**WISE PRINTING COMPANY,**  
Incorporated.

GILBERT N. KNIGHT, - Editor.

One Year, - - - \$1.00  
Six Months, - - - .50  
Three Months, - - - .25

Entered according to postal regulations  
at the post-office at Big Stone Gap as sec-  
ond-class matter.

**SUBSCRIBERS** are earnestly re-  
quested to observe the date  
printed on their address slips,  
which will keep them at all  
times posted as to the date  
of the expiration of their sub-  
scription. Prompt and timely  
attention to this request will  
save all parties a great deal of  
annoyance.

The attention of the citizens  
of Richmond Magisterial Dis-  
trict is called to the notice of  
E. J. Prescott, supervisor for  
this district, appearing else-  
where in this issue of the Post,  
requesting them to meet in the  
town hall at this place on next  
Saturday afternoon at 3:30  
o'clock for the purpose of dis-  
cussing the advisability of is-  
suing district bonds for the  
completion of the macadam on  
the roads already graded in the  
district. It is desired that  
every one who can will come  
out to this meeting prepared to  
express their views on the sub-  
ject. If the sentiment is in  
favor of bonds it is the inten-  
tion of petitioning the courts to  
order an election to be held  
some time in December. At  
least two of the other districts  
in the county will vote on bonds  
and it is desired to have the  
elections in the various districts  
held at the same time. The  
Richmond district can well af-  
ford to issue bonds sufficient to  
complete all our roads, and  
every one who can should come  
out Saturday afternoon and  
discuss and hear discussed the  
plans to be proposed and de-  
cide on the amount necessary  
to do the work. Good roads  
has already done a great deal  
for this district and it would be  
folly not to complete at least  
those that have been graded.

Eating lunch every day in  
ten minutes is another form of  
speed mania that is responsible  
for many deaths.

Explorers in New Mexico re-  
cently have found a prehistoric  
flat, but even the janitor had  
become extinct.

There is a shortage in the  
cranberry crop, but thus far no  
shortage in the turkey crop has  
been reported.

Scientists claim they have  
discovered the germ of measles  
by experience on apes. But  
measles is not a thing to monkey  
with.

A Pennsylvania woman suing  
for divorce charged that she  
has had but two new dresses in  
twelve years. No stronger  
case of extreme cruelty was  
ever made out.

Some men are born liars,  
some have to lie for a living,  
and some lie because their  
wives are too inquisitive.

A Pennsylvania man died at  
a ball game while rooting for  
the winning team. From a  
"fan's" view he died at the  
summit of earthly bliss.

Kaiser Wilhelm is afflicted  
with rheumatism, which hurts  
quite as badly in German, we  
are informed, as it does in Eng-  
lish.

The New York commissioner  
of police had his pocket picked.  
Under present conditions in  
that city this seems like adding  
insult to injury.

**Another Fatal Automobile  
Accident.**

While taking a load of pas-  
sengers from the Monte Vista  
Hotel to the L. & N. depot,  
about 8 o'clock Friday night,  
C. C. Long's 16-passenger au-  
tomobile overturned when it  
struck a mud hole in a treach-  
erous, narrow place in the road  
near the depot, resulting in  
slight injuries to P. A. Kidd,  
of Knoxville, Tenn., and Mr.  
Long, and fatal injuries to  
Joseph Amos, the colored por-  
ter at the hotel who lived until  
about 5 o'clock Monday morn-  
ing. All of the passengers were  
more or less shaken up and  
bruised.

The dummy was out of com-  
mission on account of a derail-  
ed car blocking the track on  
East Fifth street, hence the  
auto was called into service  
and had made one trip with  
trunks and returned for the  
passengers who were those  
mentioned above and C. E.  
Willmot, of Cincinnati, Man-  
ager and Mrs. R. L. Parks, of  
the Monte Vista and L. T. Win-  
ston. The place where the ac-  
cident occurred is generally  
considered dangerous and we  
learn that Mr. Long, who was  
going comparatively slow, prob-  
ably 8 or 10 miles an hour  
tried to regain the road but  
could not and car slewed head  
foremost over the bank where  
it turned on its side pinning  
Mr. Kidd and the porter under  
it. Mr. Long, who is known as  
a careful driver stayed at the  
steering wheel until the car  
quit rolling, and the other pas-  
sengers remained in the car ex-  
cept Amos who, some think,  
jumped, and in the direction of  
rather than away from the  
overturning car.

