Public Sale Time Tells

Small Tract of Land Near Penola, in Caroline County, Va.

Pursuant to a decree of the Circuit Court of King George county, Va. entered April 11th, 1908, in the chancery cause of Purke, guardian, vs. Stephens, the undersigned special commissioners of the said court will offer for sale, before the front door of the Court-house, in Fredericksburg, Va., on

Thursday, April 30, '08 AT 12 O'CLOCK M.

A certain tract of land near Penola, Caroline county, Va., containing 29.15 acres, being a part of the tract of land of which W. P. Stephens died, seized and possessed, and which portion is on the north side of Pole Cat Creek and adjoins the lands of A. Lewis, J. H. Blackley and others.

Terms Cash.

The land is sold in gross, and not by the acre.
ALVIN T. EMBREY,
W. A. ROSE,
Special Commissioners.

In the Clerk's Office of the Circuit Court of the county of King George, Purke, guardian, plaintiff, against Stephens, defendant. I, E. L. Hunter, clerk of the said court, do certify that the bond required of the special commissioners by the decree rendered in said cause on the 10th day of October, 1907, has been duly given. Given under my hand as clerk of the said court this 11th day of April, 1908.
E. L. HUNTER,
Clerk.

TORNADO IN SOUTH

Swept Over Three States, Leaving a Trail of Death.
NEARLY A HUNDRED KILLED

The Loss of Life Was Chiefly in Quarters of Colored Persons, Whose Homes Were Destroyed—Many Towns Wrecked or Damaged.

Atlanta, Ga., April 25.—A wind of cyclonic proportions swept over portions of Louisiana, Mississippi and Alabama, leaving a trail of death and injured. The number of killed is estimated at close to a hundred and the number of injured at over a hundred, with many portions of the afflicted districts in ruin.

Most of the dead are negroes. Perhaps a dozen white persons were caught in falling buildings and either fatally injured or so seriously disabled as to require medical attention.

The loss of life was chiefly in the quarters of colored persons, where the wind destroyed their cabins, burying the occupants in the debris, or in the farming sections of the country, where trees were uprooted, telegraph and telephone poles torn up and general destruction became an enemy to a storm which swept with almost tornado fury through the country.

In Louisiana a score of small towns were destroyed or partially wrecked. They include Amite City, Arcadia and Independence, Holly Grove, Milton, Loman, Pine Ridge, Quitman Landing, Fairchild Creek, Purvis and Lumberton, Miss., are reported seriously damaged by the storm.

In Alabama Bergen was the chief sufferer. Four or more persons were killed, many persons injured, and the station was destroyed. Cars were blown from the railroad tracks and considerable other property destroyed.

The storm struck Albertville, Ala., and destroyed nearly the entire northern portion of the town. A cotton mill was blown down, the storm razing northward, doing much destruction to life and property. An unconfirmed report from this section gives the death list at from thirty to thirty-five, with scores of persons injured.

Natchez, Miss., reports sixty are known to be dead in the northern Louisiana storm. Hundreds of plantation cabins are reported destroyed in this section.

Amite, a small town in southeastern Louisiana, was almost destroyed by a tornado. The dead are estimated by a physician at from twenty-five to fifty.

HAD BEEN IN A TRANCE

New York Banker Says We Have Been Living in a Prosperity Trance.

Atlantic City, N. J., April 25.—"During the past ten years we have been living in a prosperity trance," said Alexander Gilbert, president of the New York Clearing House association, before the New Jersey Bankers' Association convention. "We have been enveloped in a cloud of delusion, we have been under great business pressure, we have seen the country develop by leaps and bounds. Great corporations have come into existence, largely controlling and dominating the business situation. A dozen Aldrich bills, or other currency reform measures, could never revert or tide over a panic. Scarcity of currency does not create panics. It is undue expansion of commercial credit. The banker wants a larger reserve, not currency. Seven-eighths of the business of the country is done on credit."

Jilted, Plans Burial and Kills Himself.

Pittsburg, April 25.—After preparing everything except his own winding sheet, and settling the date of his funeral for Sunday, James Sedlach, a young butcher, took in one hand the photograph of the eighteen-year-old schoolgirl who had cast him aside, and, looking at the photograph, shot himself. On the chair beside the bed was his Prussian army uniform, which he asked to be buried with him. He had bought a pair of gloves during the afternoon, these lay near. Letters to members of the family declared that since he had lost the love of his sweetheart life was not worth living.

