### ANNOUNCEMENT.

Yielding to the many solicitation of my fellow citizens, both republicans and democrats, I hereby announce that I am a candidate for Mayor, and, if elected, will favor an economic administration of the business of the town, and the enforcement of ALL the ordinances of the town, against ALL violators of the same. The Big Stone Gap boys are making an effort to re-organize the brass band at this place and should be given the hearty support of every citizen in town. They have five players now and expect others soon and will, by the Fourth of July, have an up-to-date band. They will give a band concert at the Athletic Park Sunday afternoon at four o'clock, and you are invited to come out and hear them practice. Encourage the boys, for Big Stone Gap ought to have the best band of any town in Southwest Virginia, as there is lots of good band material here.

Spirella Corsets are made to wear every day. You need not save them for Sunday as the boning is unbreakable and will not even take a permanent bend at the waist line. Take off that old dirty corset that you are wearing, and throw it in the fire and get you a Spirella that you can keep as clean as any other garment. No trouble to show you the most comfortable corset on the market.—Phone 33.

The musical recital on last Wednesday night at the school building, given by the music pupils of Mrs. S. A. Bailey, was very interesting and much enjoyed by those present. In the rendering of the various pieces each pupil showed the able and efficient training they had received during the past year. So marked was this improvement in some instances that it was freely commented upon. Mrs. Bailey is a splendid teacher, and to further prepare herself in her chosen profession she left Monday night for Cincinnati, where she will spend several weeks at the Conservatory of music in that city. Her daughter, Miss Janet Bailey, accompanied her.

### Wednesday Afternoon Club.

### Paul Gilmore's Associate Players.

If I can secure the names of a certain number of theatre goers we shall be assured of Paul Gilmore's Associate Players here in their great New York success "The Havoc", with a magnificent production and electrical effects.

A date is being held pending the result of my report. As a special inducement to those who help me to guarantee this attraction and who will sign a list I will present to you. The seats which ordinarily sell at one dollar and fifty cents, will be sold you for one dollar. Those will be the choice seat sale in advance of the regular sale at which time those who sign the list will be allowed to choose their seats. I have read the actual criticisms clipped from the newspapers in the different cities in which the company has appeared all speaking in the highest terms of the attraction. Understand, you will be saving 50c on every seat if you sign the list now, and at the same time enable me to meet the guarantee required. And if we are able to show results with this attraction, others of the same high class will follow.

Mr. Gilmore will be saving us the trouble and expense of a trip to New York or to a near by city by bringing to our doors a New York company and production and now is the time for the people of this city to show by their patronage that they want high classed companies to play here. Inasmuch as Mr. Gilmore carries a very expensive company and production, he must use this method and be assured of a certain attendance before he closes definitely his contract for an engagement in our city.
