BRIGHT RAYS OF PEACE FLOOD THE CITY OF LISBON

Establishment of Republican Form of Government in Portugal is Accomplished Fact

EVEN PICTURE POST CARDS OF MANUEL DESTROYED

Damage Done to the Capital by the Bombardment Surprisingly Slight and it is Thought Only About Three Hundred Were Killed—Prepare for Election for Constitutional Chamber—Government's Program.

ISSUES DECREE OF EXILE. PARIS, Oct. 7.—A despatch to the Petot Parisen, from Lisbon, says that the provisional government has issued a decree of exile against the Portuguese royal family.

(By Associated Press) LISBON, Oct. 7.—The establishment of a republic in Portugal is an accomplished fact. For a country that just passed through the throes of a bloody revolution and sustained a bombardment, Lisbon today is in cloudless sunshine and wears a remarkably smiling aspect.

The Republican flag flutters on nearly every building and from every vehicle in the streets which are thronged, shops and offices have been re-opened and business generally has been resumed. The only evidence of the recent perturbations are small bodies of troops stationed in the principal open spaces of the city and the passage now and then of Red Cross ambulances.

King's Pictures Removed.

The noticeable outward signs of the new regime are the presence everywhere of the green and red flag of the republic and the complete disappearance of King Manuel's portrait from public exhibition. In fact, not a vestige is now seen of the picture post card portraits of the king or of any other member of the royal family. These have given way to pictures of members of the new government and the photographic records of the revolution in the shape of groups of armed leaders and companies of insurgent troops not in action, but posing for the camera.

The damage done to the city by the bombardment was surprisingly slight. On the journey down to Lisbon from the frontier one heard at each stopping of the train, blood curdling tales of thousands of persons having been killed and whole quarters of the city having been devastated or wiped out. The total number of killed has not yet been definitely ascertained, but it probably does not exceed three hundred. A couple of hotels near the station bear traces of having been struck by shells and bullet marks. There is no unusual excitement.

The recent events which startled the world are discussed by all classes with phlegmatic calm.

Father of Two Revolutions.

The most interesting man of Portugal at the present moment is the new president, Theophile Braga, who may be said to be the father, not only of this revolution, but of that in Brazil, having by his standing as a professor of history and philosophy, prepared the ground for both movements. Braga today received the correspondent of the Associated Press. He particularly desires it to be understood that the revolution had no military or personal aim, but like those in Brazil and Turkey was purely the outcome of philosophical ideas. The Braganza dynasty had failed to keep abreast of modern progress, he said, and has done nothing to render the people the power to work out their own destinies. This revolution was aimed to complete the realization of civil life untrammelled by prejudices or clerical domination.

Senior Braga added that he had every confidence in national resources and was convinced that an honest administration would suffice without adventitious means to put the finances of the country on a satisfactory footing and achieve the moral and physical improvement of the nation so much needed.

Prepare for Election.

The government is about to order a revision of the voting lists preliminary to holding elections for a constitutional chamber. The provisional

RE-ARREST AWAITS THE VIRGINIAN PRISONER

Former Mayor of Burkeville Will Face New Charges When He Leaves Penitentiary.

(By Associated Press) RICHMOND, VA., Oct. 7.—Abraham Eby, former mayor of Burkeville, Va., who was convicted in Philadelphia a year ago and sentenced to a year's imprisonment for having blackmailed the late President Cassatt, of the Pennsylvania Railroad, will be released October 19, and will at once be rearrested by order of postoffice authorities in Philadelphia.

The re-arrest will be made and Eby will be brought to Richmond for trial on the charge of having used the United States mails for unlawful purposes in writing threatening letters to Mr. Cassatt.

Friends and relatives have raised a fund to defend him on the ground that the former mayor's mind is unclouded from the persistent use of cannabellone, a strange drug alleged to have been discovered and used by priests in India.

BROWNE DIDN'T GET ANY

He Denies all Bribery in Election of Lorimer.

