

No Cause To Doubt.

A Statement of Facts Backed By a Strong Guarantee.

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will return the money paid us for it. That's a frank statement of facts, and we want you to substantiate them at our risk.

ReXall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

ReXall Orderlies are unsurpassable and ideal for the use of children, old folks and deli-

cate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets, 10 cents; 36 tablets, 25 cents, and 80 tablets, 50 cents. Remember, you can obtain ReXall Remedies in Big Stone Gap only at our store—The ReXall Store—The Kelly Drug Company.

If Henry C. Stuart would consent to make the race for Congress next year, he would have fair wind and clear sailing, and his election would be foregone conclusion. The race he ran last year would be nothing to compare with what he would do were he to "hik his flint and try it again." The party in the district is in far better shape now than it was in 1910. However, it would not be treating the next governor fair to have him lead a second charge unless "Bareus is willing." The Old Guard never followed Napoleon with more confidence than would the Democratic legion of the Ninth district follow the leadership of Henry Carter Stuart for Congress.—Norton News.

Population Of Virginia.

Washington, D. C., Dec. 13.—A preliminary statement of the white and negro population of Virginia, by counties and independent cities, as shown by the returns of the Thirteenth Decennial Census, taken as of April 15, 1910, was issued today by Director Durand, of the Bureau of the Census Department of Commerce and Labor. The statistics were prepared under the direction of William C. Hunt, chief statistician for population in the Census Bureau, and are subject to later revision.

The total population of Virginia in 1910 was subdivided as to color as follows:

White, 1,379,809; negro, 571,096; all other persons (Indians, Chinese and Japanese), 707. The equivalent figures for 1900 were: White, 1,192,855; negro, 660,722; all other, 607. For 1890 they were: White, 1,029,122; negro, 635,438; all other, 420.

The negro population constituted 32.6 per cent of the total population of the state in 1910, as against 35.6 per cent in 1900 and 38.4 per cent in 1890.

There has been an increase in the negro population since 1900 of 10,374, or 1.6 per cent., which was less than half the rate for the preceding decade, for which the increase was 25,284, or 4 per cent. The white population practically maintained the same rate of increase from 1900 to 1910 as from 1890 to 1900, the increase being, respectively, 166,954, or 14.5 per cent, as against 172,733, or 16.9 per cent.

Below is the population of each county in the Ninth district.

	WHITE	NEGRO
