For Business Use

There are a great many places and occasions when the possibility of getting extra heat immediately effects an economy by decreasing the discomfort of the worker.

It is often a necessity. It is safe, smokeless and odorless. Apply a match, and it gives heat quickly.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for reworking.

The Perfection Oil Heater is finished in Japan or nickel. It is strong, durable, well made, built for service, yet light and ornamental.