HIS STORY IS CONCLUDED

Presiding Officer of Lower House of Legislature in Which Alleged Graft Was Practiced is Summoned to Testify in the Case.

(By Associated Press) CHICAGO, ILLS., Oct. 7.—With the hearing before the senatorial committee that is investigating the election to the senate of William Lorimer drawing to a close, Lee O'Neil Browne today concluded his story of the election, told for the first time under oath. He denied all charges of bribery.

A subpoena was issued today for Speaker Edward D. Shurtleff, who presided over the session of the legislature that elected Mr. Lorimer. Mr. Shurtleff is expected to testify tomorrow.

Every effort was made today to discover the whereabouts of State Representative Robert E. Wilson, alleged distributor of the St. Louis "jack pot," but without success.

In his testimony today Minority Leader Browne said that he saw Wilson last month and that the latter seemed to be a nervous wreck.

Senator Frazier led in the examination of Browne today. He asked: "Did you receive any money or anything of value for your vote for Senator Lorimer, or your efforts to induce other Democrats to vote for him?"

"No, sir," Browne replied.

"Did you receive any money for campaign purposes, because of your vote or acts?"

"No, not a penny."

HOP MERCHANT SENTENCED.

New Yorker is Sent to Sing Sing for Defrauding Banks.

NEW YORK, Oct. 7.—Adolph Rothbarth, the hop merchant who pleaded guilty to having defrauded various banks in New York out of \$300,000, was sentenced today to serve not less than three and not more than seven years in Sing Sing prison. Ex-Judge Dittenhoefer, counsel for Rothbarth, made a plea for mercy for his client.

"This is the old, old, yet ever new and terrible story of Wall street," he said. "My client was a good citizen until Wall street destroyed him, until he was swallowed up in its maw." Rothbarth received his sentence calmly.

T. R. IS GOING TO CLEAN UP NEW YORK

Colonel Tells Southern People He Has Tackled Job of Improving His State.

PRINCIPAL SPEECHES AT BRISTOL AND KNOXVILLE

Roosevelt Explains That His "New Nationalism" is Intended to Stay On Revolution and Attacks Dishonesty—Advocates Strong Navy to Secure Peace—Helps Lost Boy.

(By Associated Press) KNOXVILLE, TENN., Oct. 7.—The South today gave Theodore Roosevelt a welcome that made him exclaim, "great, by George." Throughout the first day of his Southern trip which took him across Virginia and a part of Tennessee, he received great honors.

The colonel made his first speech and finished breakfast and kept at it until tonight when his train left Knoxville for Atlanta. He said that he enjoyed the whole day immensely.

The colonel talked "new nationalism" today. He defended it from the criticisms which have been declared against it and said that it was not revolutionary but rather was designed to put a stop to things which might bring on a revolutionary movement if unchecked.

The two chief speeches of the day were delivered at Bristol, Tenn., and at Knoxville. In his Bristol speech, the colonel defended "new nationalism," and went after the political bosses, saying that bossism was "the negation of democracy."

Escorted by Cavalry.

Knoxville's celebration was held on the grounds of the Appalachian exposition, where Colonel Roosevelt spoke in the afternoon and again at a banquet tonight.

All of East Tennessee poured out its people and several thousand were present from Virginia. The Eleventh United States cavalry escorted Colonel Roosevelt from the train to the exposition grounds to review a floral parade. As the former president mounted the steps, the band played "Dixie" and the people cheered. The presidential salute of twenty-one guns was given for him.

The colonel spoke at the ball park. He was introduced by Captain Williams, of Knoxville.

Finds Lost Boy

The colonel had barely made a fair start when he was interrupted by the sound of weeping. Some one spied a small boy near the grandstand sobbing violently. The boy was led up the steps and delivered to the colonel who stopped his speech. The boy explained to him, between sobs, that he was lost. The colonel led the small freckled urchin to the front of the platform, where everybody could see him.

"What's your name?" he asked the boy.

