Baptist Sunday School Rally Day Next Sunday.

We are expecting 150 people in the Sunday school next Sunday morning. Our young people are working hard to give us a good special program, and we shall all be disappointed if the parents and friends of the school are not with us.

The Sunday school begins at 10 o'clock. There will be a brief study of the lesson, as usual, and then the school will reassemble for the special program. These exercises will be interesting to everybody. The Sunday school will use part of the preaching service hour, so we will not have the regular morning sermon.

The pastor will preach as usual in the evening at eight o'clock.

Let us all remember the revival meeting which is to begin the first Sunday in April, and pray and work for a blessed season of revival. We extend an urgent invitation to the people of other churches, and all the people of the community, to cooperate with us in this work.

Again, let me urge every member of our church, and every member of the Sunday school to be with us at the Sunday school rally day program next Sunday. Everybody welcome.

A. L. SHUMATE, Pastor.
