GOVERNOR PLEASE WILL ARGUE CASE

First Time in Local Court That Any Executive Has Appeared While in Office.

IS COUNSEL FOR BANK MAN

Milton Carlisle Appeals From Decision by South Carolina District Court.

For the first time in the history of the United States Circuit Court of Appeals, Fourth Circuit, the Governor of a State while in office, will argue a case today. Governor Cole L. Henshaw, of South Carolina, arrived in Richmond yesterday with his law partner, Fred H. Dominick, to argue the case of Milton A. Carlisle, plaintiff in error, against the United States of America, defendant in error...

Carlisle, the defendant in the lower court and the plaintiff in the Court of Appeals, was president of the National Bank of Newbury, S. C., for a period of three years, and on October 21, 1909, was indicted by the Federal grand jury at Greenville, S. C., for having stolen the money and fabricated checks.

The indictment consisted of 192 charges covering 312 closely typewritten pages, the amount of misapplication being about \$109,000. He was acquitted on 157 counts and convicted on 35. The five counts upon which he was convicted involved the sum of \$478,422.

In the argument to-day Governor Henshaw and his associate will attempt to show that the defendant is a fair and impartial trial and that to reverse the judgment would, upon the showing made in the record, be to sacrifice substance to the mere shadow of form.

Retained Before Election. One of the reasons advanced as to why Governor Henshaw will actively defend Carlisle is that he was retained in the case before assuming the office of Governor of South Carolina...

Discuss Plans for Home. V. W. C. A. Dinner Conference Will Take Place To-Night.

Consideration of tentative plans looking toward the construction of a model home for the Young Woman's Christian Association will be taken at a dinner to be given to-night at 8:30 o'clock in the old V. W. C. A. building, Sixth and Main streets.

The present quarters of this organization are inadequate and the several departments are conducted in various parts of the city, and it is impossible under the present arrangement to produce desired results.

Principal speakers to-night will be President C. H. B. Baker, of Chesterfield, of South Carolina, and Miss Anna D. Casler, of New York, as well as many local men and women who are interested in the work of the V. W. C. A.

The dinner will be entirely informal, and the speaker will be arranged for the affair has decided to have all the remarks confined to a few minutes.

Police Hold Smith on Information That He Is Wanted in Seattle.

POSED AS REAL ESTATE MAN

Thousands of "Dollars" Represented in Bonds, Which Are Located in His Room.

Just as he had hope of being released from jail, where he was being held under a \$500 bond, M. A. Smith, who is charged here with doing business without a license and suspected of obtaining money under false pretenses, was confronted with the possibility of being extradited to Seattle, Wash., where he is said to be wanted on 119 charges of fraud, involving \$29,990.

Attorney Gilbert K. Pollock had obtained a ticket to Raleigh, N. C., for his client, and was ready to hustle him out of the State. But there reposed on a desk in police headquarters yesterday the authorities in Wilmington, which stated that Smith had been arrested there for the Seattle authorities, but he escaped by securing a friend, Justice Young, not of his own corps. So the police decided to hold Smith until the Seattle authorities were heard from.

A telegram was immediately sent to that city. A reply was received last night, asking that Smith be held, and saying officers would be sent across the continent for him. Smith is alleged to have operated various fraudulent schemes under the alias of W. W. Smith, Myron A. Carlin, Alfred Groves, H. H. Hall, F. L. Sears.

Located by Accident. He was arrested here on October 28, following complaints from several persons that deposited with him sums of \$25, which were to hand them to an agreement by which he was to build houses for them at little cost.

Trunk Filled With Bonds. Among Smith's effects were found \$500 bonds of the De Land Water Works Company of New York, four \$500 bonds of the Titusville Gas Company of New York, six \$500 bonds of the North Jersey Gas Company, eight \$500 bonds of the Falburg and Mitchell Railway Company, of the Continental Trust Company of New York, a gold certificate for \$5,000, a \$500 bond of the New Palz and Highland Electric Railway, three \$1,000 bonds of the Delgado, Delphos and Delington Railway Company, six \$1,000 gold bonds of the New Orleans, Mobile and Texas Railway Company, one \$1,000 bond of the Coxackie and Great Falls Company, one \$1,000 bond of the North Jersey Gas Company, one \$500 bond of the Mount Prospect Water company, and other bonds.

Mrs. L. C. White, of 515 East Marshall Street, informed the police that some time ago she saw a man who described on her, and obtained from her a description which tallied with the suspect held in jail. Smith's room was searched, and about \$40,000 worth of bonds and gold certificates were discovered in a chest. Whether they are his or not is not certain.

WHITE PLAGUE'S GRIP IS LOOSENER. Number of New Cases of Tuberculosis in State Rapidly Decreasing.

Reduction within two years of nearly 30 per cent. in the number of cases of tuberculosis in Virginia gives to the State Health Department and the Virginia Antituberculous Association the greatest encouragement which these organizations have as yet received in the fight against the white plague. The figures were made public yesterday by State Health Commissioner Enton G. Williams, and will appear in his forthcoming annual report.

For the fiscal year ending September 30, 1909, the new cases of consumption in this State were 12,127; for the year ending September 30, 1910, they were 10,245; for the year just closed, they were only 8,621.

Dr. Williams gives tuberculosis work his personal supervision. He was highly pleased yesterday when the official total was ascertained, showing that the grip of consumption in Virginia is being loosened. He attributes the greatest encouragement which these organizations have as yet received in the fight against the white plague.

GOVERNOR MAKES VIGOROUS DENIAL

Declares That Respite-Confession Report in Newspapers Is Absolutely Untrue.

Governor Mann sent telegrams to New York newspapers last night denouncing the statement published there yesterday morning that he had offered to respite Henry Clay Beattie, Jr., until December 21—Christmas Eve—provided he made a clean confession of his guilt.

In its report published yesterday morning from Richmond the New York American said: "Richmond, November 13.—Henry Clay Beattie, Jr., sitting in the death cell of the penitentiary here, less than ten feet away from the electric chair in which he is to die next Friday, debated with himself to-day a problem about as strange, as tremendous, as ever a man faced.

"Would thirty additional days of life be worth while accepting in exchange for a confession of guilt? Would one more month of breath be a sufficient recompense for a final and eternal blackening of his name by himself?"

"Governor Mann, it has developed, approached by all sorts of influence to grant the rich young wife-slender a short reprieve, made this grim proposal: "If Beattie will make a full and frank confession he can live until December 24, Christmas Eve. If he does not, he shall be electrocuted at the time now fixed. Let him decide for himself."

The Governor last night gave out the following copy of a telegram which he had sent newspapers in answer to their request for a statement: "The statement in the American is absolutely and wholly false. I have had no communication with that paper directly or indirectly. I have made no proposition of any kind to Beattie and will make none."

Marriage Licenses. Marriage licenses were issued yesterday in the Hastings Court to Charles O. Roams and Rachel V. Ball; Frederick D. Greenwood and Katie C. Butler; George L. Hill and Myrtle C.
