HUMANITY AND THE LIBERTY BOND

Never in history has such suffering been caused by war as at the present day. Millions of men have been killed or wounded and millions in one form or another crippled for life.

To help bring this awful condition to an end is the duty and privilege of every man, woman and child in America.

Everyone who subscribes to the Liberty Bonds does his or her part in liberating the world from the horrors of the present strife.

Let everyone then realize their duty in supporting the Government by the subscription to the Liberty Bonds, that America may be the great power which will end this war and all its horrors.

To the Farmers of Virginia

The people of the United States have been called upon to make a second loan of \$3,000,000,000 to their government.

Another ruinous practice that should be stopped, by law if necessary, is the practice of slaughtering very young animals, particularly calves and lambs.

in financing the nation in the hour of its need.

For these reasons I appeal to all farmers in Virginia to come forward and subscribe for such amount of the forthcoming bond issue as the condition of each will permit and thus strengthen their title to a foremost place in the ranks of the great army which, although left at home, is animated by the same spirit of courage and sacrifice as that which is to bring us ultimate victory on the field of battle.

HENRY C. STUART, Governor of Virginia.

The Meat Question

The present exorbitant prices of meat, together with the reported scarcity of hogs and cattle, should cause the farmers of this country some concern for the future.

Now it is perfectly evident that if we are to continue to the heavy demand upon our resources we will be compelled to conserve the source of supply.

In plain words, we must bend our energies to breeding more live stock of all kinds.

The feeding season is close at hand, and the farmers and stock growers will soon begin to sort out the stock that is to go to the slaughter.

With the present high prices, the temptation should be resisted. Each man should study for the future, and do his best to keep up the available supply.

Another ruinous practice that should be stopped, by law if necessary, is the practice of slaughtering very young animals, particularly calves and lambs.

But above all things do not destroy the source of supply—the females. Intelligent attention to this detail is absolutely necessary if our meat supply is to be kept up to the great demand that will continue to be made upon it for some time to come.

Piano and Organ Cheap

A very fine high grade piano and a sweet toned handsome organ for sale cheap for cash or on easy terms.

To the American citizen who gives some consideration of features of his investments other than the mere money return from them, the uses to which the money raised by the sale of the Liberty Loan Bonds is to be devoted will prove patriotic to those who purchase such bonds.

Death of Mrs. Malissa Slemp

News was received here Sunday morning of the death of Mrs. Malissa Eunice Slemp, at the home of her son, U. S. Slemp, in Powell's Valley.

Mrs. Slemp was the widow of the late Capt. Henry Clinton Slemp. She was Miss Heyburn before her marriage. She was born in Turkey Cove, Lee county, Va., in 1842, and had reached the age of 75 years.

By Midnight Wednesday Sept. 12th

Up to midnight, September 12th, during a period of 8 1/2 months, we sold and delivered to tire dealers more United States Tires than we sold to dealers during the entire 12 months of 1916.

This phenomenal sales increase was made notwithstanding our epoch-making sales increases of 1916 over 1915. These record-breaking sales increases of 1917 over 1916 and our record-breaking sales increases of 1916 over 1915 definitely and finally prove three facts:

- 1. The supremacy of United States Tires. 2. The fact that the vast army of automobile owners who used United States Tires in 1916 are using them in 1917 on the sheer merit of their experience. 3. The fact that another vast army of automobile owners have been won over to the use of United States Tires in 1917 on the sheer superiority of our tires over other tires that they have tried.

United States Tires Are Good Tires. Includes a circular logo and text: 'A complete stock of United States Tires carried by MINERAL MOTOR COMPANY, Big Stone Gap, Virginia'.

Alpha Brahe Slemp. The six surviving children are: Mrs. Lizzie E. Cox, of Rye Cove; U. S. Slemp, of Powell's Valley; Mrs. Jno. R. Bailey, Turkey Cove; Mrs. J. C. Bailey, of Colorado Springs, Cal.; Mrs. Anna Meyers, and P. W. Slemp, of Powell Valley.

Mrs. Slemp made a profession of faith in Christ early in her life and united with the Methodist Episcopal Church. She lived a devoted christian life, with regular habits of religious worship.

Clothing Man Gains 35 lbs by Taking Iron

Says Six Fifty Cent Bottles Brought Relief After Ten Long Years of Suffering

TELLS WHAT KIND OF IRON HE RECOMMENDS

"I was troubled with my stomach for ten years, and in that time I bought almost every kind of medicine and couldn't begin to say how much I took or paid out for medical service, yet nothing did me any good. Then I began using Acid Iron Mineral and I don't think I had taken more than six fifty cent bottles when I began feeling better than I ever did. I only weighed 145 pounds when I began to take Acid Iron Mineral and now I weigh 180 pounds. It is a pleasure for me to recommend it to anyone who has symptoms of indigestion or stomach trouble and if they will try it I am sure they will find it everything I have said it to be," writes W. T. Cash, proprietor of a well known clothing, shoes, hats, and men's furnishing store in Bristol, Va.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child, I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time. I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. about my taking Cardui. He said, 'It's a good medicine, and good for that trouble,' so he got me 5 bottles. After about the second bottle I felt greatly improved, before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."
