Girlhood and Scott's Emulsion are linked together.

The girl who takes Scott's Emulsion has plenty of rich, red blood; she is plump, active and energetic.

The reason is that at a period when a girl's digestion is weak, Scott's Emulsion provides her with powerful nourishment in easily digested form.

It is a food that builds and keeps up a girl's strength.

A Wilson Heater

Will Save 40 Per Cent. Of Your Fuel Bill

The celebrated Hot-Blast Down-Draft creates perfect combustion, the gases and fumes (40 per cent. of the heating power of wood), ordinarily escaping unburned up the chimney in other stoves, are all consumed and turned into heat in the WILSON. The Wilson is the only heater in the world, which actually burns all of the fuel put into it. The WILSON is air-tight, heat can be regulated to any degree, and will hold a fire for 36 hours. What you save on fuel will pay for a WILSON HEATER in one season. Burns Wood

BRYAN TELLS OF TOUR

Nebraska Delivers a Lecture in Alexandria.

Traveling politics supplied the theme of a lecture delivered by W. J. Bryan Friday night at the Alexandria Opera House, where a large audience heard him discourse on "The Old World and Its Ways." The proceeds of the lecture will be used to carry on the work of the George R. Hill Memorial, a building which has been completed by the congregation of the E. Church South.

At 8:15 the Nebraska was driven to the opera house, where several hundred people had assembled to greet him. Inside the opera house a large audience was waiting, and on the stage were seated many Alexandria ministers and nearly 100 citizens of neighboring counties.

Mr. Bryan's appearance on the stage was a signal for an outburst of cheering. He was introduced by Rev. Dr. C. D. Bulla. Mr. Bryan was presented with a basket of American Beauty roses, the gift of Virginia admirers.

Preliminary to his lecture, Mr. Bryan told several humorous stories. He began in his position in the political field. His lecture related to the experiences of Mrs. Bryan and himself on their trip around the world. He described Stockholm as the ideal summer nation. Constantly people at the capital of the eastern hemisphere. He saw no rivers, he said, to surpass the Columbia and no lakes more beautiful than Tahoe, in California.

TELLS OF HOLY LAND

Of the Holy Land he told his hearers that of the 100,000 tourists who annually visited Egypt less than 4,000 visited Jerusalem, less than 1,000 saw the Sea of Galilee, and not 100 saw the Mount of Beatitudes, where the Sermon on the Mount was delivered. He next spoke of the Himalayas and of China and Japan, the Buddhist temple in Java, and the Temple of Jupiter and the Sun in Sicily.

He told of his audience with the Mikado of Japan, King Edward, the Czar of Russia, and the Sultan of Sulu. In conclusion, he paid a glowing tribute to the American woman, declaring that she stood higher in his estimation than the women of any other nation.

At the close of the lecture those who occupied the stage and several persons in the audience were presented to Mr. Bryan, who was then escorted to the Hill Memorial, where a reception was held.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused either by inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75. Take Hall's Family Pills for constipation.

"THE DOLLAR"

There is no sentiment about a dollar. It rests peacefully in the filthy pockets of a beggar. It is the lifeblood of the millionaire. It is a blanket that covers a multitude of sins. It brings joy today—it's the theme of sorrow tomorrow. It never speaks—it's the hope in hiding. It circulates freely—yet it keeps in hiding. It is the millionaires of the depths of despair.

It comes with the promise of gladness. It leaves many disappointments. It is the trouble at its strength. Yet we can crush it with one hand. It is always the same—yet it's ever changing.

The lack of it promotes industry. The excess of it causes idleness. It creates trouble—it brings peace. It makes one restless—it makes one restless.

It indicates the axle the world revolves upon. Without it we perish. For it is the life of him who has no other life. He can call his own. —Business Man's Magazine.

INVITE A TEST

Goodrick's Pharmacy Ask Catarrh Sufferers to Try Hyomel on Their Guarantees.

Goodrick's Pharmacy invite all who suffer from any form of catarrhal trouble to get a Hyomel outfit from them with their absolute guarantee that if it does not give perfect satisfaction, the money will be refunded upon request.

There is no other treatment for catarrh that in any way resembles Hyomel, none that gives such quick curative results and lasting satisfaction, no medicine that can take its place, none that can be sold on a guarantee like this, to refund the money unless it cures.

Catarrh is a germ disease and can be cured only by breathing Hyomel, so that the most remote air cells in the nose, every heating power, in this way all catarrhal germs are killed, the irritated mucous membrane is healed and catarrh is driven from the system.

