AN UNMARKED GRAVE.

Our County is known for its kind and generous citizens, its deeds of love and sympathy, but there is an oversight among us which is hardly intentional. Our loved and lamented Dr. Hunley who gave his time and life for the poor, the sick and suffering ones of our County, the man whose charity was unbounded for all and who was so much beloved and esteemed, this dear and generous man sleeps in an unmarked grave. There are many kind and loving people who would be glad to contribute a sum, even though small to aid in erecting a monument in memory of this benevolent man. Contributions will be received at the office of the Journal. Every

MOBJACK.

It would be difficult to imagine a merrier party than the one entertained at the hospitable home of Mr. J. W. Minter on Friday the twenty eighth, the occasion being the celebration of the birthday of "Mine Host." Mr. and Mrs. Minter and their charming daughter, Miss Martha, did all that was possible for the pleasure and comfort of their guests, the bounty and elegance of the dinner are still a pleasing memory, and so delightful was the entire day that there was but one regret and that was that Mr. Minter's birthday did not come oftener. May he have many happy returns of the "Day."

We were glad to see Mr. George Lane in our village Thursday, and to know that he is again well and strong.

Mrs. Floyd Machen returned to her home in Norfolk after a brief visit to friends in this County.

Everything seems to be quiet around here with but little to break the monotony of every day occurrences.

The farmers are all busy plowing and planting corn and their wives and daughters are equally as busy discussing the different styles of spring hats etc. etc.

Arthur L. Hudgins is suffering with a rising arm caused by an over strain of the muscles. It has broke now (the rising I mean) and it is hoped that he will soon be well.

The merchants are all busy opening up their spring goods having lately returned from market and all seem to be in a hurry to get

What has become of it would be a pity for her pen to rest for to my way of thinking, best and brightest of all correspondents.

The lightning in last storm seemed to be as it got tangled up phone wires near the Diggs & Co. and down, glanced into where a number of had gone to get out of gave them a whiff of smoke, and brimstone and a big fright, kept on to the next corner W. L. Williams & Bro., tore down the wires there, and struck a tree in the woods near the store of Geo. Fimes. No serious damage was done.

DIGGS.

On last Saturday afternoon, Mr. W. J. Brooks' house caught on fire from the stove pipe but was quickly extinguished by the crowd that soon gathered.

A TRIP TO CAPE CHARLES.

On Tuesday of last week a most delightful trip to Cape Charles was enjoyed by a party of young people from Mathews, Capt. Eugene Armistead carrying the crowd over in his gasoline launch. Never was a sail more thoroughly enjoyed. The day was an ideal one and the captain and his jolly crew did all in their power to make the hearts of the happy ones on board more merry. Singing was indulged in all the way across the bay and returning and all on board were full of life. Amongst those who went besides the captain and his crew and their friends were Mrs. Coley Borum and daughters, Mrs. Kibler and daughter, Miss Gertrude Kibler, Miss Leone Coleman, Prof. Kibler, and Dr. A. G. Vaden. The four last mentioned drove to Capeville and other places in Northampton while the rest of the party visited the points of interest in the town. Returning they left Cape Charles about five o'clock, reaching Mathews in two hours after a most enjoyable sail.