"Eccles Nelson," said the boy.

"Where from?"

"Union county."

Colonel Roosevelt shouted out the boy's name and asked if his father was in the crowd. No one claimed the boy at first and the colonel shouted his name again. Then he saw a hand wagging above the heads of the people some distance away.

"Come along," Colonel Roosevelt shouted.

The crowd was so dense that the elder Nelson could not reach the platform for several minutes, but Colonel Roosevelt would not go on with his speech until the boy was restored to his father.

Colonel Roosevelt opened his speech by complimenting the people on their exposition.

Talks on "New Nationalism."

Then he discussed "new nationalism" and the navy.

"I have just come back from a trip on the other side of the ocean," Colonel Roosevelt continued, "visiting as I did several different countries, there are two things that struck me most forcibly. In the first place that we have something to learn, and in the second, that we have something to learn from almost each country. We have plenty of things to learn and plenty of things which we can improve on. I have come in contact with several of them and I am engaged in trying to improve my native city and state of New York. It is quite a job, but we are going to do it."

ARMY OFFICERS START ON TEST HORSEBACK RIDE

Annual Demonstration of Fitness for Field Service is Commenced at Washington.

(By Associated Press) WASHINGTON, D. C., Oct. 7.—In a driving rain, Major General Leonard Wood, chief of staff of the army, and 32 other officers, started from Fort Myer early today on the first army horsemanship test of the year. It was General Wood's first ride on such a test in this country, the object of which is to put officers to a physical demonstration of their fitness for field service. These annual contests were inaugurated by President Roosevelt, but since have been modified in a number of respects.

Today's ride, in which officers stationed in this vicinity participated, had as its objective a camp near Rockville, Md., thirty miles by a round about route.

INDEPENDENCE LEAGUE COMPLETES TICKET

Convention Works in Harmony and Statement is Received from Hearst.

(By Associated Press) NEW YORK, Oct. 7.—The Independence League, which nominated John J. Hooper, of New York, for governor, and William R. Hearst for lieutenant governor Wednesday night, met in convention again tonight and completed its ticket. A straight Independence League ticket was named from top to bottom.

The convention was harmonious and enthusiastic and the nominations were all made unanimously.

William R. Hearst, leader of the Independence League, who arrived from Europe today, did not attend the convention, but a statement from him was read to the delegates by Clarence J. Shearn. He said in part:

"I wrote lately my preference always for a straight Independence League ticket, but I have sacrificed my preference whenever two progressive tickets would merely have divided the progressive vote."

"I say tonight that I would have sacrificed my preferences again if I had felt that a straight ticket would do nothing better than divide the progressive vote."

"I believe that the people generally have come to understand the combination that exists between both of the old parties, on behalf of the privileged interests and I believe that your convention will be heartily thanked by all patriotic citizens, regardless of party for the opportunity that it has given the public to repudiate a corrupt political compact."

"I do not see how any honest Jeffersonian Democrat could support this false Democratic ticket."

"I do not see how any sincere progressive Republican can support this fraudulent Republican ticket."

MEANS MILLIONS OF WEALTH FOR SOUTH

Great Work is Planned by the Southern Commercial Congress at Atlanta.

REPRESENTATIVES FROM ALL DIXIE LAND PRESENT

New Constitution is Adopted and Company is to be Incorporated to Gather Proper Information for Business Development and Carry Out Mammoth Advertising Scheme.

(By Associated Press) ATLANTA, GA., Oct. 7.—In sober business phrases, nearly four score delegates, appointed by sixteen Southern governors, today predicted an amazing growth in wealth and population for the South within the next ten years. Representing the agricultural and business interests of every section of Dixie, these delegates gathered to assist the executive committee of the Southern Commercial Congress in working out a plan for promoting the material development of the South.

As an aid to these objects the delegates drew up a new constitution for the commercial congress which was adopted. Its salient features follow:

New Constitution.

To promote and develop the interests of the following sixteen states: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, West Virginia.

