#### Mrs. Marion Slemp Dead.

Last Saturday morning the community was shocked over the unexpected death of Mrs. Marion Slemp, who lived down in the Cove near Olinger, which occurred at the residence of Mr. Slemp's brother, Hugh Slemp, here in the Gap, where she was operated on two weeks ago.

Her remains were taken down to her home Saturday afternoon and were buried Sunday afternoon in the old Slemp Graveyard in the presence of a large number of relatives and friends.

Mrs. Slemp, who was twenty-seven years old and three months, was Miss Bertha Burchett, daughter of Mr. and Mrs. William Burchett, who live twelve miles below Jonesville, and was a faithful member of the Baptist Church all her life.

Rev. J. B. Craft, pastor of the Baptist Church of the Gap, preached her funeral.

Mrs. Slemp is survived by her husband and two small daughters one five and the other two years old, her parents four sisters and three brothers and a host of friends who mourn their loss.

#### Contribution Received with Thanks.

Mr. C. S. Carter, president of the Board of Trade, is in receipt of the following letter from the president of the Canadian Bank of Commerce, of Halifax, to whom he sent the funds raised at the benefit entertainment held recently at the Amuzu Theatre for the benefit of the Halifax sufferers:

Dear Sir:—Your letter of 19th instant affords us very real pleasure, and we beg you will in as public a manner as possible assure all the people interested how deeply their kind thought and action are appreciated in this stricken city.

## DEERING DISK HARROW

The farmer of today has come to realize that progress in the world's affairs depends largely on the proper advancement of agricultural methods and kindred pursuits. He must pay closer attention to the proper tillage of the soil and to the correct preparation of the seed bed. This is one of the reasons why he should be particularly interested in the disk harrow. He realizes that this instrument is revolutionizing farm methods and that by its use he can force the soil to yield its full share where it formerly produced little.

This implement can be seen at our store and we invite your inspection.