The wonderful medicated air treatment does not drug and derange the stomach, but is breathed through a little pocket inhaler that goes with every outfit.

The unusual way in which Goodrick's Pharmacy sell Hyomel attests their confidence in the remedy. 1, 2, 5, 10, 25

CRASH IN FOG ON BAY

BROWN'S PARTNER WITNESS

Tells of Effort to Get Divorce On Condition Brown Would Marry Mrs. Bradley, As He Refused to Live With His Wife.

Washington, Nov. 23.—The trial of Mrs. Annie M. Bradley, on the charge of murdering former United States Senator Brown, of Utah, adjourned until Monday. When the court adjourned the defense had practically completed its presentation of proof, very little remaining except the testimony of experts showing that when Mrs. Bradley shot Senator Brown she was insane. Several eminent alienists have volunteered for this service, and it is now understood they will be called early next week. The hypothetical question which will be submitted to them has been prepared. It contains 13,000 words.

The proceedings in the case were devoted largely to what may be designated as "odds and ends" in the shape of testimony. Mrs. Bradley's mother was recalled for the purpose of clearing up a point; several more of the Salt Lake witnesses were examined as to the conduct and bearing of Mrs. Bradley in that city; Mrs. Bradley's uncle, Lyman Shrewsbury, of California, told of instances of insanity and eccentricity in Mrs. Bradley's family. A number of Brown's letters to Mrs. Bradley were read. The reading of the letters finished the most interesting part of the case. They were filled with mingled protestations of love and reproaches for interest in other men, and stirred Mrs. Bradley to deep emotion.

Judge H. P. Henderson, formerly law partner of Senator Brown, testified to several interviews with Mrs. Bradley, in one of which he had warned her to stay away from his office.

He also told of an effort by both Mrs. Bradley and Mrs. Brown to get the senator to sign a statement that a divorce might be procured.

Judge Henderson declared that Mrs. Brown had been a curse to him and that he would not live with her. He also testified that Mrs. Bradley had said to him she would be blamed for everything and that Brown would escape. She declared that she trusted Brown just as the whole people of Utah had done.

WEDDING IN TWO STATES

George Akers and Miss Venus Sturgill, who eloped from Scott county, Va., were married Tuesday on the State line, in the center of State street, at Bristol. They were accompanied by a country clergyman. The couple stood in Tennessee and the minister in Virginia while the marriage ceremony was performed. The legality of the marriage was questioned, but the couple accepted it.

THE HORSE WAS NOT GENTLE

The taking of evidence was begun in the Norfolk Circuit Court Friday in the \$11,000 damage suit of Amanda Stearn against Antonio Sansone. Mrs. Stearn was injured while driving a horse sold to her by Sansone, who she alleges, guaranteed it to be gentle. She was thrown from a vehicle by the horse running away and received injuries that are stated to be permanent. Seventy-five witnesses have been summoned.

TAGGART TO QUIT NO CLUE TO SLAYER

Will Resign as Democratic National Chairman. Suspects in Burlington Murder Mystery Released.

French Lick, Ind., Nov. 23.—At a conference of the members of the Democratic national committee it was decided to hold a meeting of the committee at Washington on December 12 to select time and place for the national Democratic convention next year. National Chairman Thomas Taggart presided at the conference.

CONFERENCE OF LEADERS WAS A BRUTAL CRIME

National Committee to Meet at Washington December 12 to Select Time and Place for Democratic National Convention.

French Lick, Ind., Nov. 23.—The efforts of the authorities to find the murderer of E. S. Jefferson, the grocer, have so far proved futile, and the mystery of the crime it appears now, may and has been robbery.

William Fox, arrested in Camden, clearly proved to the authorities that he spent Thursday night at the home of a man named Clark, and could not have been the slayer. Fox, however, has committed the crime, and was discharged by the detectives, was discharged with nothing against him after an investigation. It is thought that percentage may have been the motive for the crime. The murdered man appeared as a witness against a number of 'foreigners' arrested here for running away tracks. He called to attention and it is said he threatened to get even with him. He seldom carried more than one dollar in money with him and this was generally known.

William Ridout, a barber, says the murdered man told him that he had been held up on election night by two men who demanded money. He told him he had but 20 cents, whereupon they said they would get square. The murdered man's knife and keys were found near the scene of the murder. After an autopsy, the opinion was expressed that Jefferson had been strangled from behind with the window cord and then fell by a blow on the head.

