World's Greatest Battleship Launched at Newport News

MOST POWERFUL BATTLESHIP IN WORLD LAUNCHED

Condensed From Press Reports

The world's greatest battleship, the Texas, was launched at the Naval Yard in Norfolk, Va., yesterday. The Texas is the largest battleship ever built in the United States, and is described as being the finest and most powerful battleship in the world.

The Texas is 450 feet long and has a displacement of 34,000 tons. She is armed with 14 inch guns and is capable of carrying a crew of 1,700 men.

The launching ceremony was attended by President Roosevelt, who spoke briefly to the assembled crowd.

New Tuberculosis Remedy

Based on Medicine

The new tuberculosis remedy, which is said to be effective in the treatment of the disease, is based on a chemical compound discovered in the laboratory of Dr. A. W. Blackford, of the University of Virginia. The remedy is said to be free from the toxic effects of the older remedies.