Sues For Peg Leg.

Indianapolis, Ind., April 25.—A replevin suit for a wooden leg now being worn by Perry Carpenter has been filed in court by an artificial limb manufacturing company. As the leg is attached to Carpenter's body the constables cannot seize upon it and bring it into court, but the owner has been summoned to appear in person. There is a doubt as to whether the leg can be taken away from Carpenter, even if judgment is pronounced against him, as the limb is said to be legally a part of his person.

Two Banks Closed.

Oil City, Pa., April 25.—The Farmers' National bank, of Emlenton, Pa., with a capital of \$50,000, and the First National bank, of Clintonville, Pa., with a capital of \$25,000, both in Venango county, were closed by the comptroller of the currency. It is believed the suspension is only temporary and that the stockholders and depositors will lose nothing.

DUC DE CHAULNES DIES

Nobleman Who Wedded Miss Shonts Suddenly Succumbs.
EXPIRED IN WIFE'S ARMS

He Was Stricken in Bed and Died in a Short Time—Duchess Overcome With Grief—Tragic End of Honey-moon.

Paris, April 25.—With the arms of his bride of less than three months clasped about him, Emmanuel Theodore Bernard Marie D'Alberge de Chaulnes, fifth Duke of Chaulnes, and Marguerite Marquis de Langeau, died suddenly from heart failure in his bedroom in the Hotel Langham, in the Rue Boissier. The attending physicians officially gave the cause of death as embolism of the heart.

A doctor who examined the body testified that the duke certainly was natural, but that it had been hastened by the excessive use of morphine, to which the duke had been addicted for eight years.

The Duke de Chaulnes and the Duchess, who was Miss Theodora Shonts, youngest daughter of Theodore P. Shonts, of New York, were married in New York on Feb. 11 of this year. The wedding was a brilliant social function, and the end of the brief honeymoon was sudden and tragic. Since the arrival of the couple here a month ago they had lived comparatively quiet at the Hotel Langham, taking an occasional automobile ride in the afternoon and in the evening dining with intimate friends or going to the theatre.

The duke for years has suffered from a weak heart, and for some time had been the subject of fainting spells. Several times since his arrival here he consulted Dr. Henri Lacocque in an effort to obtain relief from his ailment.

Thursday evening the duke and the duchess, both in the best of spirits, returned from a drive in the Bois de Boulogne. They dined in their private apartments, and an hour after dinner the duke complained of feeling ill and retired. About eleven o'clock he was suddenly stricken, gasped for breath and immediately lost consciousness.

The duchess was seized with panic and screamed for aid. A maid who responded to her cry was hurriedly dispatched for Dr. Lacocque, while the hotel manager summoned another physician. The two physicians arrived simultaneously at the bedside of the sufferer and administered the most powerful of heart stimulants, but their efforts were in vain.

The duchess was holding the duke in her arms when he expired. She was overcome by grief and could not be persuaded by some of her American friends, who visited the apartment, to leave the bedside of her dead husband, and kept vigil there throughout the night.

Theodore P. Shonts was notified by cable of his daughter's bereavement, and a message was received from him saying that he would take the first steamer leaving New York and come to Paris. The duke's family was notified, and his sister, the Duchess D'Uzes, who was at Biarritz, started immediately for Paris.

In accordance with traditions of the French nobility, the funeral will be a pretentious function and will attract to Paris the representatives of the most ancient families in France, with which the duke's family is allied.

Baby Didn't Like His Face.

Paterson, N. J., April 25.—Just because her first husband's baby did not like her second husband's face and cried all the time he was in sight, Mrs. Etta Pries, of Stonetown, has filed a suit in the divorce court. When they were married Pries failed to reckon with the fact that the minister who assumed his role of stepfather to the infant it conceived a violent dislike to him. At night the baby woke up and, recalling its stepfather's face, would cry. "Ham," said his wife to him one day, "the fact is the baby just can't endure your face. 'I'm sorry," said Ham, "but I am not responsible for this face. Hereafter it's me or the kid. Take your choice." Mrs. Pries chose the baby.