Amos was unconscious and  
remained so until his death.  
He was liked by his employer  
because of his faithfulness and  
numbered among his friends  
the traveling public and citizens  
of Big Stone Gap, because of  
his ability to scatter sunshine  
and at the same time keep in a  
darkies place. His remains  
were prepared for burial by W.  
W. Taylor and sons and sent to  
Brooklyn, Ga., where his peo-  
ple live, for burial.

**V. I. C. & C. Company  
Makes Coal Record.**

The Virginia Iron, Coal and  
Coke Company in October  
broke all previous coal output,  
having mined a total of 155,-  
833 tons. The Toms Creek  
Mines alone ran 110,171 tons as  
against their previous record of  
104,188 tons.

The fact that these latter  
mines are served by three lines  
of railway has helped materi-  
ally on car supply, as the lost  
time on this account, during  
the period mentioned amounted  
to but about three whole days.

Of the coal shipped from  
Toms Creek, 63,851 gross tons  
were dumped over Lamberts  
Point piers into steamers and  
vessels on account of their Bon-  
ton and Maine rail road con-  
tract.—Roanoke Times.

Mr. Antony Foster died of  
old age at his home five miles  
east of town Friday evening.  
The burial took place Sunday.  
He is survived by his wife and  
several children. We are in-  
formed that Mr. Foster was  
eighty-six years old. He lived  
a quiet, peaceful life and was  
esteemed as a good man by his  
neighbors and acquaintances.

**A Delightful Halloween Party**

Misses Fannie Johnson and  
Mary Barron were the charm-  
ing hostesses at a delightful  
Progressive Halloween Party  
on last Thursday evening. The  
guests assembled at Miss Bar-  
ron's at eight o'clock and were  
met at the gate by two witches  
who led them to the parlor,  
which was profusely decorated  
with leaves, pumpkins and  
jack-o-lanterns. There old  
time games were indulged in,  
such as bobbing for apples,  
whirling the plate and punch-  
ing for fortunes which were in  
pennant shells.

At ten thirty the guests were  
led by the witches across the  
street to Miss Johnson's. The  
house was decorated in autumn  
leaves, jack-o-lanterns, strings  
of corn and shocks of fodder.  
In the dining room the myster-  
ies of the future were unfold-  
ed to the delighted guests by a  
witch, who was consigned in a  
booth made of fodder. At  
twelve o'clock the guests were  
served with delicious refresh-  
ments consisting of sandwiches,  
pickles, pumpkin pie, hot cho-  
colate, cake and coffee.

Those present were, Misses  
Fannie and Louella Johnson,  
Mary Barron, Hannah Kibler,  
Mattie Brown, Lillian Head,  
Gladys Lyle, Edna Catron,  
Thelma and Mary Baker, Kath-  
leen Knight, Mary Skeen and  
Mrs. Frank Kibler. Messers  
John Johnson, Jerome and  
Robert Wells, Henderson Hors-  
ley, Willie Baker, Charles  
Young, Charles Fowler, Her-  
bert Brown, Peter Wolfe, Billie  
Mathews, James Kelly, Walter  
Nickels and John Gilly.

**House Burned.**

Tony Nard, a prosperous  
Italian farmer living in the  
Wild Cat Valley, near Oreton,  
had the misfortune of getting  
his dwelling house and all his  
household effects burned on  
last Wednesday night. The  
loss also included about \$250.00  
in money that he had saved up,  
and was expecting to deposit  
in the bank in a few days. It  
is not known how the house  
caught fire, but there is some  
suspicion that it was of an in-  
cendiary origin.

**PRIMBLE  
POCKET  
KNIVES**

What's more used (or  
abused) than a pocket  
knife? And we don't  
know of a pocket knife  
that's used more than  
the PRIMBLE—nor one  
that will stand more  
abuse. We don't know  
of a knife—the world  
over—that has better  
blade-quality, edge-retaining-  
quality than the PRIMBLE.  
It's the knife of good service  
and long service.

The handles are secure.  
Blades are perfectly fitted.  
The spring action is depend-  
able and the blades do not  
work loose and wobble after  
constant use, nor will they  
project and catch in your pocket.

The PRIMBLE blade is  
forged from best English steel,  
and your protection lies in the  
PRIMBLE shield (etched  
on blade) which marks it as genuine.

Don't you think it would be well to  
provide yourself with a really good  
pocket knife—in fact, the best  
to be had? Our line of  
"PRIMBLE" includes the pat-  
tern and size you prefer.