To collect and disseminate information regarding the resources and advantages offered in these states for the safe and profitable investment of capital, and to urge in national government proper legislation for conservation, river and harbor improvement and transportation facilities.

To provide for permanent establishment of the commercial congress, enlargement of its activity, through a permanent endowment fund.

To Create Company.

For handling the endowment fund the Southern Commercial Congress Company is to be created, incorporated under the laws of the District of Columbia. A system of membership fees is provided for, ranging from a life membership for \$1,000 contributed to the endowment fund, and various corporation memberships to membership within reach of individual members able to contribute only small amounts.

A board of 32 governors is created, consisting of the president, first and second vice-presidents and 29 others, elected at annual meetings.

The delegates were in almost continuous session all day, during which many short talks were made.

G. Grosvenor Dawe, of Montgomery, Ala., now managing director of the congress, predicted that literally millions of people would come to the South within the next decade and a half.

E. R. Finney, of Washington, gave facts to demonstrate that over eighty per cent. of the lumber resources of the South are owned or controlled by non-resident capital.

Will Attract Capital.

Atherton Browne, of New York, declared that by an advertising campaign, such as the congress proposes, Brazil, within the last six months, has secured the investment of what ultimately will reach \$20,000,000 of American capital; some of it from the South.

"And," he added, "it seems to me that the Southern people could use such money for development of their own resources."

Thomas F. Field, a native of North Carolina, but now a resident of London, Eng., said that abroad among those acquainted with this congress, it is regarded as the most important commercial movement in this country since the Civil war.

B. N. Baker, former president of the National Conservation Congress, advised the delegates to "start today" by bringing influence to bear upon the administration for the building of the fifteen new steamers of the Panama Railroad and Steamship Company which will touch generally at Southern ports.

SEARCH FOR AUTOISTS.

Persons Responsible for Killing in Richmond Wanted by Police.

RICHMOND, VA., Oct. 7.—Up to noon today the police had absolutely no clue to the identity of the occupants of the car which ran down and killed S. B. Brittain, an inmate of the Soldiers' Home, on the Boulevard Tuesday night. The statement that the police had the number of the car is incorrect. Had this been so an arrest would have been made before this time.

DEMOCRATS AT SEA AS TO CANDIDATE

Committee Appointed by the Massachusetts Convention Fail to Agree on Leader.

(By Associated Press) BOSTON, MASS., Oct. 7.—Massachusetts Democrats were still waiting tonight for the announcement of a regular nominee for governor. At the convention of yesterday and early today, Frederick W. Mansfield, of Boston, was nominated as a stop-gap candidate with the understanding that he would withdraw later to make way for a candidate to be chosen by a committee, but tonight the leaders of the party were all uncertain as to the identity of their next standard-bearer.

The committee of four, appointed by the convention, gathered for a second time this evening, but at its close were apparently no nearer the selection of a candidate than before. The committee adjourned until tomorrow.

Meanwhile Frederick W. Mansfield, of Boston, and Clifton Loring, of Medford, have been settled upon as the temporary candidates for governor and lieutenant governor and their names will be filed with the secretary of state tomorrow, the understanding being that they will withdraw when the committee settles upon who shall be their regular candidates.

(By Associated Press) WASHINGTON, D. C., Oct. 7.—With the work of the eighth International Prison Congress practically concluded, delegates began leaving today after the legislative body had chosen London for the next meeting place in 1915, and had selected Sir Evelyn Ruggles, Bristle, K. STRUCK BY AUTOMOBILE

Wealthy Richmond Business Man Badly Injured.

DRIVER OF CAR ARRESTED

Charles Hutzler is Dashed Considerable Distance When Machine Strikes and is Picked Up from Pavement in Unconscious Condition.

RICHMOND, VA., Oct. 7.—Charles Hutzler, one of the wealthiest and best-known citizens of Richmond, was knocked down and seriously injured at Tenth and Broad streets this morning by an automobile driven by Herbert E. Richardson, an employe of the Gordon Motor Company.

