estate paid \$3,000,000 income tax. Should the law become retroactive, Wilson said, "the public would get it all."

4 INDICTED FOR MURDER OF ALLEGED MOONSHINER

"Captain" William Roberts Dies on Easter Sunday From Hatched Blows on Head. (By Associated Press.) NEWPORT NEWS, Va., May 17.—Four men were indicted by a Warwick County grand jury today, charged with the murder on Easter Sunday of "Captain" William Roberts, barberman and alleged moonshiner.

Roberts was killed by hatchet blows on his head, police officials claiming he was killed in his shanty home near Hilton Village and his body removed in a row boat to the middle of James River, where it was thrown overboard with an anchor around the waist.

The indicted men are: William Scott, Thomas Hall, who lived with Roberts; J. E. Hodges and Bernard Chalkley.

ALLEGED PROFITEERS GET RESTRAINT OF WARRANTS

Counsel for A. M. Lawhorn Gets Order on Grounds That Lever Act Is Unconstitutional. (By Associated Press.) PHILADELPHIA, May 17.—Alleging that the Lever act is unconstitutional, counsel for A. M. Lawhorn & Co., United States agents for the Royal Commission, England's sugar control board, today secured a restraining order from Judge Thompson in the district court here to prevent the service of warrants on the members of that firm on charges of profiteering in sugar. Argument on the question of making the order permanent will be held next Monday.

Similar warrants were issued inter against members of the firm of the R. Sherburne Company, Boston. They call for the arrest of Edward R. Sherburne, president of the corporation; Peter M. Levitt, vice-president, and L. S. Jolles, secretary. It is alleged they sold what is known as toll sugar at profits ranging from 9 to 12 cents a pound.

RETAIL GROCERS DENY PROFITEERING IN FOOD

President of Association Attacks Wilson and Palmer for "Wonderful Yarns" Told Public. (By Associated Press.) ATLANTA, GA., May 17.—Denial that any member of the National Retail Grocers' Association had profiteered in food at the expense of the public was made here today at the opening session of the association's twenty-third annual convention of John A. Ulmer, president of the association.

Attacking President Wilson and Attorney-General Palmer for what he described as "wonderful yarns" they told to newspaper men about profiteering, Mr. Ulmer asserted neither they nor other public officials had found a single case of profiteering among members of the association.

Admitting there had been some convictions on these charges, he said it was in cases of poor grocers who had not really profiteered, but who lacked money to employ proper legal defense. Many public officials, he said, had hung the term "profiteers" at the grocers and other tradesmen to "win the plaudits of the public."

Blame for high prices was placed by Mr. Ulmer on the wholesaler and the jobber.

Mr. Ulmer's address was preceded by addresses of welcome from Mayor Key and representatives of local bodies.

The "cash-and-carry" system among grocers and the "credit and delivery system" was discussed and will be brought up at another session. Reports of officers took up the afternoon, during which there also were entertainment features. The evening was given over to social events.

VETOED BILL, REDRAFTED, AGAIN PASSED BY HOUSE

BORAH WANTS FREE TOLL FOR AMERICAN VESSELS

Will Ask Repeal of Act Denying Passage Grants Through Panama Canal. (By Associated Press.) WASHINGTON, May 17.—Repeal of the law denying free tolls through the Panama Canal to American vessels will be proposed in the Senate tomorrow by Senator Borah, Republican, of Idaho. The measure promises to revive the sharp controversy which developed between Congress and President Wilson in 1914 when the President obtained passage of the free tolls repeal law.

Under the Panama Canal act American vessels were exempted from payment of tolls. President Wilson urged repeal of the law on the ground that the government otherwise would be embarrassed in its handling of certain international affairs.

Admitting there had been some convictions on these charges, he said it was in cases of poor grocers who had not really profiteered, but who lacked money to employ proper legal defense. Many public officials, he said, had hung the term "profiteers" at the grocers and other tradesmen to "win the plaudits of the public."

FRENCH DEPUTIES FACING GRAVE INTERNAL PROBLEMS

Railway Improvements, Labor Demands, and Treaty With Austria Pending in Chamber. (By Associated Press.) PARIS, May 17.—The French Chamber of Deputies, when it convenes tomorrow after a holiday of three weeks, will face a situation which if not critical as that which was met when the Germans were at Chateau-Thierry is at least fraught with greatest internal difficulties.

The Deputies will first have to decide whether the government's projected law for improvement of railroad service must be considered to the exclusion of the national plan of the General Federation of Labor. Discussion of ratification of the St. Germain treaty with Austria is first on the order of the day, but it will be postponed at the request of the government, which desires to liquidate the internal situation immediately before taking up foreign political matters.

Admitting there had been some convictions on these charges, he said it was in cases of poor grocers who had not really profiteered, but who lacked money to employ proper legal defense.