Girl Repairs Wheel at Windmill's Top.

Wilkes-Barre, Pa., April 25.—Miss Lettie Boody, of Rupert, near here, lately climbed a ladder to the top of a windmill, eighty feet from the ground, and repaired a wheel, after two men had tried, lost their nerve and descended. A wheel was out of order, and Miss Boody's father sent his gardener to repair it. Each man "limbed about half way up the slender ladder, but a high wind was blowing and they dared not go further. When they came down Miss Lettie pushed them aside and climbed without hesitation to the top, repaired the wheel and descended, cheered by all who saw her feat.

Churchmen Pretext For British Cabinet.

London, April 25.—Winston Spencer Churchill, the newly appointed president of the board of trade, was defeated for reelection in the northern division of Manchester. The seat was won by W. Tomkinson-Hicks, the Conservative candidate, by a majority of 429 votes. Never in the history of Manchester, and seldom in the annals of British politics, was there a fiercer or more bitterly contested election than that which ended in the most signal significant defeat sustained by the government since its assumption of offices under the most favorable circumstances.

Child Killed By Mother's Medicine.

Erie, Pa., April 25.—Bernard, the two-year-old son of Bailey B. Nagel, president of the Pennsylvania Boiler works, and grandson of T. M. Nagel, is dead, as the result of taking medicine prescribed for his mother.

DeWitt's Little Early Risers, Infamous Little Blue Pills, Sold by M. M. Lewis and W. L. Bond.

GREAT AUTO RACE

Italian Car, Driven by American, Finished First.
FIFTY MILES AN HOUR

About 100,000 People Watched Dare-Devil Drivers in 259-Mile Road Race at Biarritz, N. Y.—Several Minor Accidents, But No One Was Injured.

Biarritz, N. Y., April 25.—A streak of red, leaving behind a comet-like trail of blue smoke, flashed through series of cheering thousands, shot over the finish line at Biarritz Manor, going at sixty miles an hour, and returned Frank Lewis Strang, an American, driving a fifty-horse power Italian car, the winner of the Biarritz fifty-mile road race. The fast flying machine had covered the 259 miles of the twisting serpentine course that threaded its way through the sloping hills in 5 hours, 14 minutes and 13.75 seconds. Strang's machine was in front all through the contest.

The fifty-horse power Italian car had scarce left from the racing line when Cedrino, also driving an Italian car, whizzed by the grand stand, capturing second honors of the contest and covering the circuit in 5 hours, 21 minutes and 5.25 seconds. Cedrino made a mighty spurt in the last part of the contest and established a new record for 25.4 miles. Guy Vaughan, in a thirty-horse power American machine, finishing Cedrino closely for second honors at the last lap, was third, while Herbert Lytle, in a fifty-horse power American car, was fourth, and Paul Sartori, driving a forty-horse power Italian machine, was fifth. The time of Vaughan was 5 hours, 28 minutes and 29.25 seconds, while Lytle covered the course in 5 hours, 29 minutes and 15.25 seconds. Sartori's time was 5 hours, 33 minutes and 45.50 seconds. The judges officially declared the race off when Sartori crossed the finish line. Three other machines of the twenty-two starters were on the course when the race was called off, to prevent accidents to the great crowd of spectators, numbering about 100,000 persons.

There were several minor mishaps during the contest, which compelled the withdrawal of several racers, but no one was injured.

There were tremendous bursts of speed when the contestants entered upon the eighth and last lap. The starter flattered a green flag as a signal for the final circuit as Strang approached the judges' stand. Opening his lever to the highest speed clutch, Strang sent the red car over the course for the last time like a meteor and finished winner by a comfortable margin.

Almost abreast as they swept by the judges' stand Cedrino and Vaughan began a spirited fight for second honors, and it was not until near the finish line that Cedrino darted to the fore and took the prize for the place.

No More Irons In United States Navy.

Washington, April 25.—In five minutes on Wednesday, April 23, a bill to abolish iron and double irons in the United States navy after others had tried it for years. The punishment has been inflicted on crews since the days of Columbus. It was during the reading of the naval appropriation bill that Senator Nelson, of Minnesota, introduced a bill to abolish iron and double irons in the United States navy after others had tried it for years. The punishment has been inflicted on crews since the days of Columbus.