Dr. Moses D. Hoge, Jr., and hospital physicians, after an exhaustive examination, have decided that Mr. Hutzler is suffering severely from internal nervous shock and from many ugly bruises. The question of internal injury is an open one. Such a complication may develop.

Mr. Hutzler had recovered consciousness at a late hour this evening, but was still partly under the influence of opiates given to relieve his sufferings.

Driver Arrested.

Richardson was arrested immediately after the accident and sent to the Second district police station, where he was held later by Lee A. Folger, manager of the motor company. A charge of reckless driving has been preferred against Richardson for the present.

It was raining hard at the time Mr. Hutzler started across the street and his view of oncoming vehicles is thought to have been partly obscured by the umbrella which he carried for protection against the storm. The force of the impact was sufficient to send the victim spinning through space to a spot some distance away. He struck the pavement with great force and was knocked unconscious.

Tangled Up in Umbrella.

Several pedestrians, who were crossing Tenth street from the city hall, ran to the injured man's aid. Among the first to reach him was Detective Sergeant F. C. Bailey. The officer extricated Mr. Hutzler from the broken umbrella, which had become twisted about his head and shoulders, and carried the merchant in the office of Treasurer J. M. Pace in the city hall.

According to S. L. Major, a representative of the Metropolitan Life Insurance Company, Mr. Hutzler was the victim of gross carelessness upon the part of the driver of the automobile. Detective Bailey will summon Mr. Major as a witness in police court when Richardson is given a hearing. D. M. O'Brien, of 523 East Marshall street, was another witness to the collision.

CONVENTION WILL NAME CANDIDATE

Second District Committee Decides on New Plan of Selecting Congressional Choice.

BALLOTS TO BE CAST FOR ASPIRANTS IN PRIMARY

Delegates to be Chosen Will Gather at Suffolk on October 17, Following the Voting at Precincts Next Friday—Four Candidates Are in the Fight—Young Critics Plan Adopted.

(By Associated Press)

NORFOLK, VA., Oct. 7.—Following a long and stormy session, the Democratic congressional committee of the Second district late today decided to hold a convention at Suffolk on Monday, October 17, to nominate a candidate for congress. Delegates to the convention will be named by the various candidates following a primary to be held next Friday. Instead of voting for delegates in the primary, votes will be cast for the candidates and they will name the delegates on a basis of one delegate for every fifty votes cast.

It is an entirely new way of electing delegates and one which was severely criticized by William A. Young, who defeated Harry L. Maynard in the primary of August 23, which was declared null and void by the state Democratic committee.

Mr. Young declared the method of electing delegates was not in accordance with Democratic principles and he intimated that it was done apparently in the interest of an unnamed candidate.

The candidates before the convention probably will be: William A. Young, of Norfolk; Harry L. Maynard, of Portsmouth; E. E. Holland, of Suffolk, and J. Peter Holland, of Franklin.

WOMAN IS ARRESTED FOR MAKING THREATS

Charges are Preferred Against Former Employe of New York Charitable Organization.

(By Associated Press)

NEW YORK, Oct. 7.—Miss Anna Volinsky, forty years old, was taken in custody today charged with threatening Jacob H. Schiff, the banker, and other directors of the Mont fire Home, a charity organization by which she was at one time employed.

Dr. S. Wachsmann, medical director of the home, appeared as the complainant. In his affidavit he said that she wrote threatening letters to Mr. Schiff, Kaufman Mandel, and himself.

The trouble, it appears, began with the woman's belief that she was entitled to commissions for work she had done. The affidavit also charged Miss Volinsky with being of unsound mind.

Magistrate Appleton, before whom she was arraigned, committed Miss Volinsky to Bellevue hospital for observation.

RICHMOND, VA., Oct. 7.—Charles Johnson, the negro shot by D. L. Temple, Henrico county constable, last Monday morning while resisting arrest, died last night at the colored hospital in the city home.
