

Let's Us Good Folks Stick Together

I might have been an Eskimo— or an Indian— but I'm just a real Southern Gentleman—

I'm mighty glad I was born a real Southerner. Just suppose I had been an Eskimo, or an Indian, or something with rings in my nose and ears!

Yes, sir—I am good and proud of my Southern birth. My mother is from Virginia and my father is from the Carolinas. I was born and raised down here among you all.

I wish you could see my home—it is so clean and bright and cheery and wholesome—the finest, whitest, healthiest tobacco factory in all the world.

I am called SOVEREIGN—King of Them All! But my middle name is Smoke, friend—and all over the South my loyal friends are with me, because

You Folks of the South KNOW good blood!
You Folks of the South KNOW good tobacco!

I want you all for my friends—every one of you. Give me a chance—see how I make good. And don't forget—

I am guaranteed by *The American Tobacco Co.*—Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.

Mendota Man Praises Tanlac

After Taking Five Bottles He Felt Better And Had Gained About Fifteen Pounds.

"I suffered from indigestion, my symptoms were that I would fill up with gas after meals and stomach would be sore," said H. C. Fugate, of

Mendota, Va., a farmer, and in continuing he said, "I bought Tanlac because I thought it would benefit me and after taking five bottles I felt better and gained about fifteen pounds."

When the digestive organs go wrong food clogs in the intestinal tract, ferments and generates foul gases, causing a sore, sour, gassy stomach, pressure in chest, around heart and in sides. It causes constipation, nervousness and headaches. One usually wakes in the morning lacking energy, sleep was poor, tongue is coated and breath is foul. Your head is dizzy and the brain is sluggish. Really when one is suffering from indigestion and stomach trouble they seldom feel like working, eating, sleeping, or enjoying life.

Get a bottle of Tanlac, help nature back to normal, stimulate appetite and digestion, and your whole system will become rejuvenated. Ask friends who have used it or get a bottle today at the Mutual Drug Company, Big Stone Gap, or at Cox Brothers, Dryden, Va.—adv

CALOMEL DYNAMITES A SLUGGISH LIVER.

Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headache, constipated and all knocked out, just go to your druggist and get a 50-cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.—adv.