The murder of Jefferson was one of the most brutal in the annals of Burlington county. The grocer, who was 35 years old, was struck down almost in front of his store. He was strangled by a sash cord tied around his neck, and the body was placed on the rail of the train. He was particularly believing that the body would be so badly mangled as to obscure all traces of the crime.

The train from Camden struck the body. Frank Merrill, the fireman of the locomotive, saw the motionless body lying on the tracks in the path of the train. He called to William Way, the engineer, who put on the brakes. The locomotive struck the body, however, and hurled it a distance of 20 feet before the train was stopped. Passengers and crew alighted from the train. The body lay on one side of the track. The head was crushed in and the sash cord was tightly knotted around the dead man's throat. His pockets had been turned inside out. The watch which he always carried was gone.

Bones of Columbus in Corner Stone. New York, Nov. 23.—Among the relics disclosed by the opening of the metal box which for more than 20 years rested in the corner stone of the old Consolidated Exchange building, at Broadway and Exchange place, now of the York City Club, were the bones of Christopher Columbus. A letter in the urn stated that the bones were obtained from Jesus Castillo, a Cuban engineer, who while repairing the walls of the cathedral in Santo Domingo in 1877, uncovered the bones in a basket covered with a red cloth. The Dominican authorities took charge of the bones, but before Castillo had abstracted a rib from the casket.

Pistol Duel With Thieves. Pittsburg, Pa., Nov. 23.—In a pistol duel between Detective Peters of the West Penn railroad, and five negroes, the officer and two negroes were shot, one negro seriously; two others escaped, and one was captured by Detective Peters. The shooting occurred at Kilmestons Junction, near here, and resulted in the robbery of a hardware store in the vicinity.

Held For Wilful Murder. Bridgeton, N. J., Nov. 23.—James Lovett, who shot Cecil Crawford on November 11 at the West Jersey railroad station in Port Norris, was held for wilful murder by a coroner's jury. It is alleged that the shooting was without provocation. Crawford was shot in the abdomen and died in the Bridgeton hospital on November 13.

Victim of Peculiar Accident. Millville, N. J., Nov. 23.—A fall down a steep hill in West Millville caused matches in the pocket of 10-year-old William Connolly to ignite. When the lad reached the bottom of the hill his clothing was in flames and before he could be rescued he was seriously burned.

Fought With Fork and Scissors. Pittsburg, Nov. 23.—Andrew Malock and Henry Tupper, of Homestead, adjoining this city, quarreled, using a fork and a pair of scissors as weapons. Both men were repeatedly stabbed and are in a hospital in a serious condition.

Tahitian Prince in Police Court. San Francisco, Nov. 23.—Prince Salomon, of Tahiti, was arraigned in police court on two charges, one for defaulting an automobile livery company and the other for failing to pay a board bill.

Big Day at Pennsylvania State College

State College, Pa., Nov. 23.—Pennsylvania day and the dedication of the new agricultural buildings at the Pennsylvania State College will go down in history as one of the largest events in the annals of the institution. Hundreds of people were present to witness the exercises, which were held in the new auditorium. Colonel John A. Woodard presided, and Governor Stuart made the address, in which, on behalf of the state, he presented to the college the new agricultural and dairy buildings just completed at a cost of \$200,000. General James A. Beaver, president of the board of trustees, made the address of acceptance.

Violated the Factory Law. Erie, Pa., Nov. 23.—On complaint of Deputy Factory Inspector M. N. Baker, Alexander Taylor Tombs was arrested on a charge of violating the law in violation of the factory law and of maintenance in office. The inspector charges Alexander Tombs with issuing certificates to two children who were under the proper age and without asking the proper questions that allow them to go to work in local factories.

To Turn Hotel Into Seminary. Easton, Pa., Nov. 23.—Negotiations are under way which may result in the turning of the hotel on the summit of Weygant mountain, being acquired by the Lutheran Missionary Society of Pennsylvania for a young ladies' seminary. The inn, which is beautifully located and has sufficient grounds about it for seminary purposes, is a brick and concrete structure, replacing the frame building burned two years ago.

Harold Manover, Jump From Train. Beaver, Pa., Nov. 23.—After leaping from a fast moving train with his hands manacled behind him, Harry Kerr, a prisoner arrested on a charge brought by his daughter, and being taken to this city, escaped in a boat across the Ohio river. A fuselage of bullets were fired at the man, but he escaped.
